Blame The Record—

copies of The Record each Wednesday afternoon.

Temporarily, a number of copies have been included in each carrier's sack—known to us as "samples"—with the selfish motive in mind that those who are not now subscribing to The Record may learn for themselves what they've been missing. If they see the light, we've accomplished our mission; but if darkness still beclouds their vision about matters pertaining to their home neighborhood, our conscience will be clear. Just give us an "E" for effort.

Now about that "Wednesday-Thursday" dateline, which has resulted in so much confusion. That, we assure you, will be taken care of fully and completely, come next week. Your next edition will definitely read: "The Hilltop Record, Wednesday, March 23, 1965."

Suffice to say, those who live outside the confines of the Hilltop area have not been disturbed one whit by the matter referred to above. They'll continue, as in the past, to receive their copy of The Hilltop Record by mail on Thursday.

'TIS MYRTLE THE TURTLE WEARIN' THE GREEN—Jimmy Ryan, manager of the Point Furniture Store, Central Point Shopping Center, holds Myrtle the Turtle, appropriately decorated to mark the firm's annual St. Patrick's sale. According to Jimmy, Myrtle was imported directly from the ol' sod for the occasion, but hasn't found the water in the store's aquarium exactly to her liking. "Frankly," he says, "she's shrunk." Unless Myrtle shrinks to obscurity, she'll be sporting her colors all during the sale.

'Longhouse' Of Hilltop Indian Guides Planned

More than 80 Big and Little Braves (fathers and sons) are expected to attend the first annual "Hilltop Nation Indian Guide Longhouse" from 7:30 to 9:30 p. m. Friday, Mar. 18, at the new Westgate Park shelter house.

Longhouse Big Chief Two Bear (Frank Watts) will preside at the session and host tribes will be the Wyandottes, Kickapoos, and Cherokees. The program will include a welcome by Watts; stunts and tricks by Bob Schmidt, executive secretary of the Hilltop YMCA and Longhouse Medicine Man; and possibly the appearance of a professional magician. Light refreshments will follow the program.

The Indian Guide movement, sponsored on the Hilltop by the Hilltop Y, has grown from one tribe two years ago to nine tribes at present. Growth of the movement for fathers and sons, six years and up, has been especially rapid in the past six months, according to Medicine Man Schmidt, and 10 more tribes are expected to be formed within the next year.

Recently, a mother and daughter Indian Maiden program was instituted by the Hilltop Y and now boasts four tribes.

Mrs. Stanley Holmquist, sister of the bridegroom, served as matron of honor. Her floor-length gown was of pink taffeta and she carried a cascade bouquet of white roses.

The bridesmaids were Miss Judy Scott, who wore a yellow taffeta gown and carried pink roses, and Miss Phyllis Metcalf, whose gown was in aqua taffeta with yellow roses.

Mr. Melvin Dodge served as best man and seating the wedding guests were Mr. Stanley Holmquist and Mr. Wilmer Schwinn.

The mother of the bride chose a navy blue taffeta gown with matching accessories and wore a single orchid. The bridegroom's mother wore a pink taffeta frock with navy accessories and an orchid.

The reception was held at the church immediately following the ceremony. Serving as senior hostesses were Mrs. Norman Fleming and Miss Dorothy Jones and as junior hostesses, Miss Pat Fleming, Mrs. Ronald Morehouse and Miss Sally Lucke.

The new Mrs. Moore is a graduate of East High School and attended Ohio State University. She is a member of the staff at Glenwood Recreation Center. Mr. Moore was graduated from Delaware Willis High School and Ohio State University. He is employed by the City Recreation Department as director of Glenwood Recreation Center.

Betty Furness Impresses Localites With Poise, Charm

By Betty Daft

BETTY FURNESS

Sure to captivate any woman is breakfast table talk of clothes and children interwoven with plans for future triumphs in an already exciting career. Betty Furness, "the Westinghouse girl," hostess to a press breakfast we attended last Thursday, discussed herself and her plans with an easy informality.

She was in Columbus to meet Westinhouse dealers from all over the country Wednesday evening. It was my pleasure, along with Mrs. C. Carlton Hartley, to represent this paper at the breakfast at the Deshler-Hilton Thursday morning. Following the breakfast she flew back to New York, and returned Friday afternoon to address another group of dealers.

Miss Furness' big news was the announcement that she would play the starring role in the Apr. 18 Studio One program, "Affairs Of State." She readily admits her excitement at the prospect of again playing a dramatic role.

The attractive super saleswoman owns all her clothes, is careful to buy things that are adaptable to television appearances as well as private life wear, and dismisses as "silly", the idea that she should discard an outfit after wearing it only once.

Her teen-age daughter, Barbara, who recently appeared on a Westinghouse commercial with her famous mother, hopes to become an actress, and will enroll in a school of theatre.

St. Agnes Masses To Be In Hall

Rev. Robert Schmidt, pastor of St. Agnes parish, announced Sunday the opening of the new parish hall at 2350 W. Mound-st, for parish meetings.

Since the founding of the new St. Agnes parish, in May of last year, members have been meeting for Sunday Mass in the West Mound Street School. Beginning next Sunday, Mar. 20, the hall will be used for both Sunday and daily Mass, and for parish meetings.

The time of Masses on Sunday will be 7, 8:30, 10, and 11:30 a. m. On all other days of the week Mass will be offered at 6:30 a. m.

These arrangements will continue until work in the church is completed sometime in April.

WEST BROAD PARENTS GROUP

The Parent Education Group of West Broad Street School will meet Mar. 22, 1:30 p. m. in room 5. "Forewarnings of Delinquency" will be the topic. A film will be shown. Mrs. Charles Saunders will lead the discussion and Mrs. Talmadge Cruwshaw, devotions.

Pre-school children will be cared for.

Rev. Mills Invited To Be Guest Leader

Rev. Delbert S. Mills, pastor of Avondale Evangelical United Brethren Church, has been invited to be guest leader at the Evangelism rallies in the Erie Conference of the Evangelical United Brethren Church, Mar. 14 through Mar. 18.

He will speak at both the afternoon and evening sessions and his itinerary will be: Mar. 14, White Memorial Church, Buffalo, N. Y.; Mar. 15, Port Allegany Church, Port Allegany, Pa.; Mar. 16, Degolia Church, Degolia, Pa.; Mar. 17, Frewsburg Church, Frewsburg, N. Y.; and Mar. 18, Corry Church at Corry, Pa.

HBA Hears Report On Bills Before Legislature

A report on the present session of the Ohio Legislature was made made Tuesday evening at the monthly session of the Hilltop Business Association by George Koch, special assistant to the executive secretary of the Ohio Council of Retail Merchants.

He explained several of the bills now before the legislature and the possible effect their passage might have upon business men. The importance of legislators receiving the expressions of opinion on pending bills from business men was stressed by the speaker, who declared the weight of these expressions would be felt in final passage or rejection.

New members or firms accepted into the organization at the meeting, held at the Colony Restaurant, were H. W. Postlewait, Clay Printing Co., Walter Davis of The Hilltop Record, Hilltop Office Supply, Kaiser Candy Co. and Super Duper Market.

A. Witt To Address Kiwanikwe

Mrs. Noble Allen, Sr., newly-elected president, will preside at the Mar. 22 meeting of Kiwanikwe at 8 p. m. at Camp Chase American Legion Hall, 2211 W. Broad-st.

Hostesses for the evening will be Mrs. Otto Best, Mrs. Harry Parker, Mrs. Walter Bonnell, Mrs. Elmer J. Hegenberger, Mrs. Herbert Deems, Mrs. James Miles, Sr., Mrs. Charles Ditrick, Mrs. Vernon Fiscus, Mrs. George Williams, Mrs. Ted Stetham, Mrs. Howard Lloyd and Mrs. Ed Schaedler.

Arthur Witt, superintendent of Concordia Lutheran School and head of Civil Defense, Zone 4, will be guest speaker.

Kiwanikwe members are selling license tags for Kiwanis to carry on their work for the children at Franklin Village.

TEEN TROUBLES

by John Douglas, M.D. and Mary Douglas

Question: How can you keep a boy from parking without hurting his feelings or making him mad?

Answer: If you've known each other for some time — and you like him — be sweet about it, but firm. Say, "Chuck, I've had a wonderful time this evening but, believe it or not, I just don't go for parking sessions. Let's go on. O. K.?"

If he's a new date, or if he's a bit too breezy — better get him told fast.

You can say, "If you're just testing the gear-shift, o. k. . . . otherwise, I'd better tell you that I don't go in for parking sessions. Let's go one home and have some cokes and sandwiches." (If you've just had a coke, make up another excuse.)

If he tries to argue, be nice but firm. Any decent fellow will start the car moving again if you'll say, "Look, Ted, I went out with you because I liked you. Now, if you like me — take me home."

After you've succeeded in turning him toward home, start talking about the things he likes. Make the rest of the evening happy for him. Then, if he's a right guy, he'll like you better for having refused a parking session.

If he isn't a right guy — what difference does it make what he thinks?

Question: Are pick-up dates all right?

Answer: No.

Any girl who goes on a pick-up date is begging for trouble. People are not always as nice as they look and pick-ups can expose a girl to all sorts of immoral and unscrupulous persons.

Make it a rule, under all circumstances, day or night, to say "no" to any kind of pick-up date.

Teen agers: Send your questions to TEEN TROUBLES care of this newspaper.

Hilliards then gained possession and stalled out the remaining time, to win by four points the first championship for the Hilliards school since 1930.

Hilliards players and their scoring performances in the game include Pritchard, 16; Adkins, 5; Kidwell, 3; Pence, 6; and Russell, 2.

SPRING SPEEDUP TO START SOON—Above is the 50-acre site of the Great Western Shopping Center on W. Broad-st, which officials of the Don Casto organization, developers, say will be ready for grand opening before Christmas. Several stores in the $15 million project, however, are expected to be occupied this summer. Brick work is proceeding rapidly on the center itself, the long row of buildings to the right, with steel framework practically completed on other buildings. The J. C. Penney Co. and the Woolworth building, directly under the S in the directional sign, are among the firms which plan to open this summer. The long building above the Great Western lettering is the W. T. Grant Store. Officials of the Casto organization declared that work should speed up considerably by the end of March. (Hilltop Record Photo)

Badminton and Tumbling Exhibitions Staged At Glenwood's Open House

The Buckeye Boys Club of Glenwood Recreation Center staged a tumbling exhibition at the center's recent Open House.

The members demonstrated a tip-up head stand, forward roll, backward roll, combination forward roll, and the double roll.

Paul "Willy" Wilson then demonstrated some advanced tumbling, which included such stunts as the cartwheel, round-off, handspring, head spring, and routines combined various stunts.

The Buckeye Club tumblers included Jimmy Blackburn, John and Jimmy Bentz, David Kirch, Timmy O'Dea, Paul and Bill Shee, and Keith McGlaughlin.

The badminton exhibition was staged by Bill Quinn, Bill Karn, Steve Fetherolf and Pete Caborn, with Paul "Willy" Wilson announcing.

A short history of the game was given and the fundamental strokes demonstrated by the players. A regular game was then played to give the spectators an idea of how the game is played.

SCOUT-O-RAMA—Hilltop Scouting organizations were well represented at the annual Scout-O-Rama held Saturday and Sunday at the Manufacturers Bldg. at the State Fairgrounds. Among the many Scouters from the Hilltop with booths at the exhibition was Pack 41 of the Burgess Avenue EUB Church, whose handicraft booth is shown above. At this particular moment, the booth was staffed by Den 6, one of nine dens in the pack. Left to right are Mrs. M. Poole, Michael Bryant, Den Mother Den 6, one of nine dens in the pack. Left to right are Mrs. Ben Buck, and Mrs. Richard Combs. Handicraft articles were made of such materials as leather, copper, paper, and tin cans. (Hilltop Record Photo)

Site Readied For 'Future' Hilltop Shopping Project

Bulldozing and other land-clearing operations in the 50-acre plot directly north of the Great Western Shopping Center site on W. Broad-st at Wilson-rd are currently "only a matter of ensuring good appearance," a spokesman for the Don Casto organization, center developers disclosed this week.

The same spokesman added, however, that the cleared property will eventually be the site of a new development. Progress Enterprises, Inc., a separate corporation, will be formed for the express purpose of adding up to 50 additional stores and department stores to the existing center. Leasing agent for the new project, which could become a reality within the next five years, according to the spokesman, will be Don M. Casto, Jr. and Harley C. Schofield, with Joe Shilkes as construction agent.

He definitely asserted, however, that the plot adjacent to Great Western "might remain the same for years to come. It's main purpose is to make the approaches to the shopping center look inviting."

West Park Gains Second Place In YMCA Intermediate Loop

By Harry Graphel

In a well-played mid-board tangle game, West Park Methodist this past week climbed into second place in the Hilltop YMCA Intermediate Basketball League by defeating Burgess Avenue EUB 66-46. The game was zip and tuck throughout and wasn't decided until the final two minutes when Trott and Yahn of Burgess fouled out of the game.

Dick Wells and Charles Deyo were the stars for West Park, hitting for 16 and 12 points respectively. Karl Davis and Ed Yahn scored 14 and 10 for Burgess.

Hoge Memorial Presbyterian took the measure of Hillcrest Baptist 51-23 as Dick Witter tossed in 20 points and his teammate, Bobby Brokaw, racked up 16. Gary Erlenbach again led the Hillcrest squad with 13 points.

After a listless first half, the West Senior Hi-Y Club came to life in the second half to make a game of it before bowing to Hilltop AC 44-36. Jim Waldo with 12 tallies and Walt Dolder with eight led the Hilltop attack although all of the other starters hit with regularity. Bill Borland with 15 and Bob Wilkins with 17 carried the brunt of the load for Hi-Y.

Columbus Foremen's Club Sells Family Memberships In Zoo To Finance Bldg.

A city-wide campaign to sell $1 family membership tickets to the Columbus Zoo is now underway. The Foremen's Club of Columbus and its 13 Affiliated plant clubs have set a goal of 25,000 tickets for this year.

Funds realized from the sale of these tickets will be used to erect a Foremen's Building at the Zoo, which will house lions, tigers, and other members of the big cat family. The building, made of masonry, will contain seven cages with glass screens and will cost approximately $50,000. The Foremen hope to raise this amount of money within two years.

The $1 family membership ticket will admit two adults and all children under 12 years of age at the Zoo as many times as they wish to visit it during 1955.

"BEST TRUST"—Among the highlights of the annual and unpredictable Spring Roundup of the Hilltop Kiwanis Club, held last Thursday evening at Hilliards High School, was the appearance of this "bevy of beauties." They represented the June Taylor Dancers in a Jackie Gleason skit put on by both members of the Hilltop and West Franklin County Kiwanis Clubs. Left to right are Harry Parker, Wally Bennett, Jim Foote, Ray McVay, Bob Weaver, and Don Best. Other highlights of the evening included the traditional separation of man and wife, with chance determining the dinner partners, an amateur talent show by students of Hilliards High, and a drawing for prizes, which included such "valuable" items as live rabbits, and a bushel of corn. "THE HONEYMOONERS"—Jackie Gleason can retire was the consensus of the audience last Thursday night at the Spring Roundup of the Hilltop Kiwanis Club, when an amazingly accurate burlesque of the popular television show was presented. Pictured in the lead roles of "The Honeymooners" skit are Hilltop Funeral Director Noble Allen as Ralph and Mrs. Jerry Simenson as Alice. Russ Carter, chairman of this year's Roundup, took the role of Norton, and Mrs. Evan D. Morgan as Trixie. Both square and round dancing followed the entertainment. (Hilltop Record Photo)

Juvenile Bureau Officer Speaks To Hilltop Community Council

Representatives from more than 20 Hilltop service organizations were present at the Hilltop YMCA to hear a report from the juvenile division of the Columbus police department, presented at the Hilltop Community Council meeting last Thursday evening.

Officer Steve McDonald, addressing the group, stressed the need for more workers, as only a few policemen are assigned to cover the entire city at night. He also stressed close cooperation of service groups, churches and schools and declared that a group of social workers could alleviate the heavy load of probation officers.

Officer McDonald stated the juvenile problems had improved in the last five years on the Hilltop.

From the Columbus State School, Lloyd Ferguson and Dr. Butcher spoke on the question of inmates leaving the grounds and they referred to the school as a small "community within our community."

Members of Council were much impressed by the methods used to help these people to as near normal living as possible and duriar [illegible] and answer session in [illegible] concerning all phases of work at the school was given.

SHAMROCK
Dear lowly shamrock, growing
In Ireland's grassy ways,
The old, old winds are blowing
Your tale of ancient days
'Round chapels, roofless, failing,
Grim in their gray despair:
Through glens where echoes call-ing
Drift through the twilight air,
Blowing where steeples soaring
Into the tender blue
Repeat the tale, adoring
The God the good Saint knew.
To somber Druids preaching,
The shamrock's leaves he showed -
Apt symbol, subtly teaching
In glen and shadowy wood,
Of Three in One uniting,
Joined, yet each separate,
The Ageless Mystery lighting,
Godhead Illuminate.

SHEILA
Sheila, macushla,
the stars in your eyes
make stars in the nighttime
fair blink with surprise.
The leprechauns giggle
and dance in their glee
when they hear your singin'
a-bubblin' so free.
Sheila, macushla,
had 'ess to the b'y
who'd ever be bringin'
a tear to your eye.
The white Kerry road
is the white of your hands
and your hair is the sun
on Killarney lake sands.
Ah, sweet your name is,
like curlews in May.
I'll give you all Erin

You are proud, as proud
as the Rock of Cashel
and your laugh is the sound
of a far-away bell.

MY GIRLS
God gave me boys:
He knew that I — an only child —
Knew little less than nothing of
His young:
And boys will surge to manhood,
blissfully
Regardless of pale sentiment re-straint
And "mother-hen" ado.
The years went on:
One day the grown-up boys came
home
And brought their mates — two
shy and trusting girls
Who fitted in our family circle like
They always had belonged. And
then God smiled
And said, "You have your girls."
Laverne Brown Price, in
Sunshine Magazine.

Jean Trott, Hilltop Record, sent in the above poem which she said was reprinted in her church magazine — EUB Telescope - Messenger. She said, being the mother of two teen-age boys — and marriageable some day — the poem pleased her and she thought other mothers of sons might like it too. Thank Jean if you like the poem. I do.

Thinking back — When St. Patrick's Day comes around I think of my Irish Grandfather. At the time "Going My Way" was so popular I remember that practically the only critic who did not praise the show said Barry Fitzgerald over-played his role. An Irishman always just naturally "over-plays" whether off-stage or on. Barry Fitzgerald and my Grandfather were as alike as two leprechauns, only I believe G-pa had the edge on him when it came to blow-ups. But G-pa's never lasted more than two minutes, then he was meek as a lamb, that he was.

Mail — From Fort Smith, Ark.: We do not have severe weather in Arkansas. I have lived here four years and have never seen it get colder than about ten above and that is very cold for here. As I write this (Feb. 28) it is seventy. I'm a transplanted Yankee from New York and lived in your Ohio for a while when I was a child. Ohio I love too . . . From Columbus: (The writer is crippled with polio) The more outside contact I have with people, the more I realize that being handicapped is mostly in my head. It constantly surprises me that people actually don't think of me as being handicapped or on crutches at all. So I'm the one who has to stop thinking "I'm just not capable of doing that or going there." I just have to go ahead and do it or go, without thinking. It is a very thrilling idea to me. I've never felt sorry for myself, but just didn't have any confidence in my being able to get around and do things.

A. Godfrey wit: A bigamist is a heavy fog in Italy . . . Frances B. Mehlek, on the old-fashioned kerosene lamp:
The lamps which people used to squint at
Produced results too sad to that at:
To study by its feeble glow
Was to encourage vertigo.
Optical notes might make one suffer,
But reading them was even tougher.

Route Not Set For New Electric Line Crossing Hilltop

A combination overhead and underground electric transmission cable connecting the Columbus & Southern Ohio Electric Co. substation at Wilson-rd and Valley-view-dr with the Hess-blvd station will probably get underway some time this fall, it was disclosed this past week by C & SOE officials.

Work on the link will await completion of the current project of installing five miles of underground cable south along Indianola to Seventh-av, and west along Seventh and King-ave to the Hess-blvd station, which is designed to boost capacity on the far north side.

Surveys have not been completed on the plan to link the Hess-blvd station with the Wilson-rd substation and it is not known at this time the route the cable will follow on the Hilltop, said Fred Campbell, manager of the company's transmissions department. He added that the portion of the cable laid underground would cost the company $150,000 per mile, compared to $32,000 per mile for overhead cable.

HTR—SMALL FRY
"Peace be unto you until we meet again next Sunday."

Obviously a "man of cloth," as you can see both from the material draped over his head and the pose of hand and face, is seven-month-old Joseph Aiello, son of Mr. and Mrs. Joseph F. Aiello, 849 Wiltshire-rd. We think you'll agree that this portrait will be treasured ever the years.

MINUTE INTERVIEW

MRS. JOHN A. MOORE, 66 N. WESTMOOR-AV, "We need new developments in a community that is growing as fast as the Hilltop is. I believe there would be a lot of benefit from having an airport in this area and I'm in favor of any development that will help the Hilltop."

MRS. JAMES R. CARMICHAEL, 327 S. SOUTHAMPTON-AV, "Columbus seems to be moving West. With such plants as General Motors and Westinghouse to the west of the city, I think an airport nearby is needed."

MRS. A. O. JETTER, 758 WILTSHIRE-RD. "I'm not sure. There are lots of housing developments so close to the airport, that I would need to think about it before commenting."

MRS. J. H. LANG, 3044 OLIVER-ST. "I believe it is a good plan. An extra airport should certainly help Columbus business."

MRS. T. K. LATHAM, 22 S. WESTGATE-AV, "There's a lot to be said on both sides of the question. I'm really not sure what would be best."

"The City is considering the purchase of Sullivant Avenue Airport, to be operated as an auxiliary city airport. What do you think of the proposal?"

"Getting to know your children"

—Mrs. Clara Savage Littledale

"To paraphrase the song . . . getting to know your children is wonderful!

"So much to do together. Questions to be thought through. Books to be read. The out-of-doors to be shared.

"When we speak and act truthfully, forgive easily, are kind, loving, eager to share . . .

"When humility touches our happiness . . .

"When together parents and children come to know the beauty and healing of scripture and hymn . . .

"Then parents communicate their belief in God to their children. And help them find a deep abiding faith of their own."

Light their life with faith . . . bring them to worship this week

Glenwood Methodist 'Cinches' Y Junior Loop Hoop Championship

By Dick Wilson

Glenwood Methodist cinched the Hilltop YMCA Junior Church Basketball League championship last Saturday after convincingly defeating second place Westgate EUB 47-21. This gave the Methodist a string of 13 consecutive victories, with only the "weak" Community Christian team to play.

Stan Huff and George Tittle led the victors' offense with 10 points apiece. Jeff Dum, star Center for the Westgate EUB five, led the game scoring with 14 points.

Westgate Methodist edged a scrappy Hoge Memorial Team to the tune of 29-27. The Methodists led the first quarter by one point and the Presbyterians led at the half by one point. The Presbyterians led the third quarter by one point, but the Methodists tightened their defense to hold the Castle-coached team to 10 points. Meanwhile, Dave Plummer accumulated 11 points to gain the victory. Spencer led the losers' offense with seven points, while Plummer led the victors' with 13. Bob Smoot played a good floor game for the Hoge Five, while Dave Ewing starred as a playmaker for the victors.

The Hilltop AC was defeated by the West Jr. Hi-Y in another close game. The lagle-coached five had a 16-4 first quarter lead, but as the game progressed the lead diminished. Dick Rice and Jay Hess led the victors' offense with 14 and 12 points respectively. Kent Morris was the offensie star with 18. Johnny Herold starred defensively for the victors, while Wilson looked good defensively for the losers.

Community Christian forfeited to Burgess EUB when it failed to field enough players. Burgess EUB defeated a pickup team in a practice game, 28-27. Roger Brun led the scoring for the victors with eight points.

Next Saturday will officially close the league. On Monday, Mar. 28, an All Star team, composed of two players from each team, will play the Hilltop YMCA coaches at 8 p. m. at West High School gym.

West's Baseball Squad Starts Its Spring Practice

By Woody Owen

West High School's baseball squad began practice [illegible] during the past week in preparation for the coming city league season, with some 45 candidates reporting to Head Coach Gene Pierce, who is beginning his second year as Cowboy helmsman.

It is a little too early to make any predictions, but this year's squad should have plenty to say about who will capture the 1955 title.

Eight letter winners reported for the initial workouts. They include:

Pitchers — George Watkins, Bill Spratley and Bob Courtney, all right handers, and Southpaw Dana Deshler, of whom great things are expected; Catcher — John Edwards, who saw service as an infielder during the 1954 season; Infielder Ray Williams; and outfielders Gary Nebinger and All-City Karl Davis.

Davis may be shifted to the short-stop position in an attempt to fill a big gap in the inner garden, which Jim Vincent had very capably filled for the past three years.

There are also several fine looking sophomore prospects up from West Junior High, with several of them having better than an even chance of breaking into the starting nine.

Sr. All Stars Win At Glenwood Fete

The senior boys All Stars were the only all star team to post a victory during Glenwood Recreation Center's Open House last week.

The senior All Stars played the Hilltoppers on Thursday, Mar. 10, and emerged with a 37-32 victory. The game was close throughout, with the Hilltoppers holding a slight lead up until the final four minutes. At this point the All Stars rallied to push themselves ahead, and they managed to maintain their lead until the final gun.

Kenny Metzler of the All Stars copped game scoring honors with 14 markers. Paul Lombard and Bob Kern collected 10 apiece for the Hilltoppers.

The junior All Stars lost their game to the Jailhouse 5 by 30-16. The All Stars started off slow and didn't reach their form until the last quarter, but by this time the victors had a sizable lead built up which the All Stars were unable to overcome.

Dave Thomas collected 10 points to lead the Jailhouse 5, while Carl Brown contributed seven to the All Stars' cause.

The Celtics, intermediate league winners, trounced the intermediate All Stars 40-30. The game was a rout all the way, the quarter scores reading 9-4, 21-10, and 31-16.

Stan Huff led the victors with 12 points.

Pendergast Rolls 144 To To Glenwood Jr. Bowlers

Jim Pendergast rolled a 144 to top the Glenwood Bowling league for the week of Mar. 7. Norm Esterbrook's 239 was high for two-game series. Esterbrook also leads all bowlers with an average of 106.

Bill Quinn, with a 105 average, is in second place, while Jim Pendergast, Jay Hess, and Louis Nobile are third with 104.

The King Pins still lead the league with a 28-4 record. The Indians are second with 19-13, and the Hilltoppers and Wildcats are third with 18-14 records.

Highest team game, 908, was rolled by the Pin Busters, and they also took honors for the highest series, 1609.

Free Chest X-Ray Program Aims At 725 Families In Rome Area

At a PTA meeting last Thursday night, representatives of organizations throughout Prairie Township pledged their support to the first free chest X-ray program scheduled to take place in this area on Apr. 6, 7, and 8.

The chest checks will be provided free through Christmas seal funds by the Tuberculosis Society of Columbus and Franklin County.

Although the program will aim to find TB among the apparently healthy, the checks will also reveal such chest abnormalities as lung tumors, cancer, and cardiac conditions.

Mayor D. J. Kunz, 3266 W. Broad-st, New Rome, will serve as chairman of the citizens' committee for the three-day program. Other committee members are Mrs. Harold Distelhorst, 1581 Alton-rd, Galloway, speakers' bureau; Paul S. Noblitt, 223 Lenox-av, school committee; Rev. Melvin Oehrtman, 180 Lawrence-av, churches and special distributions; Mrs. Edward Sheets, 48 Buena Vista-av; block committee; Mrs. John W. Mattern, 220 Maple-dr, x-ray hospitality; and Knute Ritzman, 374 Lawrence-av, business committee.

Mrs. Richard Otte and James Casto, both of Lincoln Village, will have charge of arrangements in their area, and Mrs. Harold Distelhorst will be chairman of promotion in Galloway.

Detailed plans for the three-day Prairie Township program will be mapped tonight at Mayor Kunz' office.

Meanwhile, committee members announced they would saturate the townships with handbills announcing the project. These flyers will be distributed door-to-door, through school children, business establishments, and churches.

The committee will attempt to furnish a speaker to all clubs and organizations meeting between now and the start of the program.

Volunteers to serve as hostesses and clerks on the X-ray cruiser and on the block committee for door-to-door flyer distribution are needed, Mayor Kunz said.

The committee aims to X-ray all adults in the 725 families represented in the area of New Rome, Lincoln Village, Galloway, Alton, and Mix Addition.

The project follows closely on the heels of a patch-testing program recently conducted at Prairie Township School. More than 700 youngsters participated in the tests. Patches were furnished by the Tuberculosis Society and applied by the county nurses.

The families and close contacts of all children with positive reactions will be urged to come to the cruiser during the three-day program in an attempt to find possible hidden TB — the child's source of infection.

All results in the x-ray program will be confidential.

HILLTOP DENTISTS AND DOCTORS VICTIMIZED

Had Trouble Cashing Personal Checks Lately? This Might Be The Answer

By G. E. Graham

This is the story of a Hilltop "paperhanger"—a story that brings the pain of an aching tooth or a sprained ankle to the 10 Hilltop dentists and doctors who are tied up in it.

But first of all, maybe I'd better explain the term "paperhanger." It refers, in this case, to a bad check artist. And, I might add, a very good bad check artist as far as bad check artists go. This particular one shows promise of going a long way and for quite a length of time at the expense of the state of Ohio.

I got the first inkling of the story Thursday when I took my son to the dentist. The tense atmosphere of the dentist's waiting room was getting on my nerves. I had read all the magazines and was feeling just a little ashamed that my son, in the dental chair, was holding up under the strain better than I was. Dentists' offices just get my goat I guess.

Then, all of a sudden, this fellow in the pin-striped suit walks in, strides purposefully to the dentist's operating room, and asks, "Is this the girl, doc?" At the same time he pulled from under his arm a portrait.

When the dentist replied, "Yep, that's her; I'd recognize her anyplace," I figured I was on the trail of a story. And, I was.

Former Hilltopper Donald Wood, who recently traded his home at Denver-rd and Wicklow-av for one out on Karl-rd, was the city detective investigating the case and the fantastic story he told goes something like this:

A Miss Georgia Ann Marquis, 34, and rooming on S. Burgess-av, had duped 10 dentists and doctors and one grocer with phony checks since she started working the Hilltop on Feb. 15.

Her technique varied but little. She usually approached the dentist or doctor with some plausible story of needing an examination for some complaint. She told a couple of her victims that most of her ailments traced back to a motorcycle wreck some few years back when she broke her jaw in a bad spill.

At other times, she utilized colds or headaches to gain simple treatment. The cost of examination and treatment varied from $3 to $8. Then, Detective Wood said, she pulled the sympathy act of how she needed to have a check cashed.

Usually, she said she had earned the money by doing housework for someone just down the street. Her stories were plausible and the checks were small. So, the victims usually cashed the $30 to $50 checks, wished her good luck, and that was that—only to have the checks bounce back in their faces a few days later.

You might say that audacity was her middle name in one instance. That was when she walked consecutively from the office of a dentist to the office of a doctor, to the offices of another doctor—all in the same building—and pulling the same check ruse on each of them.

"That must have been one of her best days," Detective Wood said. "Ordinarily, she'd wait a few days between operations."

She varied the trick only slightly when she "took" the grocer for $24. Basically, she used the same "MO" or method of operation in each case.

Last week, at the regular luncheon of Hilltop physicians, her description and operating technique were thoroughly aired. Hilltop doctors began accepting checks only from old, established patients. It was the alertness of these doctors, who began to spot Miss Marquis from time to time that permitted Detective Wood to brake the case so rapidly. Fact is, he was only investigating the case about three days.

Friday night, he arrested her at her rooming house home. Official records show that the "artist" is five feet five and one-half inches tall, weighs 180 pounds, has dark brown hair, gray eyes, and is on probation from Bellefontaine, O., on a felony charge.

She came to Columbus last December and has worked at several

Greetings On Wednesday Evenings

There is a change in your Hilltop Record this week . . . the date line now reads Wednesday instead of Thursday . . . which means that effective today the Record will be delivered to homes in the Hilltop area by carrier boy on Wednesday evening.

Residents outside the city will continue to receive their copies of the Record on Thursday by mail.

This change, we feel, will be of considerable interest to our readers and especially since a very large percentage of them will now receive their paper Wednesday afternoon rather than wait till the next morning's mail.

In setting up this new carrier boy plan we are also in the process of setting up some 65 young men of this community in a business for themselves. We are proud to be able to offer this opportunity to a fine group of boys of this community.

We ask our readers to advise us in event their paper is not received any Wednesday evening and we assure you of a paper in a short time. Your further comments on this change and the service you receive will be appreciated.

The Gay Philosopher says: "Friendship, business, democracy and bank have a common dependency on a man's faith in his fellow men."

Kiwanis Auto Tag Branch Lists Special Hours

It could happen to you! We mean that YOU could be one of those poor unfortunates who receives a greetings notice from the Columbus police on Apr. 1 for not having the new 1955 license plates on your automobile.

To help you avoid the expense and inconvenience of such a communication from the police, the Hilltop Kiwanis Club-sponsored Auto License Bureau at Westgate Electric, 3655 W. Broad-st, has arranged special hours for your convenience, according to Don Rice, chairman of the sale.

From Thursday, Mar. 24, through Thursday, Mar. 31, the branch will be open from 9 a. m. to 9 p. m.

Lenten Prayer Seeks Deeper Understanding During Season

By Rev. Paul D. Dunn
St. Paul's Evangelical Congregational Church

Our holy and gracious Father, we desire to know and understand Thee better during these Lenten days. Through the account of Thy temptation shall we learn the way of victory over sin. Through the record of Gethsemane shall we learn to do Thy will. At the foot of Golgotha shall we learn the joy of sins forgiven.

In the dawn of resurrection morning shall we learn the truth of life beyond the grave. Grant, our Father, that these lessons might be learned well in order that we might permit our lights to shine in a world of sin and darkness. Through Jesus Christ our Lord. Amen.

WFCO To Elect And Install New Officers

Election and installation of new officers will highlight the meeting of the West Franklin County Association, Inc., at its meeting at 8 p. m. Monday, Mar. 28, in the Prairie Township Elementary School on Norton-rd.

In addition to a slate of candidates offered members by the nominating committee, nominations may be made by members from the floor. Included in the session will be discussion of several zoning and other problems of local government.

Besides the election of new officers, members of standing committees will be named during the evening.

Mayor Kunz of New Rome has stated definitely that the press of other duties will not permit him to be a candidate for re-election.

Ordinance Makes Six Hilltop Streets One-Way

If it works in the next 60-day period, the one-way streets authorized for the Hilltop by city council Monday night, will become permanent. The test ordinance designates all streets between Wayne-av and Hague-av as one-way from Broad to Mound-sts.

Southbound streets will be Terrace, Burgess, and Warren-sts, while northbound streets will be Richardson, Ogden and Harris-sts. Wayne was made a southbound street last fall at the same time Eureka was made northbound.

WOMEN'S GOP CLUB TO MEET

The Women's Republican Club of Ohio will hold its regular meeting at the Deshler-Hilton Hotel on Apr. 1 at 8 p.m. Mrs. Jerry Speers, Jr., will be in charge of the program.

Five Hilltoppers Hurt In Five-Car Downtown Crash

Five Hilltoppers suffered minor injuries in a five-car crash set off by a runaway auto at Broad and High-sts last Thursday.

Cars driven by Mrs. Wilma Sohl, of 891 Woodbury-av and Mrs. Jessie Cave of 603 Crescent-rd were among those struck by a car whose driver, John Iozzi of Baltimore, Md., had apparently "blacked out."

Mrs. Sohl suffered chest pains, nose injury, and bruised thigh. Mrs. Cave received a cut arm, bruised knee, and chest injuries. Her husband, George, suffered a bruise on his head. Mrs. Fritz Hewell of 136 S. Powell-av, suffered chest injuries as did Mrs. Jemimah Lyday of 65 S. Westmoor-av. The injured were treated at Grant Hospital.

Iozzi slumped over the wheel of his car, setting off the car's horn. The blaring horn caused pedestrians to turn around giving them time to scatter from the path of the speeding car. Investigation officers said it was a miracle no pedestrians were hurt. The crash came at the height of the evening rush hour and tied up traffic at the intersection for nearly an hour.

Freak Storm Monday Morn Causes Varied Damage Here

JETS SALE TO AID YOUTH—Richard Jones, 899 Campbell-av, a member of Boy Scout Troop 225, listens attentively as David A. Davis, general chairman, explains details of a campaign to help boost attendance for the Columbus Jets. The Boy Scouts, and Boys Club members, are selling badges for 50 cents which entitle boys and girls to see week-day games free when accompanied by a paid adult admission. All of the receipts of this campaign will be retained by the selling organizations.

Toll Includes Wires, Auto & Window Glass

High winds and heavy rain caused wide-spread damage in the Hilltop area early Tuesday. Wires and tree limbs were blown down, shingles blown off roofs, and storm doors and windows were blown in.

Wires were blown down and burning on the ground on Olive-st between Ogden and Warren-avs. Shank and Saunders Inc., insurance agents, reported about 100 calls concerning minor damage by noon on Tuesday.

Three large plate glass windows in the Cussins and Fearn store, 2884 W. Broad-st, were blown in. Refrigerators and TV sets in the windows were scratched by flying glass. The loss was estimated at about $2,000.

Elmer Slane, of 319 Midland-av, was talking on the telephone about 8:15 a. m. to his wife, who had just arrived at the Beaver Press, 2360 W. Broad-st, where she is employed. As he spoke, the winds blew down a huge tree from across the street and it crashed down on the Slane auto parked in front of their house.

The car was demolished. If Slane had ended his phone conversation a few moments sooner, he might have been getting into the car to drive to work at the time the tree fell.

Heavy rainfall late Monday evening caused two feet of water to stand under the Mc-Kinley-av-New York Central underpass, forcing motorists to back up several hundred feet in both directions to find detours.

A West High School assembly was just getting under way at 9:01 a.m., when a power failure caused the electricity to go off. Although much of the Hilltop was without electricity only momentarily, power had not been restored at the school by the time the students were dismissed at 1:15 a. m. The power returned at 1:28, but school officials had realized for several hours that, since the stokers had been off since 9:30 a. m., the heat could not be built up sufficiently when the power did return to heat rooms and continue on normal schedule.

A large outdoor display billboard at Ryan-av and Mound-st was among the casualties of the storm. It was blown over on its back and the wind completed its disintegration.

Two Hilltop fire runs were made at the time of the general power failure, to the home of Mrs. Edna Wolfe, 261 S. Harris-av, and that of Raymond A. Maxwell of 463 S.

Trees In Memory Of Late Ray G. Hauntz Dedicated At Hauntz Park

"By planting these trees, we are perpetuating the memory of a kindly man, a good neighbor, a great humanitarian, and a lover of children."

Thus spoke Mrs. Catherine Xander, president of the Highland Garden Club, as she presided Tuesday morning at the dedication of numerous shade trees in the memory of the late Ray G. Hauntz at Hauntz Park, between Columbian and Woodbury-avs, south of Sullivant-av.

The Highland Garden Club started the "living memorial fund" with $100 out of its own treasury back in early December of 1954. Since then, through interest aroused in the project by the Hilltop Record and individual members of the club, additional donations of $275 have been raised and turned over to the city department of parks and forestry for the purchase of the honored shade trees.

Guests at Tuesday morning's dedicatory service included representatives of donating organizations, such as the Hilltop Kiwanis Club, Hilltop Kiwanikwe, 13 Club, and Mr. and Mrs. William Coulthard. Bill Burns, president of the Hilltop Community Council, represented that agency at the rites, windblown by the tail-end of a freak storm which lashed Columbus Monday morning.

Mayor Sensenbrenner, also present for the rites, delivered a brief address on the worthiness of the project and on the many attributes of the late Mr. Hauntz, who was a personal friend.

Special guest of honor was Mrs. Edith Hauntz, widow of the late Mr. Hauntz. She was accompanied by her daughter and son-in-law, Mr. and Mrs. Joe Hague.

Mrs. Xander opened the program by telling the assemblage that the Highland Garden Club was proud of the honor of sponsoring the Hauntz Memorial Fund. Mrs. Hauntz placed a dedicatory shovel full of dirt around the base of one of the trees after the shovel was handed her by her son-in-law, Mrs. Ray Cave also took part in the program.

Mrs. R. J. Miller of the memorial fund committee read the well-known poem, "Trees," at the conclusion of the rites.

Other members of the Hauntz Memorial Fund committee of the Highland Garden Club include Mrs. C. V. Williams, chairman, (now in Florida and unable to attend the dedication rites) and Mrs. J. Earl Taylor.

Thoughout the program, great stress was laid upon the assistance and cooperation given the club in its project by Raymond Dietz, superintendent of the city division of parks and forestry. The club gave its collected funds to Dietz, who arranged for the purchase and planting of the trees.

When all the plantings are completed, the shade trees planted in memory of the late Mr. Hauntz will include three European Plains, four Red Maples, four Flowering Crabs, four Red Oaks, two Fine Thorns, three Green Ashes, six Pines, and three Thornless Honey Locusts.

Dietz said the division of parks intends to complete the planting of trees clear around the border of the park in the near future, with plans next year to add some large shade trees around the children's play area.

Highland Avenue Friends To Build A New Church

Trustees of the Highland Avenue Friends Church announce that they have purchased property on Sullivant Avenue as a new site for the church. The site is the former Ruffing property at 3734 Sullivant-av, almost opposite the Sullivant Avenue Airport on the north side of the street.

The property comprises approximately six acres, which will allow ample room for the church edifice, educational plant, and off-street parking. A new parsonage will also be built on the property. Trustees anticipated that a $150,000 church structure will be built on the property. A use permit has been granted by the Franklin County zoning commission.

Members of the Highland Avenue Friends Church will soon be canvassing the Westgate Manor apartments, the Rosary addition, and the Georgian Heights for prospective new members, it was announced by Rev. Leonard E. Wines, pastor. Until a building has been built, scholars will be transported by church bus to the Highland Avenue Friends Church.

Rev. Wines has disclosed that the church is planning to start a second Sunday school in the near future. The first one will take place, as is customary, before church services. The second will be in session while parents are in church services. Rev. Wines said that a bus will be used to transport churchgoers and Sunday school scholars from the area of the new site to the Highland Avenue Friends Church until the new building is built.

Further Details Given In Record Trip To Washington, D.C., Contest

The Hilltop Record is offering a prize of $10 for the best story and accompanying picture submitted by a member of the Hilliards High School Band taking part in the Cherry Blossom Festival in Washington, D. C., on Thursday, Mar. 31.

The Music Boosters of Hilliards has paid for much of the trip expenses. The band is helping to pay its share of the trip by holding a Pre-Washington concert on Monday evening, Mar. 28. An admission charge of only 50 cents per person will provide one with an evening's enjoyment of popular and semi-classical music. The entire community's support of this event is asked.

All story and picture entries must be in the office of Hilliards High School Principal Warren F. Thomas by Friday, Apr. 8. The subject of the story and the picture may be the trip as a whole or some interesting high-light of the trip. Both must be the work of the student entering the contest. Stories should be limited to 500 words.

Two chartered buses will leave Wednesday, Mar. 30, with the 50 members of the Hilliards High band, director Robert White, and accompanying adults. The band will take part in the Cherry Blossom Festival and Parade on Thursday, Mar. 31. From their headquarters in the Dodge Hotel the group will make sightseeing treks to Mt. Vernon, Arlington National Cemetery, the Smithsonian Institute and the National Art Gallery. On Apr. 3 the band will start back to Hilliards.

Wells To Replace City Water For 'Illegal' Users

Residents of a Hilltop housing development whose "unauthorized" water will be shut off within 30 days have been informed their water supply will be continued through the use of wells.

The announcement was made in a letter to the 28 tenants by Harley S. Scholfield, development manager of the homes located on Butler and Whitethorne-av, south of Mound-st.

The builders had extended water lines from four doubles inside the city on Mound-st to the row of homes outside the city. The small supply lines were driven through basement walls after Service Director Floyd C. Redick rejected an application for service to the regular water lines last spring.

Redick and City Attorney Chalmers P. Wylie agreed that the 30-day limit is a "reasonable period" in which the builders can install wells and a pumping system to put water through mains already laid in the area outside city limits.

Use of well water for the rental properties will have to be approved by the Franklin County Board of Health and County Sanitary Engineer Deane T. Mitchell.

Sportsman Club Plays Host To 13 Club Members At A 'Coon Roast'

Members of the Hilltop Sportsman's Club, Inc., entertained officers and members of the 13 Club at the VFW Hall at the corner of Clarendon-av and Whitehead-rd Sunday, Feb. 20, for an old-fashioned hunters' coon roast with all the trimmings.

After dinner the outdoor stories were told and card games were enjoyed by all those participating. In the background of the hall songs by the barbershop quartets, accompanied on the piano by Fred Sheppard and assisted by Gene Twsy, were heard. Candid camera pictures and moving pictures were taken of the activities by the Hilltop Sportsman's Club photographers, Charles Thompson and Harold Tuttle.

The dinner was prepared by Fred Spangler, Burt Mawharr, Vern Ogden and Walter Caldwell, who comprise the kitchen committee of the Hilltop Sportsman's Club.

Short talks were made by members of the 13 Club and by the president of the Hilltop Sportsman's Club, Ed Baer. Baer was in charge of the entertainment for the 50 or more members and guests present.

Hilltop Youths To Participate In Kite Tourney Saturday At Westgate

The second annual kite flying tournament, sponsored by the Columbus recreation department, will be held this Saturday, Mar. 26, 2 p. m., at Westgate Park and will be under the supervision of Marilyn and Chuck Moore, of Glenwood Recreation Center.

Ribbons will be awarded for the largest kite, smallest kite, the most artistic kite, and most unique kite. Kites must fly at least 60 seconds in the air. Ribbons will also be presented to the box kite. (three feet and under), and large kite (three feet and over), flying the highest in 10 minutes. The final event will be a 100-yard dash.

Contestants are encouraged to make their own kites so as to be eligible to enter more events. There will be two age classifications, 11 and under, and 12 through 15.

The Columbus recreation department has released the following safety rules which should be followed by all kite flyers:

The good kite flyer, like the good aviator and the careful motorist, observes safety rules.

Do not fly your kite near light, telephone, and trolley wires, or near high voltage transmission towers.

Do not use wire or tinsel twine of any sort. Use only cotton string. Wet string is also a conductor of electricity and will cause as much damage as wire if brought into contact with electric wires.

Do not use a kite with metal ribs.

Do not run across public highways while flying a kite.

Fly your kite in open, unobstructed places away from traffic, poles, and power lines.

Do not attempt to climb poles or knock down entangled kites with stones.

Do not let your kite go over radio aerials.

Serious injury to you and to your property often comes from careless kite flying. A good kite flyer flies his kite safely. He does not let it get away from him.

HILLIARDS BUILDING ACTIVITY—In the above photo, the new Conklin Subdivision, immediately southeast of Hilliards, is shown in the foreground just south of Scioto-Darby Creek-rd, which extends from left to right in aerial view. Construction of new homes in the Conklin Subdivision will reach the limit of original allotments in the near future, according to reports from builders engaged in erecting the many residence units now in progress. What were bare farm fields last August are now orderly rows of houses in various stages of completion; some occupied, some ready to be occupied and others assuming form. Across the road from the eastern end of the Conklin development (at right) it is expected that the Carl Rogers farm soon will take on the aspect of a town as plans of the developer, William S. Hartley, for some 70 new homes materialize. Nearer the older section of town, seven homes are planned for the new Wilkinson development. On the other side of town, an equal number of new homes are projected in the Hoffman Addition on Linda-rd, and along Avery-rd, northeast border of the village, the Galbreath interests will soon begin work at developing the farm recently purchased of John Dexter. Judith Smith, 8A spelling champ from West High, was one of the Columbus public school finalists in a test taken recently and will participate in the annual Citizen Spelling Bee at Ohio State on Apr. 9. Judith, who was runner-up last year, lives with her grandparents, Mr. and Mrs. L. J. Garland at 387 S. Wayne-av.

This year's runner-up is Kay Ferguson, who lives at 1811 Sullivant-av with her father and mother, Lt. Col. and Mrs. Roy E. Ferguson. This is Kay's first experience in a spelling contest because until this year, her father has been stationed with the United States Air Force in Wiesbaden, Germany.

The annual preliminary scholarship tests are to be held on Wednesday and Thursday, Mar. 30 and 31 at West High. For the final tests, held at Ohio State University, Thursday, May 12, only the top two from each field in the preliminaries will be eligible to take the final tests. The final tests are scored by the state department of education and the ratings should be available before the end of the semester.

For many years West High has not made a very good showing in the state tests but this year we hope to do better. For the first time, applicants will be limited to "A" and "B" students.

From all reports, the Band Variety Show was a great success and widely enjoyed. Friday night, the young amateurs played to a full house and nothing but praise could be heard. Thanks to everyone who made the show a success!

On Apr. 2, some 250 Y-Teens from West High will once again participate in the 10th annual Lily Parade. This affair, part of the annual Easter Seal drive, is for the purpose of collecting funds needed for buying services and care for crippled children. The West High Girls will report to Memorial Hall on the day of the parade will be served breakfast or lunch, depending on the time they report. They will then be assigned places in which to work for approximately four hours. The girls have been requested not to wear slacks or blue jeans.

Co-chairmen for the parade at West, are Judy Swartz and Judy Matson, Y-Teens president and program chairman, respectively.

Glenwood Methodist Crowned As Undisputed Y Jr. League Champ

By Dick Wilson

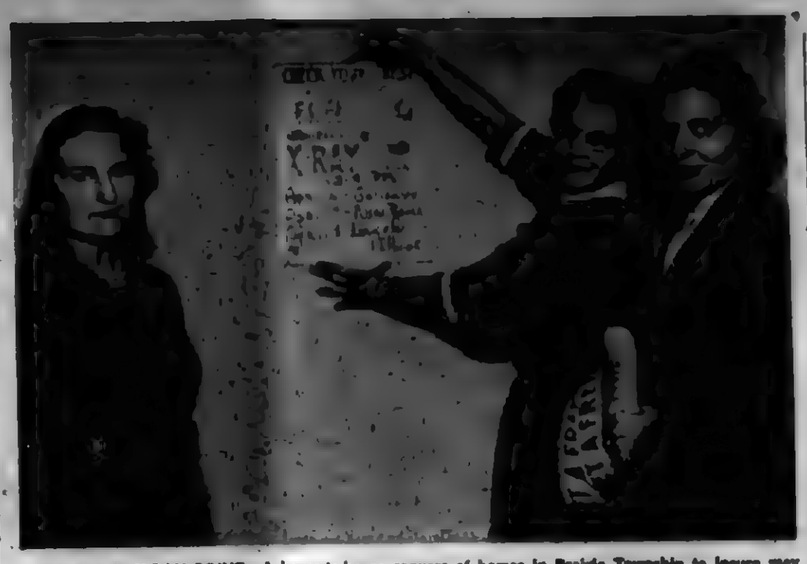
Glenwood Methodist was crowned undisputed champ of the Hilltop YMCA Junior Church League last Saturday as it completed the season with 14 straight victories. The Methodists defeated the West Junior Hi-Y in the last game of the season in true championship style by the score of 62 to 30.

Bob Craig led the victors with 18 points; he was followed by John Hummel with 12 and Stan Huff with 11. Bill Bade was the only consistent scorer for the losers as he collected 13 points on six long set shots.

On the other side of the ledger was Hilltop AC, which completed the season without a single victory as it went down to defeat at the hands of Westgate Methodist 31-15. The Methodists jumped into an early lead, but at half time the ACs' were only two points behind.

The third quarter was the big difference as the Westgate Methodist players held the AC's to one basket while they collected six. Dan Plummer led the victors with 12 points, while Dave Wolfe led the losers with six.

Hoge Memorial retained its second place tie with a victory over Burgess EUB 48-22. Don Spencer led the victors with 15 points and Jim Wichterman led the losers with 12. Westgate EUB won its game over Community Christian by forfeit when the Community Christian Team failed to field enough players by game time.



There will be an All-Star team, composed of two players from each team, which will play the Hilltop YMCA coaches at 8 p. m. Monday, Mar. 28, in the West High School gym. Picked for the All-Star team were Jim Wichterman and Gus Miller of Burgess EUB. Don Spencer and Bob Smoot from Hoge Memorial, Dave Ewing and Dan Plummer from Westgate Methodist, Dave Wolfe and Butch Boyd from Hilltop AC, Stan Huff and John Gilland from Glenwood Methodist, John Herold and Dick Rice from West Jr. Hi-Y. Dave Snavely and Jeff Dum from Westgate EUB and Dick Featheroff and Punk Melbourne from Community Christian. Thurman Donaldson of Glenwood Methodist will coach the All-Star team.

On the coaches' team will be Dick Curtis, Ward Cassell, George Miller, Joe Beane, Tony Argilla, Bill Williams, Dick Koontz, Roger Hamrick, Franklin S. Brown, Ellis Breckenridge, Corky Roth, Harry Grashel, and Dick Wilson.

Jeff Dum of Westgate EUB led the league in individual scoring with 159 points in 10 games. Stan Huff of Glenwood Methodist was close behind with 143 points. In third place was Dave Snavely of Westgate EUB with 140 points.

On the basis of one point per game for the best sports, Burgess EUB won the sportsmanship award with 10½ points out of a possible 14. Awards will be presented to Burgess EUB and Glenwood Methodist at a Basketball Awards Night, which will be held sometime in April.

NEVER BRAG

Never brag about something you expect to do: wait until it is accomplished and then let others pass judgment on it.

Thought works in silence, so does virtue. One might erect statues to silence.—Thomas Carlyle.

He Jumped Off a High Bridge with Six Million Dollars in His Pocket

His will showed not one cent for charity. Vision what a fraction of that could have done in human welfare! Think of the thousands of boys and young men who could have been helped to better manhood. If his thoughts had been running along that line he would probably still be here.

The Hilltop YCMA is struggling from year to year to meet the needs of an increased population and needs a new building. It needs a lift. It welcomes endowments, bequests and memorial gifts to further its great work. Inquiries invited.

TEEN TROUBLES

by
John Douglas, M.D. and Mary Douglas

Question: My boy friend says he likes me—but he talks about another girl. Do you think he can like me and still talk about this other girl all the time?

Answer: Our teen-age son says, "Yes."

He thinks, "Maybe the guy is just trying to make conversation." We think he could be right because many teen-agers tell us they "never know what to talk about on a date."

Your letter was too brief to give us much of a clue to your boy friend's personality. And you gave us no clue at all concerning the other girl. This makes it difficult to be helpful.

However, to quote our own teen-ager again, the one sure thing you must not do is to show that you're jealous.

When he talks about her, smile and agree with him—even if it kills you. Then, as soon as possible, change the subject. Get him to talk about something he's interested in—like basketball, or swing bands, or movies. Anything—just so it keeps his mind off her.

Of course, you must be your most attractive self at all times. (You can't do this if you're jealous. Jealousy shows in your face. It makes your eyes and mouth ugly. If you don't believe this, just look in the mirror sometime when you are thinking mean or jealous thoughts. You'll be surprised at how much thoughts damage your good looks.)

Look as pretty as a picture every time he sees you—and smile all the time. But don't chase him—and don't make a door mat of yourself.

Warning: Don't ever be catty. Boys hate it. They may not say anything, but they'll think of a million excuses to stay away from a catty girl.

This is especially important if the "other girl" has her eye on him and is out to get him. Then your only hope is to be nicer than she is, prettier than she is—and more fun than she is.

Above all, don't make the mistake of thinking you have to be a heavy necker in order to keep your boy friend. Just remember that the boy expects the girl to set the tone—or the pace—of a date. If she doesn't—of course, he will. Be smart and plan your date so both of you will have a perfectly swell time without necking.

Franklin Township Citizens Assoc. Re-Elects Crandall

Clyde Crandall was re-elected president of the Franklin Township Citizens Association, Inc., at that body's annual election of officers held Friday evening in the South Franklin Elementary School, 2090 Frank-rd.

New officers elected were Edward LeCaptain, vice - president; and William Hawkins, secretary. The other offices, with the exception of the executive board, are appointive.

The executive board is made up of representatives of such township organizations as the PTA's of the various township schools, service and booster clubs, township trustees, and all elective officers of the township.

Crandall, who is also a member of the Franklin Township board of education, commented also on the desire, expressed frequently in other newspapers, of the Prairie Local school district to consolidate with Franklin Local as a means of solving its financial problems.

"Although our school board has not been officially approached by members of the Prairie board asking for such a consolidation, I, personally, am for it," declared Crandall. "In the short run, it would mean quite an expense for residents of Franklin Township, but I am certain that in the long run it would pay off in finer educational facilities and would be wonderful for the children."

The general construction contract for the new 120-patient dormitory to be constructed at the Columbus State School, 1601 W. Trees In Memory—

The park, while partially open to the public, is still in the process of being graded and filled. Apparently located on the site of an old peat bog, the park has presented quite a problem because of the sinking down of fill earth. "We hope to have the problem licked soon and then we'll seed the area" Dietz declared.

Play equipment and two ball diamonds will be open for the use of children this summer.

When Mr. Hauntz, for whom the park is named, died suddenly in 1949 at the age of 50, following a heart attack, the entire city was saddened. His death came as a shock and a distinct loss to the Hilltop and the city as well. The Columbus native who had been in the grocery business for nearly 30 years on the Hilltop was a councilman at the time of his untimely death.

Active in nearly all civic endeavors and most every club or organization devoted to the welfare of his fellow man, it would take a book to list all his accomplishments and projects he fostered.

To point out only a few: He was instrumental in getting a modern athletic field for West High; as a member of the school board he helped pioneer the move to make school playgrounds available during the summer months; and he was largely responsible for the solving of many vexing traffic problems, both on the Hilltop and elsewhere in the city.

The driver of the runaway auto was released after treatment at Grant Hospital for a possible skull fracture. He was taken to city prison and charged with reckless driving and failure to have an operator's license. Officers also alated him for investigation of auto theft and fugitive from justice when it was learned loud was driving a relative's car without permission and had taken money from the relative.

jobs since then. At the time of her arrest, she was a part-time waitress. On Saturday morning, Miss Marquis pled guilty on a forgery charge in Municipal Court and was bound over to the grand jury on $1,000 bond. It'll be another two weeks before her case comes before the grand jury.

"I doubt if she can raise the bond," Detective Wood said. "Her take was so small and the effort and risk were so large."

So now you know why your dentist or doctor has been just a little more cautious about personal checks lately. Nothing personal, but . . .

Monday Storm—

Harue-av. No damage was reported.

The Appliance Division of Westinghouse Corp. on Phillipsi-rd reported part of a roof blown off, with flooded conditions in some parts of the plant forcing the company to send between 600 and 700 employes home.

Mrs. Jauline May, 58, of 74 S. Burgess-av, suffered a broken leg when blown against a building at Lynn-av and Front-st, police said. She was treated at Mt. Carmel Hospital.

Considerable hail damage was reported at Hilliards in the early morning, with individual residents reporting hail covering the ground and ranging in pellet size from peas to golf balls.

Brookshire IGA Market Is One Of Newest And Most Modern On Hilltop

One of the Hilltop's newest and most modern self-service markets, the Brookshire IGA Market, located at 2781 Eakin-rd, between Harris and Wayne-avs. also boasts a large drive-in parking area and is offering outstanding food bargains each week in The Hilltop Record.

Owned by A. C. YOUR HILLTOP LIBRARY

Several Books Listed Which May Help Cure Spring Fever

By Mildred Phelps
Branch Librarian

Is Spring Fever getting you? The solution may be found in that new book at the Hilltop Branch Library, "How Never To Be Tired," by Marie Hoy. The secret is reduced to a formula that you can apply to your own activities and so get what you want out of life.

What do you do between 5 p. m. and 11 p. m.? "Pack Your Leisure with Profit and Pleasure," by Corinne Updegraff Wells, has endless ideas such as chapters on gardening projects, personal services for men and women, repair and odd job services, woodcraftsmanship, arts, and handicrafts. To supplement the suggestions in this inspiring book are new titles, including "The Pleasure of Woodworking," by Kendale Basset, and "How to Refinish Furniture," by Louis Hockman.

For the philatelist is the specialized "Scott's Catalogue of United States Stamps." In addition to stamps; post office seals, revenue stamped paper, and post cards are featured in this addition.

"Inventor's Handbook," is a new title in the Arco Hand-Books for Better Living series.

Dear to the artist hobbist's heart will be the delightful book, "Willy Pogany's Water - Color Lesson." Coloring techniques are superbly illustrated.

"Have Tux, Will Travel," Bob Hope's own story, has finally arrived on the library shelves. Already there is a waiting list for the book, which will be issued for 14 days only because of its popularity.

Another newcomer which has been in popular demand is Frank Slaughter's "The Healer." Books about doctors are of never ending interest.

"The Story of the FBI", by the Editors of Look is the official picture of the Federal Bureau of Investigation. In his introduction, J. Edgar Hoover states, "For the first time the full story of the FBI has been told pictorially" — an interesting and instructive book.

The new Rex Stout mystery, "Triple Jeopardy," will interest those who enjoy the FBI story, as will Helen MacInnes' "Pray for a Brave Heart," a book full of intrigue and adventure.

Library hours are 1 p. m. to 9 p. m. Monday through Friday and 9 a. m. to 9 p. m. on Saturdays.

3 Hilltop Masons Aid In Plans For Sunrise Services

Willis K. Chevalier of Sylvan-av, Clarence E. Mahoney of Algonquin-av and Frank H. Nicklaus of Larcomb-av, are members of the committee arranging for the Knights Templar sunrise service to be held Easter morning in the RKO Palace Theater.

Chevalier is commander of Mt. Vernon Commandery and Mahoney is past commander of Columbus Commandery. These two commanderies are sponsoring the service.

"The Easter service," said Chevalier, "is open to all Masons and to the public in general. We hope that all people whether affiliated with the Masonic Order or not will attend."

The two commanderies will assemble at the Masonic Temple on N. Fourth-st and at 6 o'clock will march to the theater. The Knights Templar will also march back to the temple at the conclusion of the service. Nicklaus is recorder of Mt. Vernon commandery.

A SINNER CONTEMPLATES

When all this life is suddenly quite done.
If I should meet with God, some April day.
Will He recall I hadn't time to pray
Or go to church, and sigh, "Sir! You're the one."
Or will He overlook that little thing
And pause beside me, neighbor-like, and say,
"The daffodils are doing well this spring."

Frances Beal Mehlek, in her book A Sinner Contemplates.

Here is another poem on spring fever:

My typewriter's crazy — the keys hopped around.
And when I touch them they say "Spring's come to town."
There's the odor of perfume;
Tinkle of bells about the room.
And all over the rug white hyacinths bloom.

Dorothy M. Thompson.

Dorothy is one of The Lennox Furnace Cmopany's most charming secretaries, and I suspect she has it (spring fever).

A vignette — It was about five o'clock in the morning. The year was 1944. Traffic was light but there were mountains and sharp curves and it had rained in the night. The girl was (as she put it) flying low, at about 80 m.p.h. Her car zoomed around the mountains and her red hair flew with the wind. The only sound she could hear was her motor and the squeal of tires when she rounded the curves. That is, the only sound she heard till she upped the speed to 90. Then she heard the siren. A highway patrolman had been following her for several miles, but had been quiet about it. She pulled over to the side of the road and he got out his ticket book. Then he saw her eyes. He closed the book and said to her "Whatever it is, you can't run away from it, so don't try any more, huh?" The night before a wire had come. Her husband had been killed.

Mail — From Lancaster: I bet if Princess Margaret was on our telephone party line, all England would know if and when she and the Captain were getting married. One lady on our line had a baby last week and gave an hourly bulletin for two days before it was born, to her mother, mother-in-law and about six girl friends. We were all in on it — she may as well have had it on television. (Of course we listened in!) . . From Columbus: When you were naming signs of spring you forgot to mention the fishing worms that pop out of the ground and kids on roller skates and ladies washing windows. Or is that too painful a reminder — the window-washing? It is.

ASK YOUR PASTOR
He'll tell you it's wise to plan your family burial estate NOW!
Because people turn to him in time of sorrow, he knows so well that is no time for the bereaved to have to hurriedly select a cemetery lot.
He'll tell you, "The selection of a family burial estate is a family matter that should be agreed on by all after due consideration has been given the subject." The time to do it is now, when weather and other conditions are favorable.

The Annual Girl Scout Cookie Sale IS UNDER WAY!

The Girl Scout Cookie Sale is an annual county-wide, fund-raising project in which the girls sell cookies to meet the difference between their United Appeal allotment and their budget. In addition to balancing the budget, it gives the girls themselves an opportunity to share in earning a part of the funds necessary to support their Council and their troop.

Approximately 7300 girls in 530 troops will be participating in the sale.

The girls will be offering TWO kinds of cookies this year: Sandwich Creme, in four flavors and the new Chocolate Thin Mint. Cookies will be distributed to the troops and Scouts will sell directly to the customer at 40 cents per box.

These Cookies Are Delicious . . . A Real Buy! Your Purchase Helps The Girl Scout Camping Program.

Glenwood dropped a 15-9 decision to the Scarlet Ramblers in the final junior girls Knothole Tournament game, Saturday, Mar. 19, at Glenwood Recreation Center.

The score was tied at two-all at the end of the first quarter. The Ramblers held a 6-4 edge at halftime, and a 10-7 margin at the end of the third period. The Ramblers outscored Glenwood 5-2 in the final stanza to take a 15-9 decision.

Judy Hauf took scoring honors with 10, while Donna Young led Glenwood with five.

The Gold Ramblers handed the Glenwood Hoppers a 33-6 defeat in the semi-finals of the intermediate girls division. The Hoppers collected four points the first quarter and two in the third. Next Winter's De-Icing Chemicals Are Already Contracted For By County

The Franklin County engineer's office announced it has entered into new contracts to insure a fully adequate supply of salt, chemicals and cinders for county road use during the 1955-1956 winter season.

Frank W. Turner, chief deputy under Franklin County Engineer Guy Elbin said that although the county office did not run short of ice control materials this winter, "we came alarmingly close because of the unexpected rains and snows when the thermometer was below freezing."

"New contracts will provide approximately 10,000 tons of cinders," said Turner who disclosed that this is approximately twice the supply of the 1954-55 season. "In addition we have contracted for all necessary supplies of salt and calcium chloride."

Destroy Old Boats For Kids Sake Is Plea Of Division Of Parks

Sportsmen and boat owners are being urged by the division of parks to destroy old "junker" boats that are lying neglected around lakes, rivers and ponds.

Children will soon be spending Saturdays and after-school hours playing along rivers and lakes. Old abandoned boats are completely unsafe and worthless, but they have a way of making them float in waters swollen by spring thaws and rains.

In the past, a number of tragedies have occurred when children have used old boats for early spring excursions.

Size of the new booklet is 6x9 inches and has been increased from 80 to 112 pages. To secure the new fishing book send 25 cents to: Fishing Book, Ohio Division of Wildlife, 1500 Dublin-rd, Columbus 12, Ohio.

The Annual Girl Scout Cookie Sale IS UNDER WAY!

The Girl Scout Cookie Sale is an annual county-wide, fund-raising project in which the girls sell cookies to meet the difference between their United Appeal allotment and their budget. In addition to balancing the budget, it gives the girls themselves an opportunity to share in earning a part of the funds necessary to support their Council and their troop.

Approximately 7300 girls in 530 troops will be participating in the sale.

The girls will be offering TWO kinds of cookies this year: Sandwich Creme, in four flavors and the new Chocolate Thin Mint. Cookies will be distributed to the troops and Scouts will sell directly to the customer at 40 cents per box.

These Cookies Are Delicious . . . A Real Buy! Your Purchase Helps The Girl Scout Camping Program.

Next Winter's De-Icing Chemicals Are Already Contracted For By County

The Franklin County engineer's office announced it has entered into new contracts to insure a fully adequate supply of salt, chemicals and cinders for county road use during the 1955-1956 winter season.

Frank W. Turner, chief deputy under Franklin County Engineer Guy Elbin said that although the county office did not run short of ice control materials this winter, "we came alarmingly close because of the unexpected rains and snows when the thermometer was below freezing."

"New contracts will provide approximately 10,000 tons of cinders," said Turner who disclosed that this is approximately twice the supply of the 1954-55 season. "In addition we have contracted for all necessary supplies of salt and calcium chloride."

Destroy Old Boats For Kids Sake Is Plea Of Division Of Parks

Sportsmen and boat owners are being urged by the division of parks to destroy old "junker" boats that are lying neglected around lakes, rivers and ponds.

Children will soon be spending Saturdays and after-school hours playing along rivers and lakes. Old abandoned boats are completely unsafe and worthless, but kids have a way of making them float in waters swollen by spring thaws and rains.

In the past, a number of tragedies have occurred when children have used old boats for early spring excursions.

Entire Community Gets Behind Band In Drive For Tour Funds

By Louise Pohlmann

Elm and maple buds are swelling; lilac buds alternately swell and shrink; three times the forsythia has granted an impatient world a glimpse of gold and then folded back the covering brown sheaths. The grass grows like mad in spite of snow and the rapid growth frustrates the homeowner who knows if he doesn't get some shearing done to the green stuff he's going to have one awful time, once the weather ever lets him get at it—and to climax the truth that Spring is slowly but surely on her way—temperature-wise — our High School Band is leaving next Wednesday morning at 8 a. m. to participate in the annual Cherry Blossom Festival at the nation's capital.

The entire community has been solidly behind the organization in its drive for funds to finance the trip. Setting a goal of $1,500, it has been surpassed by a meager $8. More is needed to furnish funds to help individual members meet the food bills they will incur on their trip.

To reach this aim and also in the hope of providing money to pay the costs of sending our band to camp this summer, the Hilliards High School Band is presenting a concert of band music at the auditorium of the high school next Monday night at 8 o'clock. Admission is only 50 cents per person. The community has this further responsibility to these young musicians—what a shame it would be for a kid to get to Washington, D. C., and have to skimp on eats! It would take a good deal of the thrill out of the accomplishment!

Besides, food will be needed to furnish energy for all the many things scheduled for the band while in the historic city. On Thursday they will march in the Cherry Blossom Parade — take a lot of steam for that, alone. If time permits after the parade, it is hoped to get in some sightseeing. A tour of Arlington Cemetery, visit the Tomb of the Unknown Soldier, tour of the city of Arlington, visits to Christ Church, Washington Masonic Memorial, and to Mt. Vernon are included in plans for Friday forenoon and in the afternoon it is planned to visit the Bureau of Printing and Engraving, the FBI, Pan American Union Building and the Smithsonian Institute. Saturday morning will include visits to the Capitol, the Library of Congress, Supreme Court Building, and National Archives. Saturday afternoon's sightseeing will take our kids to the Washington Monument, Lincoln and Jefferson Memorials, the Mall Area and the Aquarium in the Commerce Building.

Sunday will see them returning home, tired, of course, but with memories and thrills to treasure the rest of their lives. Let's hope no one has to come home hungry or be hungry while away! It will mean lots more to know they've earned the money for themselves than to take it from an ever-so-willing mom and dad.

The sophomore class at Hilliards High has made an early beginning of financing its next year's junior-senior prom—members held a bake sale last Saturday at Holliday's Super Market.

Junior and Chapter degrees were taken by the FHA girls last week. Those receiving the junior degree were Sue Campbell, Frances Espo-

The Hi-Y also elected new officers. John Miller is the new president; Lee Holt was chosen vice-president, Ronnie Rosemeier, secretary, and Gary Morgan, treasurer.

Charles Hart, Max Gray and Bessie Eckard are busy working on plans for the Youth and Government Model Legislature which will be held in Columbus at the State Capitol in April. Max Gray is writing a bill to present to the "legislature."

The advanced home economics class has been centering discussions on preparations for marriage and invited Rev. John Adams of Hilliards Methodist Church to talk with them on marriage counseling and other legal aspects of marriage. A style show was presented, in cooperation with the F&R Lazarus & Co. Judy Kellogg, Vera Hornback, Janet Tillman, Ella Skaggs modeled bridesmaids gowns. Other models were Nola Gilliotly, Beverly Tewell, Judy Moore, Doris Yeater, Marlene Carey and Mary Jane McDaniels. Marlene Care also sang, "Because."

HILLIARDS SENIOR PLAY—"The Man Who Came to Dinner" may be confined to a wheel-chair, but he's not too ill to appreciate a display of feminine pulchritude. Hilliards High School seniors will present the former Broadway comedy hit on Thursday and Friday evenings, Mar. 24 and 25, in the high school auditorium. Cast members are Charles Mart (the Man Who Came to Dinner), gazing raptured at Deanna Holcomb, and, standing, left to right, Carolyn Colliton, Frank Bowman, Ruth Owen and Kenneth Eberhard. (Hilltop Record Photo)

The class is taught by Mary Kohler and Miss Miller, student teacher from OSU.

The senior class selected Rev. John Adams of Hilliards Methodist Church as the speaker at the baccalaureate service and he will also give the invocation at commencement.

New officers for 1955-56 elected by the FFA include: president, Roy Hoffman, vice-president, Lee Holt; secretary, George Wuertz; treasurer, Bill Kuhlwein; sentinel, John Slagle, Jr., and news reported, Dean Krieger.

Mrs. Schultz's seventh grade entertained at assembly last Thursday afternoon in the school auditorium by presenting an entirely local talent play.

Entitled, "Save Our Boat," the play was written by Sharon Mathers, assisted by her mother. The theme centered on the conflict between the show boat and its rival, the theater, and was a musical featuring songs by Jerome Kern. The costumes were very colorful and the scenery, drawn by Jim Friday, very attractive. It was necessary to give two performances in order to accommodate the adults and children.

Cast of characters included Don Boerner as Mike; Don Pendleton as Moss; Joe Parker as Mr. Harrington, the father; Larry Washburn as Mr. Sly, the villain; Carol Wilt as Sally Harrington; Clyde Hay as Bill, Sally's boy friend; Sandy Gard as Mary, a dancer; Russell Sweeney, her boy friend, and Miriam Heisel as Marianne, an opera singer. Dave Snider served as announcer; Tommy Bowman was stage manager; Mrs. Shults directed the play and the setting was by James Friday.

Miss Juanita Smith, third grade teacher, was married last Thursday in the Plain City Methodist Church, with Rev. D. Merle Hill officiating. Mr. and Mrs. Walter Brown were the bridal attendants. The bride is the daughter of Mr. and Mrs. Smith of Plain City. The bridegroom is a grandson of Mr. and Mrs. P. G. Vorhes also of Plain City. He is serving in the air force and presently stationed at Walker Field, Roswell, N.M.

Two hundred twenty-two persons from Hilliards Methodist Church partook of the Loyalty Dinner Wednesday evening of last week at the King Avenue Methodist Church in Columbus. In addition, 46 children attended the party held for them at the home church and 28 children were cared for in the nursery.

A report of the canvass campaign will be forthcoming for next week's paper, it was announced this week . . . Mrs. Louis Franklin and children of St. Mary's, Ohio, visited with Mr. and Mrs. J. H. Culp Sunday evening. Mrs. Culp is making very slow improvement following her virus infection. Among other callers on Mrs. Culp last week were her son and family, Mr. and Mrs. Charles Culp and Elmer Sohlen.

Ray Carey has been a patient in a Columbus hospital for some time. Sympathy is offered to the family of Mrs. Mary Lisk Mitchell who died last week. Mrs. Mitchell was a native of Hilliards and a sister of J. C. Lisk, 100 W. Main-st, and an aunt of Lonnie Lisk of the community.

Mr. and Mrs Walter Arndt and Mrs. Ray G. Arndt visited Mr. and Mrs. Carl McCann at Jerome one day last week . . . Paul Miller was off duty from his position at the Russell Grain c. several days because of illness.

The Junior Methodist Youth Fellowship St. Patrick's Day shindig held Mar. 15 at the American Legion Hall was a satisfying success. Entertainment was enjoyed by a good attendance and the white elephant sale and refreshments brought in some returns to wipe out the disappointment of the poor returns from the youngsters' concession at the Mellowe'en Carnival last fall.

Austin Ritchie, 99 E. Main-st, received his doctor of philosophy degree last Friday at the graduation exercises at Ohio State University. Mr. Ritchie will continue in his present position as instructor in agriculture at the university. Notices To Place Trash In Front Of Homes Stirs Residents Of Westgate

Confusion reigned this week among residents of several Westgate streets on the Hilltop as some received notices that they would be required to put their trash on the curb in front of their homes for collection by the city refuse-collection trucks.

Some residents did not receive the notices and heard the news from neighbors. The streets involved were Demorest-av, Letchworth-av, and Derrer-rd.

All the residents contacted on the situation complained of bad alley conditions. Mrs. Theodore Buttner, 847 Letchworth, said the alley was narrow between Letchworth and Demorest and that she knew that at least once a refuse-collection truck had gotten stuck in the mud. She had gotten no notice of the new curb collection but had heard of it from neighbors.

Mr. George E. Woodland, 227 Letchworth, got notice of the change of service. Mr. Woodland was particularly disturbed about the inability of several widows in the neighborhood to carry their trash barrels out to the curb. He also stated that due to his own physical infirmities he could not carry the 55-gallon oil drum he uses for trash.

Deciding the poor conditions of the alley must be back of the new order, he talked to several people living on Letchworth and Demorest about circulating a petition to get the alley fixed. He can't understand why some city alleys get fixed and some don't. He says that not once in the 13 years he has lived on Letchorth-av has the city fixed the alley, not even patching the holes.

He asks, "City taxes have gone up but what have they given us?" To add to his confusion, when he called the refuse collection department at city hall, he was told it was all a mistake.

Mrs. George Kirk, 836 Demorest, said that another member of the family recsied the notice from a representative of the refuse collection department when he called at the door, but that the same man later returned and rescinded the order. She mentioned that her family and others nearby had bought loads of cinders to fix the alley.

Mrs. Frank Snedecor, 830 Demorest, says that if they collect trash only at the curb "it's going to be a job as they don't take it up often enough as it is." She had been cleaning up the basement and had an extra amount of trash. She said, "I think it would be smarter to do a little work on the alley than to collect out front."

Heinie Butler, superintendent of the department of street cleaning and refuse collection was called upon for an explanation of the situation. He said that the curb collections were just a temporary measure for use only after inclement weather had rendered these alleys impassable.

He said two of the department's trucks and a bulldozer had been stuck up to their hubs in the alleys. He stated that he had warned the man who was to notify people of the change in type of collection to tell people it was a temporary situation only, but admitted that the man must have forgotten to give that impression.

Butler further called attention to the fact that when plots are first laid out in the city, assessments are made for the type of alley to be made. This arrangement continues and, if an owner objects to an unimproved alley, the type of the alleys between the streets mentioned above, he must join with neighbors on the same alley and petition for improvements. Petitions must be sent to the city engineering department.

The city street cleaning and refuse collection department is now in the process of accumulating cinder and stone to mend impassable alleys so that it can discontinue plans to use the curb collections.

The responsibility for alley repairs and improvements is put solidly in the lap of the taxpayer, according to Butler.

Everyday Is Season To Be Cautious

The current episode regarding veterans housing in the Linden area as brought to light by the city building inspector is perhaps merely a forerunner of other like revelations that are to come.

It is too bad that someone has to get hurt in situations like these and especially young men who have qualified for veteran loans because they served their country during times of war.

The wild scramble for the almighty dollar many times causes people to lose sight of values of decency.

But because some people are prone to take advantage of their fellow men is all the more reason to be reminded that every season is the season to be cautious.

Dealing with a reputable firm, even where the original cost may be slightly higher, will in most instances be the best deal in the long run.

Any deal, large or small, is a better deal when you investigate before you invest.

Band Variety Show Deserves A Big Hand

In the rush of trying to be attentive to the multitude of things that a community newspaper publisher must participate in we failed last week to add our words of praise for the fine performance of the West High Band members in their annual variety show.

This year's show was one of the finest to date and everyone who has attended a West Band Variety Show knows they are tops. Comments from every quarter have been fine.

White shoes of the band members this year added to the showiness of the program. Attendance was good, which is another sign of the continuing popularity of the event.

A big pat on the back to all who participated in the show, to Mr. Barnard and his assistants for their fine direction . . . and to the Band Parents Club for their hours of service in all their work previous to the show.

Incorporation Ruling Awaits Briefs' Filing

Final decision in the case currently pending in Common Pleas Court which is an appeal from the successful incorporation vote in Franklin Township of Nov. 2, 1954, may take any where from one to six months, officials of the court said Tuesday.

Five appeal cases were filed originally. Attorney Thomas Applegate later consolidated the appeals into one case. The case was heard in the last term of court by Judge William Bryant, who was defeated in a re-election bid and never was able to render a decision.

Judge Myron B. Gessaman heard the consolidated case in February. He is now awaiting the filing of briefs before rendering a decision.

Another case which Attorney Applegate filed in November 1954 enjoins the county commissioners from taking any action to annex any part of Franklin Township to the city of Columbus until a decision is given in the appeal from incorporation.

HE LOOKED SO FRIENDLY!?

Sole Witness To Stickup Of Shoe Store Clerk Describes How It Was

"If he'd pointed that gun at me, or whatever it was, I would have swallowed my rings."

That's what sticks most in the mind of Mrs. Henry Jones, 61-year-old Hilltop Record employee, who was the unwilling sole witness to a stickup at the Broadway Shoe Store, 2390 W. Broad-st, during her lunch hour last Thursday.

Mrs. Jones, known to hundreds of Hilltoppers as "that unusually friendly clerk" at the front counter of the Record office and who lives at 40 Powhatan-av, seemed most perturbed throughout the robbery and afterwards that she hadn't "done something."

There was really very little to do, though, says Miss Eve Berman, 1008 Geers-av, owner of the store, who was actually the one at whom the 21-23-year-old colored bandit pointed the pistol — if it was a pistol. There seems to be some question on that matter, now. After a trip to police headquarters and scanning all sorts of weapons, Miss Berman isn't too certain but what the "deadly weapon" couldn't have been the bowl of a pipe with the stem pointed in her direction.

Here's the remainder of the first-hand account of the exciting event as described by Mrs. Jones, who was just as excited afterward as she was at the time of the hold-up:

"I was on my lunch hour and trying on a pair of shoes in the store. This colored man, who had been in the store before me to buy a pair of houseslippers for his wife, came in again, saying that the slippers were too fancy for his wife's tastes. He exchanged the houseshoes for a pair $1 cheaper. I was sitting there waiting.

"After Miss Berman gave him the change, he demanded that she open the cash register. That's when I first began to notice what was going on.

"Actually, Miss Berman was so startled that she said, 'Why should I?'

"I just can't get over it," Mrs. Jones continued. "I'm a pretty good judge of character and this man was just about the last man I'd ever suspect of doing anything like that. He looked so friendly,

Dear Lord in Heaven, with only a few short days remaining before another Easter morn, we want to pause and thank Thee for the love that radiated to a lost world from Calvary's Cross. We pray that Thou will help us to give ourselves to Thee and then live lives worthy of bearing the name of a suffering—yet resurrected—Christ. Amen.

Hilltop Has All Sorts Of Weather In Space Of Past Week

STORM DAMAGE—Auto smashed by tree in wind storm. . . This automobile, the property of Elmer Sloan, 318 Midland-av, was demolished by a huge tree which fell from the opposite side of the street during the violent storm of Tuesday, Mar. 22, if Mr. Sloan had not tarried at home for a few minutes' telephone conversation with his wife, who was at her place of employment, he would have been entering the car to leave for work at the time of the crash at 5:15 p. m.

NO PICNIC HERE—Several weeks ago, in early March, you could have held a picnic here in the backyard of Charles H. Meddles, 1507 Binns-blvd, in mild spring-like temperatures. But last week's snowfall and sub-freezing weather dampened the enthusiasm of the most rabid open-air chicken and potato-salad fan. However the situation was rapidly becoming "summery" again Wednesday and boys and girls were out full force for kite-flying and other seasonal activities. Once again spring was back in all its glory.

Franklin Twp. Delegates Stalk Out Of Election Meeting Of WFCA, Inc.

The regular March meeting and election of officers of the West Franklin County Associations, Inc., on Monday evening, Mar. 28, turned into a stormy session during which the Franklin Township delegation angrily stalked out of the meeting hall at Prairie Township Elementary School.

The nominating committee, consisting of John Hill, E. B. Quinn, and Jack Imler, representing the Franklin township, Prairie township, and 11th Ward Hilltop, respectively, presented the slate of candidates for office for the coming year. The candidates were as follows:

President, Edward LeCaptain and incumbent D. J. Kunz; vice-president, Dr. William G. O'Hara, unopposed, as E. B. Quinn asked his name be withdrawn, as did Grover Ketterly; secretary, Mrs. Rose Meeks and Don Casto, Jr.; and treasurer, Harold Cunningham, unopposed as Ruskin Richards asked his name be withdrawn. Kunz asked for nominations from the floor but none were made.

Retire To Separate Rooms

Representatives of each of the member organizations in attendance retired to different rooms in the school to cast their ballots. The Prairie Township and 11th ward representatives returned in a short time, while Franklin Township members were closeted for almost an hour.

As election tellers prepared to announce the results of the election, Don Casto, Jr., asked that a roll call poll of votes be made on the Prairie Township voting delegates. The poll was interrupted by a demand from Robert Steele, Franklin Township trustee, that the rules of voting be read from constitution by-laws by the president, Mayor Kunz.

The rules were then read. They detailed voting procedure, the provision of six votes per voting member organization, in particular. They did not mention that organizations must be paid up in dues to be eligible to vote.

The poll was continued and the announcement of the election of the following officers was made:

President, D. J. Kunz re-elected; vice-president, Dr. W. G. O'Hara; secretary, James Casto; and treasurer, Harold Cunningham, unanimously elected.

Heated [illegible]

Robert Steele asked Kunz if representative organizations had to be paid up members in order to vote.

17 Seniors Tapped For Honors In Ceremonies At West High

By Lu Ann Witt

At the traditional "Tapping Ceremony" at West High on Mar. 22, a total of 12 girls and five boys from the senior class were chosen for membership in the National Honor Society.

The "tapping" is symbolical of the court of King Arthur where pages were tapped on the shoulder with a sword to show that they were qualified to become knights. After this ceremony they were put on trial to see if they fulfilled the requirements.

It is the same thing with these seniors. They are tapped on the shoulder with a small scepter by their registration room teachers. After this ceremony, they are put on trial until June when the final acceptance ceremony is held.

The requirements for becoming a member of the National Honor Society are strict. They include having a scholastic average of 3.5 or half A's and half B's. Students must also have qualities of leadership and be of service in their school activities.

The newly elected candidates are Kathryn Allard, Dorothy Casteel, Barbara Constans, Nancy Holloway, Patricia Hopper, Lois Hunter, Georgia Kearney, Darlene Large, Lois Mowan, Judy Swartz, Ruth Topping, Bernice Uhl, Douglas Baus, Ronald Forrer, Paul Longmire, Jon Seidel, and Richard Trott.

Possible Power Cut Off Ahead For Trailers

Seventy families at the Westgate Trailer Park, 201 Wilson-rd, were expecting to find themselves without electrical power Wednesday afternoon, Mar. 30, unless the park owners and the Columbus and Southern Electric Co. iron out a dispute over a sub-metering system installed in the park.

Using the sub-meters, park owners have been billing trailer residents for individual shares of the total park bill. Columbus and Southern authorities hold that this action constitutes "reselling" of power to residents and have ordered the owner to quit it.

Park owners were scheduled to file a complaint with the Utilities Commission late Tuesday afternoon.

"We are not out to make any money by reselling electricity and we charge the same rates as Columbus and Southern. If we can just get our money back, we'll be happy," declared Alfred A. Long, spokesman for the park owners.

GOP Council Candidate Westlake Demands More Rigid Building Code

W. Ralston Westlake, Republican candidate for city council, declared today that more rigid building code legislation must be enacted to protect purchasers of prefabricated houses.

He stated the manufacturers of pre-fabs together with the contractors should be jointly responsible for the houses they erect in Columbus. As it now stands, the responsibility for defects in material and workmanship is often shuttled back and forth.

"It's not right," Westlake said, "that recourse is so difficult for some pre-fab owners."

The practice of some builders applying shingles with a stapler instead of using roofing nails was also pointed out. The recent winds did much damage because of this type of expedient application.

He urges immediate attention be given this as the building season has already started.

"A gentleman is the one who helps a woman across the street even if she doesn't need help."

TEEN TROUBLES
by
John Douglas, M.D. and Mary Douglas

"Question: How can a guy learn to understand girls — especially the pretty ones?

Answer: It's a tough job, boy. Most of us never do, even if we live to be a hundred. But there's one thing for sure—it will be a lot easier if you get rid of the idea that all girls are alike.

They're not, you know. It's surprising how different they can be. Sure, I know. They act alike. They dress alike. They scream over nothing. And giggle. But that's just on the outside. Inside, they're just as different as can be. That's why you have to use a different approach on different girls.

Keep it to yourself, but try studying the girls in your crowd. Study them as individuals, not as a group. Pick out the one most attractive and try to figure out what makes her tick.

What are her interests. What does she do with her spare time? What kind of work is she doing in school? How does she treat her parents? (That may sound silly to you but, believe me, it's important.)

Is she too popular? Are you afraid you wouldn't rate a date with her? Well, I hate to say this, but if she's popular because she's a heavy necker—better skip her. She'll get you into jams that will make you feel silly later.

If she's popular because she's pretty and nice and fun to be with—then your best cue is to be casual for a while. You see, even the very nicest girl—if she's terribly popular — sooner or later begins to get the idea that all she has to do is look at a boy and he becomes her slave.

So be different. Call her up for a chat, but don't ask for a date. Since all the other guys have probably been beating her door down, she'll be puzzled when you don't. After a while with this kind of treatment, ask her for a date. Then wait a couple of weeks before asking for another.

The idea is to be friendly but casual. Keep her guessing. Try to remember that the "too popular" girl is most attracted to the fellow who does NOT fall at her feet.

NEWS OF HILLIARDS

Weather So Far This Year Has Disastrous Effect On Farming

By Louise Pohlmann
FE. 8-4184
P. O. Box 29, Hilliards, O.

On Mar. 12, 1954, the Record carried a resume of farming prospects for the season and noted that at that time plowing had almost been completed, with early seeding of all major crops anticipated.

Miss Pohlmann

On Mar. 31, 1955, less than one-third of normal field preparation has been completed. The prospects of increased barley and oats have been shattered by wet weather and the cold. It will take time for fields to dry out sufficiently to be worked and by then the areas planned for the cereal crops undoubtedly will have to be given over to soy beans, John Russell of the Russell Grain Co. said. So far, the weather has had a disastrous effect on farming operations in this area, Russell added.

Beginning at 7:30 this Sunday evening, Hilliards Methodist Church enters upon its traditional week-long observance of Holy Week. Rev. John P. Adams will exchange pulpits with the pastors who will visit here and conduct the nightly services, Sunday through Wednesday.

The service on Sunday will be sponsored by the youth of the church with Rev. Joseph C. Snyder, pastor of the University Methodist Church of Columbus, speaking on the topic, "What the Cross Cost God."

"The Struggle and the Victory" is the title announced for the sermon on Monday evening by Rev. Bruce B. Wendt, pastor of Maynard Avenue Methodist Church.

On Tuesday evening, Rev. James P. Walston of Linden Heights Methodist Church will preach from the subject, "Redeeming the Depths.'

Rev. C. B. Harrison of North Methodist Church will address the Wednesday evening service, speaking on "The Guardian of the Sacred Flame."

Maundy Thursday will be observed on Thursday evening with Holy Communion in charge of the resident pastor.

On Good Friday morning the Hilliards Methodist Youth Fellowship groups will go to Trinity Methodist Church, Fifth-av and Cambridge-blvd for Holy Communion service and breakfast at 6:30 a. m.

Three services will be observed on Easter Sunday, beginning with a sunrise meeting at 6:30 when the choir will sing the Easter Cantata, "The Crucifixion,' by John Steiner. At 7:15, in-

Immortalists and Senior Youth Fellowship will hold their sunrise breakfast.

The first Easter worship service will be held in the Hilliards Methodist sanctuary at 8:15, when the junior choir will sing. Confirmation service will be held at this time for 22 children. At 10:45 the final service will begin, when new members will be received into the congregation.

Rev. Adams reported that the recent three-week building fund canvass conducted here by Rev. Dr. Paul W. Zieke, representing the Wells organization which directed the survey, surpassed its goal in the amount of pledges received. An initial goal of $80,000 was set and when the last meeting was held Wednesday evening of last week, pledges up to that time totaled $94,178, with additional pledges continuing to come in. Two hundred five families responded, resulting in the final official figure available on Wednesday.

Committees for the ensuing 150-week period to be devoted to completing the work of confirming and gathering in pledges were appointed to follow up the initial efforts of the original canvass committees. John Russell and C. R. Arnold were named co-chairmen of the monitoring committee; M. D. Hartsook and Robert Snider are co-chairmen of the counselling committee, and Bassel Johnson and Robert Kinney are co-hairmen of the follow-up committee, which will work for 60 days to complete contacts which are still to be made.

Because of inclement weather and sickness among the canvassers, several members and others in the community have not been contacted as yet, Rev. Adams said.

The building committee will meet at 7:30 this Saturday evening at the church to survey the results of the canvass and go over plans for the church building program. A congregational meeting to act upon the program probably can be called before June, Mr. Adams also said. A resolution commending the work of Mr. Zieke to be embodied in a letter to the Wells Organization was adopted at the Wednesday evening meeting.

Mrs. Bassel Johnson, Mrs. Kenneth Swepston, and Mrs. Loots Horton from the Hilliards Methodist Church attended the Women's Society of Christian Service Jurisdictional Conference of Ohio Area at Cincinnati on Thursday and Friday, Mar. 17 and 18.

The Prayer and Study Group meeting for this week was cancelled by the Hilliards Methodist Women to permit them to serve the dinner at noon for the Standard Oil sponsored meeting held for farmers of the area at the Odd Fellows Hall on Tuesday. The regular meeting will be held as usual next Tuesday at 10 o'clock.

Homemakers are urged to be on the lookout for announcement of the next visit of Goodwill Industries truck to Hilliards. Since spring housecleaning time is here, Goodwill offers the best possible disposal method of items no longer needed or wanted as spring cleaning brings them to light. Don't throw away, burn or otherwise discard anything until after calling one of the local representatives to find out if such items are usable by Goodwill Industries. Hilliards representatives are Mrs. Dorothy Knowles and Mrs. Kenneth Swepston.

A number of ladies from the Hilliards Methodist Church attended the preview at Loew's Ohio Wednesday of last week of "The Man Called Peter." Among those enjoying the fine religious film featuring the life of Peter Marshall, chaplain of the United States Senate at the time of his early death, were: Mmes: George Brown, Warren Thomas, Frank Schleich, John Adams, Dorothy Knowles, Kenneth Cornell, Paul Van Cullin, Robert Kinney, Kenneth Swepston, Bassel Johnson and Mart Beerper.

James Weaver, who has served as scoutmaster for Boy Scout Troop 166, sponsored by the Hilliards Methodist Church, and whose excellence in his work is attested by the continuing growth of the troop and the enthusiasm of the scouts, has announced his retirement from the position. Richard Crawford of Grant-st, who has assumed the position as the new scoutmaster, has had considerable experience at Ohetz, where he resided until lately moving to Hilliards. Kenneth Wolf and Stanley Robinson are assuming duties as assistant scoutmasters.

The Columbus Citizen District Spelling Bee; held last Friday at Rome Prairie School, was well represented by contestants from the Hilliards Grade School. Twelve of the 36 in the written contest were from Hilliards and three from here took part in the oral spell-down, out of a total of 18. The latter three included Patty Hartley, Linda Shaw and Caryl Carpenter. Finishing in sixth place, Caryl will be the only representative from Hilliards to go on to the county spelling bee which will be held at Whitehall School Friday, Apr. 1.

The Mothers' Club of Hilliards Elementary School sponsored a party given to celebrate the termination of dancing classes held at the school in the last 10 weeks.

Tagged, "Around the World Hop," the party was held in the cafeteria of the school, which was decorated with little airplanes, maps, airway posters and balloons, to give the exotic atmosphere of foreign travel. Ninety-five junior high school students participated in the classes conducted by Larry and Joyce Horn. Mothers who served on the party committee included Mrs. Donald Printz, Mrs. John Yoes, Mrs. Paul Pence, Mrs. Richard Marsh, Mrs. John Russell, Mrs. Frank Bowman, Mrs. Howard Durban and Mrs. Lewis McCracken. Teachers who were guests were Mr. and Mrs. Don Shaw, Mr. and Mrs. Roy Moore and Mr. Hartsook.

Dance trophies for the best dancers were given to Beryl Holdren and Don Yoes and consisted of cups engraved with their respective names.

Of the many worthwhile activities sponsored by the Mothers' Club, the class just ended, imparting training in the social graces as well as how to dance, has received the almost unanimous approval and praise of parents of local students.

Horseshoes in the hands of team mates can be almost as dangerous as when attached in traditional usage. Kenny Bennett discovered at Hilliards High School last week.

In a game with other high school youths, a shoe tossed by a companion struck Kenny, causing injuries which resulted in his being taken to the doctor's office for emergency care and then home for the remainder of the day. Fortunately he was able to return to school the next day and has reported for class ever since.

Hilliards High School marching Band accompanied by Mr. and Mrs. M. D. Hartsook and Mr. and Mrs. John Russell, left by Lake Shore Bus yesterday morning for Washington, D.C.'s famous Cherry Blossom Festival and a tour of the nation's capital city and historical monuments.

April Is Discard Drive Month For The Volunteers Of America

Outgrown clothing? Shabby drapes? Thinking of sprucing up? It's a good idea, according to the Volunteers of America. When you start housecleaning, fill a box up with those discards. Then instead of keeping them around to collect dust for a couple of years, decide right now to pass them along for someone else to use.

Your discarded outgrown clothing may be just the item a needy family can use to tide them over. A shabby chair that you want to replace can be built over by the Volunteers of America to provide furnishings for a burned-out family. The papers and magazines can be salvaged to support the work of the organization.

As a special feature the month of April is designated as a special housecleaning discard drive by the local post of the Volunteers of America. The truck drivers will pick up your housecleaning discard, and the local staff will be busy renovating clothing and furniture for additional use by other families. The telephone number is CA. 4-8665. Call the Volunteers of America the first day you start housecleaning, and they'll pick up what you have discarded.

WEST HIGH NOTES

Seven Local Students To Take Part In All City Spanish Fete

By Lu Ann Witt

On Apr. 1, seven members of the West High Spanish Club will participate in the All-City Spanish Party at South High School. The West High group will present a South American fashion show which will be directed by Judy Jeckell. The models are Vera Jean Mincks, Joan Gilliland, Dave White, Ronnie Stilwell, and Jack Kamer. Lu Ann Witt is the pianist.

The choir has been asked to present a program for the Mid-West Athletic Association Convention on Wednesday night, Mar. 30. The convention is being held at the Neil House and the choir feels highly honored in being asked to sing.

The Beginning Choir is announcing its newly-elected officers. They are, president, Donley Wray; secretary, Gayle Lamb; treasurer, El Ann Pospichel; and student director, Paula Martin.

The Y-Teens, Hi-Y, and VCY are sponsoring a series of Easter services during Holy Week. The services will be held at 8 a. m. in room 317 on Apr. 4, 5 and 6. Two of the speakers will be Fred Elder and George Brown, who are both alumni of West High. On Thursday, Apr. 7, the Hi-Y is sponsoring an Easter assembly.

The West High library monitors for the second semester are Dwain Dorr, Peggy Hastilow, Lu Ann Witt, David Thompson, Paula Martin, Jack Nacham, Marietta Morgan, Linda West, Ruth Evans, Barbara Plummer, Pat Evans, John Hill, Janet Roberts, Linda Winn, Connie Campbell, Loretta Davis, Barbara Bowsher, Judy Thivener, Joann Davis, Jim McWilliams, Jack Kamer, Melda Jones, Shirley Culp, and Dan Mead.

Among the duties of a library monitor are to check books in and out, check attendance, shelve books and numerous other jobs. The requirements for being a library monitor are to be on the semester honor roll of the preceding semester, be reliable and honest, and to be carrying a fairly light schedule.

We should also like to congratulate Janet Young on being chosen to represent the Y-Teens of Columbus at the national convention in New York, April 21-27.

Seiller's Sponsor 'Win Ed Furgal' Golf Contest

If you're an expert on golf — predicting the score of someone else, that is — you should enter the "Win Ed Furgol" contest, being sponsored by Seiller's Department Store, in conjunction with the McGregor Sportswear Company.

All that's necessary to win one of the more than 100 awards is for an entrant to predict the closest to Furgol's finish and scores in the 1955 Masters' Tournament, scheduled to begin April 7 at Atlanta, Ga.

Actually, there will be six top-flight winners — one from each of six designated areas of the country. These six winners will receive a personal visit from Furgol and, if they so desire, be given a golf lesson by the 1954 U. S. Open Golf Champion. In cases of ties, finalists will be asked to complete this sentence in 25 words or less: "I like golf because . . ."

Included among the tangible awards are $100 in sportswear, watches, radios, fountain pens, electric shavers, clocks and cigarette lighters.

Entry blanks are available at Seiller's where provision for deposit has also been made. Deadline for entries is April 8.

New Everglades Restaurant Open For Business

The recent completion of the new Everglades Restaurant and Cocktail Lounge at 4280 W. Broad st, just west of Ternstedt Division of GM and Westinghouse Appliance Plant, was announced this week by Tony Delawese, owner, and Joe Biagini, manager.

Although its grand opening rite is scheduled for later this spring, the Everglades is now serving noon lunches six days a week starting at 11 a. m. and is open at 3 p. m. Sundays. Evening meals are served every night. The Everglades specializes in all types of Italian and American food.

Modern in architecture, the Everglades is 121 by 154 feet, featuring one large dining room which will accommodate 200 people. The interior decor features pastel-colored leather booths, individual table settings, and hand-painted murals on the walls.

A revoling circular stage adjoins both the dining room and the cocktail lounge so that various entertainment acts may be seen by patrons in both places. The cocktail lounge, with a new "bow-type" bar, will accomodate 175 patrons.

Reservations must be made for use of the party room in the basement, which will accommodate 200 with private cocktail facilities.

In addition to modern serving and kitchen facilities, the Everglades has an automatic rheostatic-controlled indirect lighting system.

Parking is provided for 500 cars. The entrance foyer to the restaurant has an imported flagstone flooring.

In the southwest corner of the building at front is a completely glassed-in barbecue section, where patrons may observe ribs, chicken, ham and other barbecue specials under preparation.

Carpeting throughout the Everglades is patterned to match other furnishing and decor.

If your dog leads you on his leash and barks commands at you, and you wish it were the other way around, you might well consider taking an obedience training course with him.

The Columbus All-Breed Training Club, under the leadership of John Richardson, 674 Derrer-rd, offers beginning and advanced obedience training courses for you and your dog. The eight-weeks courses teach you to teach your dog.

Twenty dogs and 20 owners enter the classroom at Franklinton School, 617 W. State-st. The dogs are straining at the leash, yapping, and pulling their unwilling captors in all directions. By the end of the first hour the dogs have quieted down and are amazingly cooperative, according to the head trainer of the club, Mrs. Edward Wanek, 4300 Alkire-rd.

The first thing taught the dogs is "heeling", walking at the left side of the owner with their shoulders in line with the person's knees. From this, the training proceeds to learning to "sit," "sit stay," to come when called, to "lie stay," and to sit several minutes without the owner being near.

Training is not aimed at producing show dogs. Rather it is teaching simple commands and acts, which upon mastery, will produce a more tractable pet, and one which has more respect for his owner.

The owner himself is happier because he is proud of his dog's obedience, respect and more dignified bearing.

At the end of the eight-week course, if the dog can pass a simple obedience test to the satisfaction of the trainer and her staff of assistants, he is "graduated" and receives a graduation certificate. A ceremony is held at which time trophies are presented to the four dogs having the highest scores on the final test. The club has graduated 25 dogs.

About one-fourth of the dogs which have completed the beginner's course are working on more advanced training trying to get their CD (Companion Dog) degree. Five of the club-trained dogs have received this degree, which is one having requirements set up by the American Kennel Club.

They must compete in three AKC-licensed shows under three different judges and receive 170 points out of a possible 200.

Three of the dogs trained by the All-Breed Training Club are now working on their CDX (Companion Dog Excellent) degree. After attaining this rank they will go on to train to get their UD (Utility Dog) degree.

The Columbus All-Breed Training Club, in existence only since Mar. 12, 1954, held a show with American Kennel Club approval in January of this year. After another show, planned tentatively for June, the Columbus club will be eligible for the coveted AKC charter. It may then hold shows of its own with its own trophies, ribbons and prizes.

Mrs. Wanek, club trainer, not only runs a kennel of her own, but grooms and trains 17 of her own dogs. Some of these she shows all over the Midwest. She has received 80 trophies and many other ribbons and prizes.

She remarks that "once a dog-owner wins a ribbon, the 'bug' has bitten him. There is no end to the amount of effort he will put forth on grooming and training to win another ribbon or get a trophy"

Several Hilltoppers are on the club roster. Mrs. William Duff 2629 Elliott-av, is a charter member and club secretary. Dr. Priscilla Alden of 1963 W. Broad-st is also a charter member. Mrs. Herbert Eggleston, 231 Haldy-av, owns an English setter which was a trophy-winner at the completion of the club's training course.

Besides Mrs. Wanek, there are four other Franklin County club members. Mr. and Mrs. William D. Mitchell, 1049 Jackson-pk, have a trophy-winning English setter. Mr. and Mrs. John Richardson, 674 Derrer-rd, own four dogs which are enrolled in the club.

At a meeting of the club tonight election of officers will be held

A new class for beginners will start Tuesday Apr. 5, at 7:30 p.m., in the Franklinton School, 617 W. State-st. If you would like to have your dog and yourself "educated" at the same time in this course, call John Richardson, RA. 6623, or Mrs. Wanek, JO. 5696, for further information.

In Passing

By Esther Weakley

MY FRIEND, SPRING

If anyone should want to know
Where I am today,
Tell them that I can't be sure;
Not to look. Just say
"She is searching for a friend —
One she lost last June.
After three enchanting months
Which ended all too soon."

Say that I have reason to
Think my friend is back;
Certain new discoveries
Put me on her track:
Crocus footprints where she walked;
Daffodils she dropped;
Birds repeating songs she sang;
Grasses where she stopped.

If my search should be in vain,
It won't fail much longer —
Not when every passing day,
Clues are getting stronger.
Maybe she is waiting now
Just around the bend;
I shall bring her home and say:
"This is Spring — my friend!"

The other day I saw a cellophane bag of sassafras roots in a store and took it home and made tea. It didn't taste like the tea my Grandmother used to make, though maybe I didn't know how to make it. Grandma always knew the first day of spring, and she didn't go by the calendar. The day she went out alone and stayed several hours, then came home with a basket full of sassafras roots and pussy willows; mud on her shoes and dress and spring in her sweet face — whether the calendar said it was the 21st of March or the 21st of April — THAT day was the first day of spring. After her announcement that spring had come, she sent Grandpa to the little store for a supply of yellow soap, sulphur, and paint. The soap was for cleaning — the sulphur went with the molasses for the spring tonic, and the paint for woodwork, floors or the outside of the house. Anyway, I always remember the awful smell of paint in connection with spring. It wasn't the quick-drying or odorless kind of paint we have nowadays either. It seems that it would take it days to dry and to stop smelling. And Grandma had no vacuum cleaner or push-button gadgets to make her housework easy. Of course there was no soot or coal smoke to clean either, for heat was furnished by wood-burning stoves and fireplaces. In those days you dusted once a week — Saturday — and that was it, but I can't recall that I ever saw a speck of dust on anything in Grandma's house.

His Daddy is taking him to Newark. It will be his first trip to the dentist. We think by Tuesday he will be glad to go back to school . . . From Douglas, Ga.: "I'll send you a box of camellias if you will send me some forsythia and pussy willows . . . Why don't you mention the Gabors in your lists of things you don't like? . . . I have begun my spring plowing. A good plowing job is half the crop.

From somewhere — "How are you going to save face with your parents," asked the teacher, "when they see this report card?" "It's the other end I'm worried about, savin'" said the lad . . . Scandal is a breeze that was stirred up into a cyclone by a windbag . . . Some minds are like concrete; all mixed up and permanently set . . . Trouble is usually produced by those who produce nothing else . . . The man who falls down gets up a lot quicker than the man who lies down.

LETTERS TO THE EDITOR

Dear Editor:

I wish to offer the following as a protest to putting the quail back on the game bird list.

Bob White! Bob White! I hear from meadow-grass so tall: No finer song could come from throat so small: He calls his mate from highland and from dell: She hears, and heeds, and knows that all is well: Think twice, O Man, before you sell that life away. Without his song, your life's so dull and gray: He's worth a thousand times the pleasure you might get. From hunting down and killing him: and yet — You, mercenary sportsmen, would destroy — His calm and beneficial life to satisfy — A giddy greed for pleasure: let him not die! Live on, Bob White, in peace and happiness. And raise your brood in quiet wilderness. And He who always marks the sparrow's fall — Will keep His kindly watch and care o'er all.

"Suaviter in Modo, Fortiter in Re"

—this desk motto of President Eisenhower, meaning, "Gentle in manner, strong in deed," sounds good to us here in the Hilltop YMCA.

Large assemblies of people require discipline and guidance. Our trained men, supervising hundreds of boys and young men daily are gentle but firm. They have won great respect and met with amazingly few problems.

This helpful service should mean much to many families and to the community as well. To maintain and expand our year 'round services, we need new sources of income in order to erect a new YMCA building and invite your thoughtful consideration when making or revising your will.

"It's awfully funny, but swear I'll keep it a secret!"

Molly Sue, year-old daughter of Mr. and Mrs. Harold L. Buchanan, 322 S. Roys-av. was about seven months old when the above photo was take. Honestly its a hard expression to classify. She appears to be laughing and extremely amused with her eyes, yet shows tight-lipped determination with her mouth.

MINUTE INTERVIEW

"What plans have you made for your spring gardening activities?"

Mrs. George J. Fabrenbach, 128 S. Westgate-av: "My husband is on vacation now and he cleaned out the flower beds yesterday. We always raise our own tomatoes, lettuce, radishes and onions and have lots of flowers. The daffodils and crocuses are blooming now."

Mrs. Richard Cable, 3645 Hi Pass-dr: "We both enjoy working in a garden and always have a small vegetable garden and a few flowers."

Mrs. Joseph B. Gunnet, 326 Midland-av: "Although no one else in the family seems to have time for a garden, I always have a few flowers. I like to save the seeds myself and will replant them again this year."

Mrs. A. C. Sheppard, 285 Nashoaba-av: "We have a lot 218 feet so we have plenty of room for a garden and always raise all our own vegetables, including corn. My husband works in an office all day so he enjoys working outside."

Mrs. James P. Taylor, 265 Belvidere-av: "We have so many trees and too much shade to grow very many flowers."

YOUR HILLTOP BRANCH LIBRARY

New Books On Shelves Include Variety Of Titles, Subjects

By Mildred Phaler

A new library book, "A Psychological Approach to Accidents," by Norman Lykes, ties in appropriately with the newly organized Hilltop Safety Council. Chapters deal with good and bad drivers, psychology of accident-penalties, effective laws, and other interesting aspects of the subject.

Listeners to Columbus Town Meeting will remember the recent program in which Harrison E. Salisbury was interviewed. His new book, "American in Russia," is now available at the Hilltop Branch Library. The book was published just after Premier Malenkov resigned his office and in a post-publication note the author states, "predicted political changes in the Soviet Union is a kind of modern Russian roulette. The only safe prediction is that there will be changes, and that they will not conform to any predictions or plans."

Atomic energy, its present and future potentialities, are questions in most minds today. A new book by the Science Editor of Scripps-Howard Newspapers is titled "Atomic Science, Bombs and Power." David Dietz presents a survey of progress in the field of atomic energy since the close of World War II, and evaluates its impact upon the world. Material presented is based entirely upon existing scientific literature and the reports made public by the United States government.

Turning from the problems of the day to lighter reading, we come up with the charming "All My Darlings" by Thomas Byrnes. The story of the Byrnes family is as delightful and intriguing as its title indicates. "Champagne Before Breakfast" will be welcome meat for those familiar with Hy Gardeners' weekly gossip column in the New York Herald Tribune. The book is pure unadulterated gardener in every sense.

Garden Club members will be interested in the new book "The Art of Plant and Driftwood Arrangement" by Tatsuo Ishimoto. The ladies are going to love the new book by John Robert Powers, "Secrets of Charm." In his introduction, "What Is Charm," Powers quotes Elizabeth Barrett Browning's tribute to feminine charm: "When you praised her as Charming, some asked what you meant. But the charm of her presence was felt where she went."

New fiction books include the historical novel by Walter O'Meara, "The Spanish Bride." There are also four new love stories, "Money to Burn," by Elizabeth Cadell; "Julia Comes Home," by Elizabeth Fair; "I Take This Man," by Emilie Loring, and "Harvest of the Heart," by May Mellanger.

Hilltop Branch Library is located at 3955 W. Broad-st. We are always glad to have you visit us. Hours daily are from 1 to 9 p. m. and on Saturday from 9 a. m. to 5 p. m.

Local Traffic Accidents

Cowboys Continue Daily Diamond Workouts; Season Opens Apr. 5

By Wendy Owen

West High School's baseball squad continued its daily workouts during the past week despite the wintry weather which drove the players indoors.

The opening contest of the season is scheduled for Tuesday, Apr. 5, on the home lot, with Arlington furnishing the opposition. Much work remains to be done with, the Cowboys before then, as no player has cinched a starting assignment and several players are battling for each position.

The opening game's starting line-up will probably be selected by Headcoach Pierce from the following players:

Catchers—Ed Wards or Brobeck; pitchers—Deahler, Spratley, Watkins or Courtney.

At first base, four candidates are battling for the starting assignment with the race pretty even at the present time. This position seems to be the biggest question mark on the infield.

Williams or Reeves will start at second base, while at shortstop, Clapsaddle, Courtney and Davis are battling it out. Davis is also sharing the hot corner with Dinsch.

In the center garden, Nebinger, McDonald, Poston, Dolder and Swindler seem to have the inside track on the three starting posts and any three of them should handle the job very well and give the Cowboys a strong outfield both offensively and defensively.

Glenwood Takes Several Honors In Inter-Center Foul Shooting

In the inter-center foul shooting tournament held at Schiller Recreation Center Mar. 23, Glenwood copper first and second place in the junior boys' and senior girls' divisions, second place in the senior boys, third in the intermediate girls, and a two-way tie for third.

Bob Wesley, one of Glenwood's star junior basketball players, sank 11 throws out of 15 shots to win the junior boys' title. Bob Young, a junior high basketballer, tossed in nine out of 15 which earned him second place.

Annette Forgrave and Louisa Potts took first and second place, respectively, with 14 and 13 out of 25. Louisa won Glenwood's tournament with 20 out of 25, while Annette was second with 19 of 25.

The senior boys' division offered some stiff competition as Schiller's Jack McNabb split the nets 21 times out of 25 shots to win the event for Schiller. Glenwood's John Walter swished in 20 for 25, which gave Glenwood a close second place. Walter had previously made 23 for 25 in the center tournament at Glenwood.

Stan Huff, Glenwood's intermediate entry, failed to place. He, too, made a good showing at Glenwood where he made 21 out of 25.

Alice Martin placed third in the intermediate girls with 12 of 25 shots. Alice was second in the Glenwood tournament with the same score. Sue Veregge was first, but was unable to compete in the inter-center tournament.

In the junior girls division, Donna Berlo and Ellen Lininger tied for third place with five out of 15 each.

Franklin Twp.—

(Continued from Page 1)

A heated discussion ensued as to who was eligible on this basis, during which Secretary LeCaptain pointed out that very few member organizations had paid their dues for the past year.

A woman member of the Camp Chase Civic Association sprang up and demanded to know why her organization was not voting in this election. Kunz pointed out that he had contacted the president of her organizattion about this meeting and that he was not responsible for the fact that no voting delegate was present.

John Hill, chairman of the Franklin Township Citizens' Association, asked for clarification of election laws. He questioned the legality of the just - completed election and stated that if it was illegal, he would have to ask that his group withdraw from the WFCA.

Hill then asked Kunz for a reading of the by-laws on election procedure. Kunz said the election was legal, and that he had read the by-laws asked for only a few moments before. He announced that the installation of the new officers would take place at this time.

Delegation Walks From Hall

All Franklin Township representatives, with the exception of LeCaptain, on duty as secretary, grumbled and stalked from the hall, leaving 19 other association members to witness the installation.

Mayor Kunz attempted to proceed with normal business, stating briefly how WFCA meets with applicants for changes of zoning of their property to get the Association's approval or recommendations before their cases come before the county zoning commission.

LeCaptain interrupted to state that the organization was supposed to represent the 30 groups in the West Franklin county area listed on their letter-head paper, but that actually it was run by three or four individuals. Asserting it had not functioned as intended, he then said, "Two or three people form policies which we, as an organization, are supposed to be in favor of."

Kunz cited an instance in which he called property-owners together to oppose successfully the installation of a factory in an exclusive residential district. He calmly added that every group can expect to have people who oppose them, but added that, of course, the Franklin Township people would be asked to rejoin the WFCA.

A suggestion was made by Don Casto, Jr., to the effect that the organization should have a new type executive committee, possibly a trustee type.

No discussion was made and the meeting was adjourned.

The closing service Easter Sunday evening will be a foreign missionary meeting. Rev. Paul Johns is pastor of the church.

Hilltop Artist To Exhibit In YMCA Art League Show

A well known Hilltop artist — Allen F. Seipel of 826 S. Roys-av — will be one of 14 artists whose paintings will be exhibited during a preview reception of the YMCA Art League at 8:30 p. m. Thursday, Mar. 31.

Seipel and other members of the YMCA Art League will welcome guests in the Auditorium of the Central YMCA, Long and Front-sts, where 40 paintings will be on display during he group's first annual exhibition.

The YMCA Art League was organized three years ago by members of the YMCA's Informal School art classes. Seipel, instructor for the Informal School sketching and painting classes, is also advisor for the group. A graduate of West High School and the school of fine arts, Ohio State University, he is co-owner of the Art-Glo Neon Sign Co., 2186 S. fifth-av.

West Hi-Y Boys To Take Part In The Lily Parade

Ten West High School Hi-Y members will join in a Lily Parade for crippled children of Franklin County Friday, Apr. 1, from 6 to 9 p. m. at Central Point Shopping Center.

Under Woody Hayes, Easter Seal chairman, and his lettermen from Ohio State, the fellows will parade along with 100 other high school members from 12 different schools in the city in six suburban shopping areas. High school girls have "Paraded" for 14 years and now the boys will join ranks in an effort to add to the funds which are used by the Franklin County Society for Crippled Children, 563 E. Town-st.

Selling the white paper lilies, the symbol for help to the crippled and handicapped child, from football helmets, the Hi-Y members hope to set an enviable goal for the girls to match with their parade the next day.

Easter Seal funds and the Parade contributions make up the sum from which the Society draws to do its work with all children who are afflicted with cerebral palsy or handicapped in any way.

Fellows who will work at Central Point are: Fred Lanch, 35 N. Hague-av; Bill Spratley, 106 N. Ogden-av; Tom Howells, 439 S. Huron-av; Pete Ritter, 195 Belvidere-av; Victor Jutt, 116 Coolidge-av; Gary Link, 2182 W. Mound-st; Eddie Richardson, 31 N. Westmoor-av; Parker Brigner, 675 Wrexham-av; Pete DeSharzo, 350 S. Richardson-av; and Dennis McDonald, 147 N. Westmoor-av.

It is estimated that there were 1,200,000 new houses built in our land during 1954.

Details Of Several Free Chest X-Ray Programs In Area Listed

Final plans were announced today for the free chest X-ray programs to be conducted in this area by the Christmas Seal X-Ray Cruiser starting Monday, Apr. 4.

The Tuberculosis Society said today it would add a sixth stop to the itinerary on Saturday, Apr. 9, when the Christmas Seal X-ray Cruiser will serve Mix Addition.

In charge of the Mix Addition program will be Mrs. William Robert McMillin, 238 Mix-av. The society will use a power generator in this area, rather than an electrical connection. This will permit it to move freely about the addition, including the trailer park, thus providing more complete coverage.

The Mix program is scheduled for 1 to 5 p. m. Saturday. All other programs will be from 3 to 9 p. m.

The first stop will be at Urbancrest School Monday, Apr. 4, where Mayor William H. Johnson of Urbancrest has a plan for encouraging 100 - percent participation. He said that the X-ray committee there would question all non-participants as to why they did not take advantage of the free Christmas seal service. The Tuberculosis Society in a follow-up program would then answer these persons' questions and stress the purpose of this health service.

Mayor Johnson also announced the names of Mrs. Charles A. Walton and Mrs. Fannie Tolliver as assisting on the church committee.

Tuesday, the Christmas Seal X-ray Cruiser will operate at Georgesville School under the direction of Floyd Peterson. Peterson, who is principal of the school, said the school children would actively promote the program. The younger pupils will write letters urging their parents to participate and the older pupils will letter and circulate posters in the area.

At Galloway Wednesday, Apr. 6, the bus will be stationed at the rear of the M. A. Pfeifer Apartments. Thursday, Apr. 7, it will locate at Harrison's Market, Rome-Hilliards-rd and W. Broad-st, and on Friday at the Lincoln Village Office Building.

In New Rome, Mayor D. J. Kunz, general chairman of the Prairie Township program, said that a fire engine with loudspeaker facilities would probably be used in the area to stress participation.

The Lincoln Village Residents' Association will write letters to all Villagers asking them to help make the program a 100-percent effort. In charge of this promotion is Dr. Richard B. Butler, who heads the health committee.

The society stressed today that all Franklin County residents, regardless of where they live, will be welcome at the cruiser during this series of neighborhood programs.

"While he was scooping out the contents of the cash register and forcing Miss Berman to give him all the money out of her billfold, I just sat there paralyzed. I finally popped my wedding and engagement rings in my mouth, determined to save them at all costs.

"Then, he ordered both of us into the back room, a supply room. He closed the door and the two of us went into the restroom momentarily.

"Miss Berman told me to wait while she peaked out to see what was happening out front. Then, she decided to chase him to try to catch his license plate number, and asked me to call the police. The police arrived in a very few minutes and I told my story all over again.

Back in a reflective mood, Mrs. Jones said, "I still can't get over it. He didn't talk to me except to tell me to keep quiet after announcing the stickup. He looked to me like a kindly person — one you'd never suspect of something like this."

The robber, whom Miss Berman described as about five feet 8 inches tall and weighing about 135 pounds, wore blue jeans and had a strip of adhesive tape on the left side of his chin.

Miss Berman chased him for some distance, but lost him in the 100 block of Oakley-av. An unidentified pedestrian joined her in the fruitless chase.

From the cash register and her purse, the young holdup man received about $100 in store receipts.

Hilltop Doctors Seeking To Determine Need For Limited Salk Vaccine Supply

Hilltop doctors this week expressed the opinion that a limited amount of the salk vaccine for polio will be made available after the middle of April.

They point out that children in the first and second grades are scheduled to receive the vaccinations.

In an effort to determine how many people of this community are interested in having the vaccinations made available for other children in their family, local doctors are making a survey asking that those interested mail in the coupon below before midnight, Apr. 10, to Polio Survey, care of Hilltop Business Association, Inc., 3183 W. Broad-st, Columbus 4, O.

This is a survey only and does not constitute an order for vaccine or a guarantee of inoculation.

We)
( ) am interested in receiving polio-inoculations. (List below number and ages of those desiring inoculations; do not include first and second grade school children)

Differences of opinion are the stimuli that lead to honest conclusions, if anybody wants to be intellectually honest.

ADVANCE IN RANKS

Two Hilltop youths were notified on Thursday, Mar. 24, that they had successfully passed examinations for third class petty officer storekeepers in the U. S. Naval Reserve. Don C. Light their life with Faith
Bring them to worship this week

When they're little is the best time to give the children the biggest gift of all . . .
Faith. Bulwark of the soul in troubled times. Source of inner peace every day. With it, your children will be ready to meet the obstacles . . . to relish the happy times fully.
And there's no better way to help them find Faith, than by making attendance at church or synagogue a family affair. Go together this week . . . and every week!

Franklin Twp.—

(Continued from Page 1)

A heated discussion ensued as to who was eligible on this basis, during which Secretary LeCaptain pointed out that very few member organizations had paid their dues for the past year.

A woman member of the Camp Chase Civic Association sprang up and demanded to know why her organization was not voting in this election. Kunz pointed out that he had contacted the president of her organization about this meeting and that he was not responsible for the fact that no voting delegate was present.

John Hill, chairman of the Franklin Township Citizens' Association, asked for clarification of election laws. He questioned the legality of the just - completed election and stated that if it was illegal, he would have to ask that his group withdraw from the WFCA.

Hill then asked Kunz for a reading of the by-laws on election procedure. Kunz said the election was legal, and that he had read the by-laws aloud for only a few moments before. He announced that the installation of the new officers would take place at this time.

Delegation Walks From Hall

All Franklin Township representatives, with the exception of LeCaptain, an ex-officio secretary, grumbled and walked from the hall, leaving 10 other association members to witness the installation.

Mayor Kunz attempted to proceed with normal business, stating briefly how WFCA meets with applicants for changes of zoning of their property to get the Association's approval or recommendations before their cases come before the county zoning commission.

LeCaptain interrupted to state that the organization was supposed to represent the 30 groups in the West Franklin county area listed on their letter-head paper, but that actually it was run by three or four individuals. Asserting it had not functioned as intended, he then said, "Two or three people form policies which we, as an organization, are supposed to be in favor of."

Kunz cited an instance in which he called property-owners together to oppose successfully the installation of a factory in an exclusive residential district. He calmly added that every group can expect to have people who oppose them, but added that, of course, the Franklin Township people would be asked to rejoin the WFCA.

A suggestion was made by Don Casto, Jr., to the effect that the organization should have a new type executive committee, possibly a trustee type.

No discussion was made and the meeting was adjourned.

Pre-Easter Services Are Scheduled At Local Chapel

The opening services will be conducted by Rev. Richard Humble and a group of singers from the Circleville Bible School. There will be a different speaker for each evening next week, with dedication and baptism of infants Easter morning.

The closing service Easter Sunday evening will be a foreign missionary meeting. Rev. Paul Johns is pastor of the church.

Hilltop Artist To Exhibit In YMCA Art League Show

A well known Hilltop artist — Allen F. Seipel of 826 S. Roys-av — will be one of 14 artists whose paintings will be exhibited during a preview reception of the YMCA Art League at 8:30 p. m. Thursday, Mar. 31.

Seipel and other members of the YMCA Art League will welcome guests in the Auditorium of the Central YMCA, Long and Front-sts, where 40 paintings will be on display during the group's first annual exhibition.

The YMCA Art League was organized three years ago by members of the YMCA's Informal School art classes. Seipel, instructor for the Informal School sketching and painting classes, is also advisor for the group. A graduate of West High School and the school of fine arts, Ohio State University, he is co-owner of the Art-Glo Neon Sign Co. 1136 S. fifth-av.

West Hi-Y Boys To Take Part In The Lily Parade

Ten West High School Hi-Y members will join in a Lily Parade for crippled children of Franklin County Friday, Apr. 1, from 6 to 9 p. m. at Central Point Shopping Center.

Under Woody Hayes, Easter Seal chairman, and his lettermen from Ohio State, the fellows will parade along with 100 other high school members from 12 different schools in the city in six suburban shopping areas. High school girls have "Paraded" for 14 years and now the boys will join ranks in an effort to add to the funds which are used by the Franklin County Society for Crippled Children, 583 E. Town-st.

Selling the white paper lilies, the symbol for help to the crippled and handicapped child, from football helmets, the Hi-Y members hope to set an enviable goal for the girls to match with their parade the next day.

Easter Seal funds and the Parade contributions make up the sum from which the Society draws to do its work with all children who are afflicted with cerebral palsy or handicapped in any way.

Fellows who will work at Central Point are: Fred Lanch, 25 N. Hague-av; Bill Spratley, 106 N. Ogden-av; Tom Howells, 430 S. Huron-av; Pete Ritter, 195 Belvidere-av; Victor Jutt, 116 Coolidge-av; Gary Link, 2182 W. Mound-st; Eddie Richardson, 31 N. Westmoor-av; Parker Brigner, 675 Wrexham-av; Pete DeShazo, 350 S. Richardson-av; and Dennis McDonald, 147 N. Westmoor-av.

It is estimated that there were 1,200,000 new houses built in our land during 1954.

Details Of Several Free Chest X-Ray Programs In Area Listed

Final plans were announced today for the free chest X-ray programs to be conducted in this area by the Christmas Seal X-Ray Cruiser starting Monday, Apr. 4.

The Tuberculosis Society said today it would add a sixth stop to the itinerary on Saturday, Apr. 9, when the Christmas Seal X-ray Cruiser will serve Mix Addition.

In charge of the Mix Addition program will be Mrs. William Robert McMillin, 238 Mix-av. The society will use a power generator in this area, rather than an electrical connection. This will permit it to move freely about the addition, including the trailer park, thus providing more complete coverage.

The Mix program is scheduled for 1 to 5 p. m. Saturday. All other programs will be from 5 to 9 p. m.

The first stop will be at Urbancrest School Monday, Apr. 4, where Mayor William E. Johnson of Urbancrest has a plan for encouraging 100 - percent participation. He said that the X-ray committee there would question all non-participants as to why they did not take advantage of the free Christmas seal service. The Tuberculosis Society in a follow-up program would then answer these persons' questions and stress the purpose of this health service.

Mayor Johnson also announced the names of Mrs. Charles A. Walton and Mrs. Fannie Tolliver as assisting on the church committee.

Tuesday, the Christmas Seal X-ray Cruiser will operate at Georgesville School under the direction of Floyd Peterson. Peterson, who is principal of the school, said the school children would actively promote the program. The younger pupils will write letters urging their parents to participate and the older pupils will letter and circulate posters in the area.

At Galloway Wednesday, Apr. 6, the Bus will be stationed at the rear of the M. A. Pfeifer Apartments. Thursday, Apr. 7, it will locate at Harrison's Market, Rome-Hilliards-rd and W. Broad-st, and on Friday at the Lincoln Village Office Building.

In New Rome, Mayor D. J. Kunz, general chairman of the Prairie Township program, said that a fire engine with loudspeaker facilities would probably be used in the area to stress participation.

The Lincoln Village Residents' Association will write letters to all Villagers asking them to help make the program a 100-percent effort. In charge of this promotion is Dr. Richard B. Butler, who heads the health committee.

The society stressed today that all Franklin County residents, regardless of where they live, will be welcome at the cruiser during this series of neighborhood programs.

"While he was scooping out the contents of the cash register and forcing Miss Berman to give him all the money out of her billfold, I just sat there paralyzed. I finally popped my wedding and engagement rings in my mouth, determined to save them at all costs.

"Then, he ordered both of us into the back room, a supply room. He closed the door and the two of us went into the restroom momentarily.

"Miss Berman told me to wait while she peaked out to see what was happening out front. Then, she decided to chase him to try to catch his license plate number, and asked me to call the police. The police arrived in a very few minutes and I told my story all over again.

Back in a reflective mood, Mrs. Jones said, "I still can't get over it. He didn't talk to me except to tell me to keep quiet after announcing the stickup. He looked to me like a kindly person — one you'd never suspect of something like this."

The robber, whom Miss Berman described as about five feet 9 inches tall and weighing about 135 pounds, wore blue jeans and had a strip of adhesive tape on the left side of his chin.

Miss Berman chased him for some distance, but lost him in the 100 block of Oakley-av. An unidentified pedestrian joined her in the fruitless chase.

From the cash register and her purse, the young holdup man received about $100 in store receipts.

Hilltop Doctors Seeking To Determine Need For Limited Salk Vaccine Supply

Hilltop doctors this week expressed the opinion that a limited amount of the salk vaccine for polio will be made available after the middle of April.

They point out that children in the first and second grades are scheduled to receive the vaccinations.

In an effort to determine how many people of this community are interested in having the vaccinations made available for other children in their family, local doctors are making a survey asking that those interested mail in the coupon below before midnight, Apr. 10, to Polio Survey, care of Hilltop Business Association, Inc., 3183 W. This is a survey only and does not constitute an order for vaccine or a guarantee of inoculation.

ADVANCE IN RANKS

Two Hilltop youths were notified on Thursday, Mar. 24, that they had successfully passed examinations for third class petty officer storekeepers in the U. S. Naval Reserve. Don C. Smith, 484½ Eldon-av, and Jim Graham, 110 N. Ogden-av, took the tests more than two weeks ago. Both have been members of Division 497 of the Naval Reserve, Spring and Sandusky-sts, for more than 3½ years.

Light their life with Faith

Bring them to worship this week
When they're little is the best time to give the children the biggest gift of all . . .
Faith. Bulwark of the soul in troubled times. Source of inner peace every day. With it, your children will be ready to meet the obstacles . . . to relish the happy times fully.
And there's no better way to help them find Faith, than by making attendance at church or synagogue a family affair. Go together this week . . . and every week!

K of C Asks That Good Friday Be Legal Holiday

Santa Maria Council 2898 of Columbus has unanimously voted in favor of a resolution which would ask the city council and the state legislature to declare Good Friday a legal holiday between the hours of 12 noon until 3 p. m., according to D. Clarke Finneran, Grand Knight.

The resolution reads as follows:

"Whereas: The United States of America is recognized as the financial and political leader of all nations in the Christian world, and whereas Good Friday is the most solemn day in Christian history being recognized as the day that Jesus Christ gave his life on Calvary's Cross for the salvation of all mankind, therefore, be it resolved that Santa Maria Council 2898 Knights of Columbus of Columbus, Ohio, petition the City Council of Columbus, Ohio, and the State Legislature of the great state of Ohio to declare Good Friday as a legal holiday between the hours of 12 noon until 3 p. m., and that the business houses of our city and the state of Ohio be requested to close their doors and suspend business during those hours, so that their employees and customers may have the opportunity to attend services in honor of the supreme sacrifice of our Lord and Savior Jesus Christ.

"Be it further resolved that a copy of this resolution be furnished to the Ohio State Council of the Knights of Columbus, the Governor of Ohio and the Speaker of the House and the Senate, to the Mayor and City Council of the City of Columbus, to the President of Retail Merchants Association of Columbus and the newspapers of our city."

In a general appeal to all who might read the resolution, Grand Knight Finneran added, "We solicit your support in this matter which in our opinion deserves the favorable consideration of all people in these troubled times."

Statistics say there are 16,000,000 left-handed people in the United States.

Franklin Township Firemen In Habit Of Aiding Those Burned Out By Fire

Firemen at the three engine houses in Franklin Township may be tough men but they have a soft spot in their hearts for families burned out by a fire.

Many of the firemen are volunteers and busy at a variety of jobs throughout the [illegible] but not too busy to feel sorry for families whose possessions have been destroyed and who are financially unable to replace them. They have put their sympathy for these people into kind deeds.

About three years ago the firemen started collecting used furniture and clothing for this purpose. Since that time they have helped about 25 people in five families. People all over Franklin county heard about the project and donated miscellaneous items.

In fact, the word of the need spread so effectively by word of month that the department has had to appeal to the public only once through the newspapers. Sometimes goods are contributed when there has been no recent disastrous fire.

The township fire department maintains a storeroom for furniture and clothing. It is a small one-room building at the rear of the Briggsdale No. 3 engine house. At the present time it is well-stocked for future emergencies and there are no facilities for storing more items, according to Fire Chief James Moffitt.

Most of those who have been helped were residents of this district in the southern part of the township.

When one family's home was destroyed they could find no temporary shelter with friends or relatives as most families can. They could not afford to rent a house so the three fire companies took up a collection among the firemen to pay a month's rent for a house for them.

The assistant fire chiefs, heading Franklin township's three companies of "soft-hearted" firemen, are Angelo Dallas, of No. 1 engine house in San Margherita; Francis McCarley, of No. 2 engine house at the department's temporary headquarters, 3440 Sullivant-av, and Woodrow Eckardt, at No. 3 house in Briggsdale.

Thomas Morris Among Earliest Settlers In Franklin County

EDITOR'S NOTE: This column is being published as a public service of the Franklin County Historical Society in association with the weekly newspapers of the county. Through its publication the editors hope to create a greater pride in our American heritage and in our own home communities. Articles submitted to the editors for use in this column should be addressed to "It Happened in Franklin County" c/o Franklin County Historical Society, Columbus Public Library, 96 S. Grant-av, Columbus 15.

By Gilbert F. Dodds

Hamilton Township is one of the old townships in Franklin County. There are two villages in the township — Shadeville and Lockbourne. The township was surveyed for the government by one John Matthews in 1799. One of the young men in his surveying party was Thomas Morris who had removed from New York to Kentucky when but nineteen years of age.

In the fall of 1802 young Morris came to Ohio and, with other settlers, located on the Scioto River below Chillicothe. A year or two later he removed to Hamilton Township and entered section twenty-seven. It was said then that there was no better land in Franklin County. The patent was issued to him October 23, 1803, and is signed by Thomas Jefferson, president, and James Madison, secretary of state. The patent is still in possession of some of the descendants.

Mr. Morris was a devout Methodist. We have a short account of the noted itinerant minister, Rev. James B. Finley, visiting at the home of Mr. Morris while traveling his circuit. Mr. Morris was a good farmer and dealt considerably in livestock. He was a man of energy, thrifty and of strict integrity; every group looking for the betterment of society found him a warm supporter.

Morris was largely instrumental in the establishment of the Walnut Hill Church, formerly called the Morris Church, to which he made a donation of land. At his death, July 16, 1853, he bequeathed the income of one thousand dollars for the support of the church.

One of Morris' two daughters, Jane, was the first wife of Dr. Jeremiah Clark who lived for many years in the substantial old home stead built by her father.

The choir rehearses on Sunday afternoon from 1 p. m. to 5:30 p. m. This spring the choir is to make television appearances and other appearances throughout the state. BUSY EASTER BUNNY

Hilltop Community Council, Journal, Lions, Kiwanis Cooperate In Egg Hunt

The Easter Bunny has a busy week ahead coloring eggs for the annual Easter Egg Hunt sponsored by the Ohio State Journal, Hilltop Lions, Hilltop Kiwanis, and the Hilltop Community Council.

The actual "egg hunt" will take place at 9 o'clock at both Glenwood and Westgate Parks under complete adult supervision. Age limits for the kiddies will be from 4 to 11 years. Eggs will range in value from 10 cents to $5 and those not finding a "Journal Egg" will receive a chocolate egg, so everyone wins.

In announcing the aims of the council to join with the other groups, Bill Burns, president of the Hilltop Council, announced that Melville Frank, Columbus insurance broker and active associate of the National Council of Social Agencies, would be one of the speakers.

Mayor Sensenbrenner's Office Points To Local Improvements

A number of accomplishments of the past year and plans for future improvements to be made on the Hilltop were announced this week by Mayor Sensenbrenner's office.

To help with mounting traffic problems a one-way street system was inaugurated on the Hilltop. Eureka-av was made one-way northbound between Broad and Mound-sts. Wayne-av became one way southbound between Broad and Mound-sts. This provided a through-street north-south connector in the Hilltop area.

Surveys were completed in 1954 to extend this system to include the six north-south streets between Hague and Eureka-avs. The new one-way streets will be in operation by Monday.

As the result of traffic analysis, traffic lights were installed at the intersection of Sullivant-av and Demorest-rd.

The more logical electromatic control signals, which favor the directions of heaviest flow of traffic, replaced the old fixed-time light at Mound-st and Belvidere-av.

The mayor's office, pointing out that pavement markings, centerlines, crosswalks and lane lines are all important in traffic control, announced that 200 miles of lines had been painted on Columbus streets in the past year.

In the Mayor's plans are general improvements including purchase of new playground equipment and erection of wire safety fences at Glenwood, Hauntz, Holten, and Westgate Park playgrounds. Improvements will be made on the Highland School and West Mound School playgrounds.

Columbus voters approved bond issues totalling more than $1,500,000 to pay for new recreational facilities, and improvements of the existing ones. Hard-surfaced play areas, wading or spray pools, baseball, softball and football fields with lights and seating facilities are included in many of the programs for area parks.

A day camp for Westgate Park is planned for this summer.

HEAP BIG DISPLAY—Pictured left to right are Peggy Ann Hastilow, Margaret Thurston, and Susan Bander admiring a display at the Hilltop Branch, Columbus Public Libraries, made this fall and winter by the girls of the Tan-da Camp Fire group. Miss Hastilow, herself a member of the Pat-ki-ga Horizon Club, worked with the girls on the project to meet the requirements for Forebearer Craftsman in handcraft. The display was placed in the case last Thursday and will remain there for several weeks. (Hilltop Record Photo)

Six Additional Hilltop Streets Made One-Way

Six additional Hilltop streets will be one-way effective Monday morning. Terrace, Burgess, and Warren-avs will be southbound from Broad-st to Mound-st and Harris, Ogden, and Richardson-avs will be northbound from Mound to Broad.

Recommendations of the Traffic and Transportation Commission were approved by city council for the one-way streets Monday evening. One-way signs were scheduled to be put up over the week end.

The Traffic and Transportation Commission Tuesday afternoon decided to make Fremont-st a stop street for Roys-av. Two minor accidents have occured at the intersection so far this year and several complaints have been received about high school traffic there.

The commission also decided to have signs put up stopping N. Wayne and N. Oakley-avs for Steele-av. Two accidents have recently taken place at these intersections, too.

East and west streets crossing S. Wayne and S. Eureka-avs, the two one-way streets which have been in operation for several months, were stopped for the one-way streets. However, it was decided by the commission that it would not be necessary for east and west streets crossing these six new one-way streets to be stopped for these streets.

The commission reports that not one verbal or written complaint has been received on the two test one-way streets on the Hilltop.

Eakin Rd. Paving Expected To Be Finished July 1

The Concrete Construction Co., 886 McKinley-av, under contract with the City of Columbus, is paving Eakin-rd from the east corporation line west to S. Harris-av.

The firm began Monday, Apr. 4, at Harris-av with the big earth-moving equipment to do the actual construction. There had been some storm-sewer work for the preceding few weeks getting ready for the actual job.

The new street will be 30 feet wide and capable of handling a parked car at either curb and two cars moving in each direction.

The street will be of 2½-inch thick hot asphaltic-concrete. This is known as type T-35, and is used on all state and city roads at the present time. This is the same material as the new pavement on S. Harris-av.

The job is expected to be done by July 1, and will cost about $76,000, according to the contract.

TRAFFIC ON THE SCIOTO
By Gilbert F. Dodds

For many years after Franklin County was settled, the roads were very poor and often times impassible. The soil about the Forks of the Scioto was fertile and the farmers had a surplus of products but there was no good market for them.

In 1806 Lynn Starling settled in Franklinton where Lucas Sullivant had laid out a town a few years before. He was a Virginian by birth but before coming to Ohio he had settled for a time in Kentucky.

Soon after coming to Franklinton Mr. Starling engaged in the mercantile business. He was obliged to take in exchange for his goods—corn, wheat, potatoes and livestock. Cattle and goods could be driven to market but other products had to have a conveyance.

For most of the spring and summer months the Scioto River was navigable for flatboats or keelboats. Mr. Starling being close to the river constructed a fleet of flatboats, loaded them with produce and floated them down the Scioto into the Ohio and thence by the Mississippi to New Orleans where he found a ready market.

Such a voyage was attended with extreme danger and much hazard and required excessive toil; each voyage was; likewise, expensive and required four months to complete. This, the first venture of this kind, took place in the fall and winter of 1810-1811.

During the War of 1812 when the Army of General Harrison was located in or near Franklinton, Mr. Starling furnished great quantities of food and supplies to the government for the soldiers. He was a shrewd business man and was one of the original proprietors of the City of Columbus.

'Sneak Preview' Of Appliances Today For Stockholders At Westinghouse

More than 650 stockholders and guests were slated to get a "sneak preview" of new Westinghouse appliances at the company's electric appliance division plant here on Wednesday, Apr. 6, at 10 a. m. for the 69th annual meeting of the company's owners.

The stockholders, who were to come to the meeting from 18 states and the District of Columbia, were to get a first-hand look at the complete line of Westinghouse appliances which will go on sale to the public in the near future.

The meeting was scheduled to be held in the auditorium of the huge new appliance plant here. Stockholders were to elect six directors, and hear a review and forecast by Gwilym A. Price, Westinghouse president. Following the business meeting and a luncheon in the plant cafeteria, stockholders were to tour the manufacturing facilities to get a close-up view of some 27 miles of conveyor lines.

Stockholders attending the meeting represent investors owning anywhere from one to 5,000 shares, and come from small towns, farm areas, and industrial centers all over the United States.

The meeting marks the sixth in the company's history to be held outside the Westinghouse plant in East Pittsburgh, Pa. Last year, some 1,200 stockholders attended the annual meeting at the company's plant in Sunnyvale, Calif.

Cowboys To Clash With Central's Pirates Next Tuesday Afternoon

By Woody Owen

West High School's promising baseball squad will pry the lid off the 1955 city league season next Tuesday afternoon as they clash with Central's Pirates, defending co-champions, along with North, on the riverside diamond.

Gene Pierce, Cowboy mentor, is expected to send his ace southpaw, Dana Deshler, to the mound, with John Edwards receiving his slants.

The remainder of the starting line-up is still in doubt, although Bill Spratley and Dave Randall seem to have the inside track on the first base duties, with the former also expected to see plenty of mound duty.

Ray Williams will probably start at second base, with Sophomore Ken Clapsaddle or Infielder Pitcher Bob Courtney getting the nod at the short field post.

At the hot corner, Karl Davis an all-city outfielder in 1954, or Larry Dinsch, a reserve last season, will start.

In the outer pasture, Gary Nebinger and Sophomore Dennis McDonald have just about nailed down starting posts with Jerry Swindler, Byron Poston, and Walt Dolder battling for the other position.

The Pirates are of unknown strength as they probably suffered the heaviest losses in the City League in the persons of Catcher Joe Morlan, all-city for the past three years, Jerry Marvin, all-city infielder in 1954, and Jim Koontz, also an all-city performer last season, who twice blanked the Cowboys on one-hitters.

Although suffering these losses, the wily Pirate coach, Dave Parks, will still come up with his usual top contender.

The following is the Cowboys' complete 1955 schedule:

April 12 at Central; April 13, Grandview; April 15, North; April 19 at Aquinas; April 26, South; April 29, East at Harley Field.

May 3 at Linden; May 4, at Upper Arlington, May 10, Central; May 13 at North; May 17, Aquinas; May 10 at Grandview; May 20 at St Charles; May 24, at South; May 27, East; May 31, Linden.

INTERMURAL TOURNAMENT

Members of the winning team were Gilbert Byers, Martin Crawford, Bob Jordan, Dick Hand, Tom Russell, Harold Distelzweig, Newton Burris, and Eddie Kendall.

The ninth grade champions were the students in 219C. They won 38-30 over 117, after a very exciting game. During the third quarter 219 C really started to play ball. Members of the winning team were Wayne Bakenhester, Stanley Echelberger, Allen Strickler, Ralph Taylor, Kenneth Ward, and Ronnie Cottrell.

TEACHER CAREER WEEK

The latest FTA meeting, held Apr. 5, celebrated National Teacher Career Week. W. W. Barlow, principal, was in charge of a panel discussion concerning "Opportunities in Education." Mrs. Aylesworthy, Mr. Lilly, and Miss Miller, from Starling; Mrs. Joe Rinehart, from the board of education; Miss Clara Stanley, Dana, O., and Miss Pat Conard, from OSU, participated, giving information about various fields of work.

VOCATION CONTEST

The results of the recent General Business contest on vocational interest reports were very rewarding. The best speech in each of Miss Cherrington's two 9A General Business Classes was selected by the students. The speech chosen in the fifth period class was about a career in dress designing by Lilli Mooney. Rosemary Carter's speech concerning commercial art was selected by the sixth period class. Both classes then proceeded to the difficult task of choosing between the two speeches. The final decision was that Lilli Mooney won the contest.

Other speeches involved such vocations as secretary, pilot, engineer, state highway patrol officer, airline hostess, teacher, and lawyer.

Jack Sensenbrenner Should Be Re-Elected Mayor of Columbus

M. E. Sensenbrenner — Jack, the Giant Killer!

It is not more idle whimsey to apply this title to Columbus' scrappy, free-willed, conscience-guided Mayor.

From the moment he first set his sights for the privilege-entrusted seat of his puppet predecessors, Jack Sensenbrenner was fighting giants.

The first was the giant task of getting on the ballot. That is supposed to require Big Money and Big Connections. Jack has neither.

("I ran for Mayor because people said I should," Mayor Sensenbrenner says today!)

A small businessman who prior to opening his book and office supply business had given almost a lifetime to state Civil Service direction, Mayor Sensenbrenner had neither opportunity nor inclination to gather the supposed requirements for seeking public office.

Jack had something better. He had his whole heart in his determination to do what he could do — personally — to better his city, and he had a host of friends who knew he could and would do it.

These friends helped circulate the petitions to put the name "Sensenbrenner" on the ballot because it was "something we can do for Jack." They got the needed signatures.

Next "giant" was letting the rest of Columbus know he was in the race and what he stood for. This was a giant task in view of the fact that very little ever appeared in the daily press in his favor.

Anything Jack had to say either didn't get printed or was smothered under tons of mixed-up publicity and editorialized "news" about "their boy."

"That's all right," Mayor Sensenbrenner said in those days, "they're for him and against me, but we'll lick 'em as long as I keep speaking the truth. Enough will hear."

What happened next is without comparison in political history. Jack's friends stepped in again, and opened up their homes as platforms from which his giant-killing chats might go out to neighbors, then neighborhoods, and finally to the city at large.

And the city aroused; the city which heard the truth despite the thunder slow Jack's next giant for him; He was elected Mayor of Columbus.

There have been all kinds of giants since then: Giant tasks to be accomplished. Giant obstacles to be overcome. And always the bitter, nagging, callous calls of the supine giant he had unhorsed with the lance the voters gave him.

The giant's head had rolled, but his "hands" remained alive and active, and they have never ceased their activities to hamstring and handicap him in his fight to build Columbus. Even the biggest of the giants has been unable to disguise their activities, and in the case of the Wandering Sewage Plant their machinations were brought into open view.

The day following the announcement of his election found obstacle after obstacle placed in his path. These obstacles have also been obstacles to good government for Columbus. In a frenzied effort to belittle the mayor at every turn seven city councilmen have bucked him on practically every matter that has been up for consideration. It has been apparent from the beginning that the word went down from the men who pull the puppet strings that "If Sensenbrenner is for it . . . then council and the auditor must be against it."

This policy has resulted in the city of Columbus being the loser. These councilmen, two of whom are seeking election to the mayor's office, put their politics above the welfare of Columbus.

Why has all this been true? It is apparent that for years the men who pull the strings have had their puppets dangling from these strings and they controlled the City Hall. If it was necessary to juggle a financial statement around to make it appear that the city was operating in the black it was done. This resulted in such things as the water department paying for the operation of the zoo. Savings that could have resulted in lower water or sewer rates over the years were not returned to the consumers but were spent to pull some other general fund department up to a black level.

THE SENSENBRENNER ADMINISTRATION HAS BROUGHT SO MANY THINGS TO LIGHT THAT SHOULD BE CORRECTED THAT THE PEOPLE OF COLUMBUS WILL MAKE A GREAT MISTAKE IF THEY DO NOT ELECT SENSENBRENNER FOR ANOTHER TERM AND AT THE SAME TIME DEFEAT THE PRESENT MEMBERS OF CITY COUNCIL WHO ARE SEEKING RE-ELECTION.

TEEN TROUBLES

John Douglas, M.D. and Mary Douglas

Question: Do you believe in love at first sight?

Answer: No. There is such a thing at attraction at first sight, but not love.

Sometimes the attraction grows into love—but it is not love in the beginning. It is, instead, a kind of strange "chemistry" which takes fire from a glance, from a certain quality in the voice, or, perhaps, from a brief glimpse of a special kind of loveliness.

Many times we find ourselves attracted to a person the first time we meet — only to find that we have too little in common to be permanently in love.

Love grows slowly, day by day—along with understanding and faith in each other.

Question: Is it all right to date older boys?

Answer: That depends on (1) how well you know the boy; (2) how many interests you have in common and (3) how much older he is.

It is still customary for boys and girls of approximately the same age to date each other. However, you could make an exception to this rule:

1. If you and your parents know and have confidence in the boy. This is a must. Otherwise, you may discover that he prefers a road house and "a few beers" to a movie. Or you may find yourself parked for a heavy necking session which you hadn't bargained for.

2. If you and he have enough interests in common to have fun on a date. You'd better be sure of this because you'll feel awkward and uncomfortable if his conversation is too far over your head.

3. If he is not much older than you. There can be no general rule about this because some girls are more emotionally mature at 16 than others are at 19 or 20. Talk

The CIC class has planned its annual banquet for Apr. 15, 6:30 p. m. in the social rooms of the church.

Assisting hostesses will be Iva Barton, Marie Peterson, Maria Herbert, Wilma Johnson, Ruth Edwards, Ellen Miller, Kitty Story and Marguerite Moore.

Jessie Davis Class Names New Officers

The Jessie B. Davis class of 49'ers, Thea Court will meet for dinner Monday at 6:30 p. m. in Balcony Hall.

Newly-named officers of the group are, Mrs. Franklin Dever, president; Mrs. Catalena Clark, vice-president; Mrs. Hazel Brown, secretary; Mrs. Glenn O. Moore, treasurer; Mrs. Harold R. Miller, corresponding secretary.

Plans Recognition Fete

Westgate Methodist Church Sunday School will give a recognition banquet for their two basketball teams that participated in the Hilltop YMCA Junior and Intermediate Leagues on Friday, Apr. 15, in the church, at 6:30 p.m. Dinner will be served by Circle Four of the WSCS. ALL FOOLS DAY—The combination of mild, almost summerlike weather and April Fools Day last Friday afternoon was just too much for Judy Dunlap (left), 15, of 2861 Wicklow-rd, and Jean Crumpler, 14, of 140 S. Powell-av. Immediately after leaving West High the two dressed in their costumes and painted big freckles on each other's faces with eyebrow pencils. Then they walked down Broad-st pigeon-toed, shouting "April Fool" to every one who asked them what they were doing. (Hilltop Record Photo)

Public Invited To Concert At Sullivant Ave.

Mate Charged In Cruel Assault Of His Wife, 82

Mrs. Lettie Moore, 82, of 4234 Clime-rd, was reported in fair condition on Monday night, following a beating she received on Saturday night. She is suffering from multiple contusions and a possible skull fracture.

Her 82-year-old husband, Heber, was being held in the county jail for telling eight or nine conflicting stories of what supposedly happened and because his hands are badly swollen. He was charged with assault with intent to kill early Monday.

Moore pleaded not guilty before Franklin Township Justice of the Peace Ben Winters and was bound over to the Franklin County Grand Jury under $5,000 bond. Sheriff's investigators said that Moore admitted on Monday to beating his wife because "he was fed up with her."

Sheriff's Sgt. James Potts said preliminary investigation turned up a $24,000 transaction completed by Mrs. Moore Friday. She sold a piece of her property, and the money was deposited on her husband's account.

First word of the injuries came when Moore went to a relative's home and told them Mrs. Moore "had been mugged" and that they had better get a doctor.

Deputies said the injuries were several hours old when they were notified Saturday morning.

A possible theory that bandits might have harmed the elderly woman was discounted by Potts because of a vicious dog the couple keeps. Potts said the dog had bitten Moore twice and was reluctant to let deputies search the home.

4-Vehicle Crash At Phillippi-Rd. Injures Motorist

A truck and a three-car crash at Phillippi-rd and W. Broad-st sent one man to Mt. Carmel Hospital with several fractured ribs and severe cuts on his face on Friday at around 3 p. m.

The injured man, Charles Smith, 46, of 466 Granger-rd, was reported in fair condition Friday night.

Sheriff's Sgt. James Richardson said the accident took place when a flatbed truck driven east in Broad-st by Harold P. Johnson, 34, of 729 E. Third-av, attempted to make a left turn into Phillippi-rd.

Johnson's truck was hit in the right rear by the westbound car driven by Smith. The impact knocked the truck into two southbound cars waiting in Phillippi-rd for a traffic light to change. Drivers of the waiting autos were Robert W. Longstreet, 28, of West Jefferson, and Charles Hale, 38, of 66 S. Central-av.

Johnston was charged with failing to yield the right of way in making the turn.

Plans To Build 4th Church In Lincoln Village Are Detailed

Additional plans for the construction next year of a new Methodist church in Lincoln Village are being announced. Construction of churches in this area by the Methodist, Baptist, and Lutheran churches had been announced previously.

The congregation of Columbia Heights Methodist Church of New Rome will move to the church to be built on a lot purchased for them by the Methodist Union. Situated on the corner of Sturbridge and [illegible] Hill-rds in the village, the lot is two and one-half acres.

About a year from now the church will be built with an exterior of Norman brick, a long rectangular type, in five shades of red. It will be a one-floor, basementless, ranch-type of the kind being built by congregations in the West. The architectural style is modified modern.

In the first unit to be built, the sanctuary will seat 400 people and the fellowship hall will seat about 225. A kitchen will adjoin the fellowship hall. There will also be two Sunday School classrooms and two church offices. A parking lot will be constructed on the premises.

Estimated cost of the first unit is about $115,000. The sum of $40,000 was raised at a building fund drive in the Columbia Heights Methodist Church in January of this year. The Ohio Annual Conference will lend some financial aid at the time of construction.

and a troop of Brownies, completed door-to-door distribution in this area and in Garden Heights earlier in the week.

Mrs. William Robert McMillin is in charge of Saturday activities at Mix Addition and will be assisted by her daughter, Beverly.

Free chest X-ray programs were completed at Georgesville Tuesday under the direction of Floyd Peterson and at Galloway Wednesday, under the direction of Mrs. Ford Adam and Mrs. Harold Distlehorst.

William O'Hara is chairman of the building committee. Other members of the committee are Robert Denman, I. A. Thompson, Francis E. Smith, H. W. Warner, lay leader, and Rev. G. F. Peters.

Central Linoleum Week-Long Grand Opening Starts Saturday

Announcement is being made this week of the grand opening of the Central Linoleum Co., 1390 Sullivant-av near Central-av, which will start Saturday and continue all next week, coinciding with National Paint Week.

Owned and operated by Mr. and Mrs. James Murnane, they will be assisted by his brother, Donald, who recently received his release from the Air Force, after serving four years.

According to the owners, numerous awards will be given during the grand opening days, climaxed by a drawing to be held Saturday, Apr. 16. No purchase is necessary to be eligible to win an award, and attendance at the drawing is not required. "Just come in and register," they say.

"We didn't open the completely new establishment without a careful analysis of the need for such a place on the West Side," Mr. James Murnane said. "It is our conviction that our products and services are sure to meet with the approval of the people in this great area.

"Our plan is to handle only well known brands of linoleum, floor and wall tile, table and sink tops and paints and varnishes. We're certain that by building our business on the basis of quality, products, plus good service, will net the results we anticipate," Mr. Murnane added.

He is a navy veteran of World War II, during which he saw considerable service aboard a submarine in the Pacific. Mr. Murnane has been in the flooring business since his discharge in 1946.

The couple, both of whom are West Siders, have five children, Kathleen, James, Patty, Matthew and Sharon.

The Hilltoppers tallied their third win to take over the senior girls volleyball league lead by defeating the Rocky Babies 35-29, Wednesday, Mar. 30, at Glenwood Recreation Center. The Hilltoppers held an 18-11 margin at halftime.

The Rocky Babies outpointed the Hilltoppers 18-17 in the last half, dropping a 35-29 decision. This put the Rocky Babies in second place. The Squirrels forfeited to the Wildcats, and the Blue Eagles drew a bye.

In the first round of the intermediate league, the Black Angels chalked up a 55-8 victory over the Crazy Eight, Thursday, Mar. 31. The Black Angels built up a wide 30-3 margin the first half, and outpointed the Crazy Eight 25-5 in the second half. The Hilltop Hoppers forfeited to the Cool Cats.

Third Annual City Bowling Tourney Details Announced

The Columbus recreation department, in cooperation with Columbus bowling proprietors, will conduct the third annual City Bowling Tournament for boys and girls 18 and under. The tournament will be held at Riverview Bowling Alleys, on Monday, Apr. 11, starting at 10 a. m.

Sanctioned by the American Junior Bowling Congress, this tournament will be held in two age divisions, 12 and under, and 13 and over, with separate divisions for boys and girls.

Team and individual awards will be given in all divisions in this handicap tournament.

All youngsters must enter as five-man teams, and entry blanks are available at any bowling alley or at the Columbus recreation department, Room 124, City Hall.

Wildcats Topple League-Leading King Pin Keglers

The King Pins who are assured of the league championship, dropped two games to the Wildcats to bring them within two games of the second-place Indians, with just two games left to play this week in Glenwood Recreation Center's junior bowling league at the Hilltop Bowling Alleys.

Joe Allegrini took individual scoring honors Monday, Mar. 28, rolling the highest single game, 153, and highest two-game series, 235.

Bill Quinn and Jim Pendergast are tied for the high individual averages with 104 each, closely followed by Buddy Creamer, and Louis Noble, with 103 each, and Jay Hess, Jim Kerins, and Norman Esterbrook with 102 each. Donna Berlo still leads the girls with 84.

West's Equestrian Club Plans To Go To The Preakness

The West High School Equestrian Club is one of the most widely-travelled groups in the whole school. Last spring, the organization attended the Kentucky Derby at Louisville. This year, the club is planning on attending the Preakness at Baltimore.

Last year the group also went to old Man's Cave and Tar Hollow State Forest.

A few members have ridden in parades and rodeos in this area.

The group is not all play, however, because many members are working to save up the $350.72 it costs to attend the Preakness.

The president of the group is Harriet Hunter, and the advisor is West High Science Teacher Earl "Pop" Reed.

All that is required of a member is that he is a junior or senior at West, and has a love for horses.

Hilltop Baseball Pitcher Qualifies For Patrolman

A Hilltop baseball pitcher is among the 28 or 29 men Safety Director Leo Phillips said Saturday will be appointed police patrolmen Apr. 11.

Included in the total is Richard L. Hoover, 30, 346 S. Burgess-av, who is now in Florida in spring training with the Toledo Sox baseball club. Hoover, a pitcher, has had some major league experience.

Phillips said he understands Hoover will probably ask for a waiver on his appointment as a patrolman at this time. He was ranked 16th on the qualification examination which 32 men took recently.

Winning Six Live Up To Name In Glenwood Volleyball Contests

The Winning Six looked like real champs as they walloped the Razorbacks 15-2 and 15-0 in a junior league volleyball match on Mar. 28, at Glenwood Recreation Center. The Winning Six have a well-balanced team and look as if they could go all the way to the intercenter tournament.

In the other junior league contest, the Jets bested the Hawkeyes 15-9 and 15-13. The Hawkeyes put up a stiff battle in the second game until the Jets pulled a much needed rally to sneak by.

The Hilltoppers managed to ease by the Bulldogs in the intermediate league by winning their match 2-1. The first game saw the Bulldogs romp through, winning 15-4. The second game, however, saw the Hilltoppers reverse the table and wallop their opponents 15-6. The third game was a real battle with the Hilltoppers finally emerging with a 15-12 victory.

The match between the Challengers and Aces was postponed until Apr. 4.

In the senior volleyball league on Mar. 29, there were two hotly-contested matches. In the first match, which was between the Flips and Lightning Six, the Lightning Six copped the first game 15-7. The Flips came back in the second game to reverse the score and then went on to win the third game 15-1 to take the match.

The other senior league match between the Whiz Kids and the Volleteers was much the same as the first match. The Volleteers took the first game 15-10 and then the Whiz Kids came back to take the next two games 15-4 and 15-9.

Hilltop YMCA Champs, Coaches Win Third Annual Hoop Festival

The Hilltop YMCA championship teams and coaches showed true championship style at the third annual YMCA Basketball Festival held at West High School gym Monday, Mar. 28. There were three games for the festival.

Westgate Gra-Y, champions of the Class A Gra-Y League, defeated the Gra-Y All Stars in the first game of the evening 25-18. The champs jumped into an early lead of 9-0 in the first quarter, but the All Stars came back to tie up the score 11-11 at half time.

The champs found their true style in the second half and steadily pulled ahead. Bob Ross led the Westgate five with 11 points, while Dick Williamson of the All Stars was high for the game with 13.

Many aches and pains resulted from the second game when the Hilltop YMCA coaches defeated the Junior Church League All Stars 53-36. The "old men" jumped into an early lead but, as time progressed, weight and stiff joints took their toll as the All Stars came wihtin five points at half time and three points at the three-quarter mark.

In the last quarter the "old men" seemed to get their second wind as they scored 25 points while the All Stars were only able to score 11. Frank Brown and Joe Benedito were high for the coaches with 10 points each, while Jeff Dum of the All Stars led the game scoring with 14.

Westgate Methodist showed its true championship style in the final game of the festival by defeating the Intermediate Church All Stars 50-27. This game was never in doubt from the beginning as the Miller-coached champs held a strong marginal lead throughout. Jim Cobb and Bob Kearn led the champs with 13 points each. Dick Witter led the All Stars with six, while Fred Worch was outstanding defensively for the losers and Dick Burleau stared defensively for the victors.

This was the third meeting of these particular teams and to date the Gra-Y champs have defeated the Gra-Y All Stars twice while losing once. The coaches have defeated the Junior Church All Stars three times in three meetings, while the Intermediate Church champs have defeated their League All Stars three times in the past three years.

HE'S FOUND A HOME

'We Surely Love The Hilltop,' Says No. 2 Man In Jets Administration

The number two man in the administrative department of the Columbus Baseball Club, Donald V. Labruzzo, upon request of The Hilltop Record, sent this letter concerning his life:

"I now live in Brookshire Park —2789 St. Josephine-av — and we surely love the Hilltop.

"I was born in Youngstown, O.,

Don Labruzzo

July 20, 1918. My dad is a shoe repairman there and was born in Naples, Italy. My mother was born in Youngstown. I have two sisters —Emelia and Rita—both of whom are married, with families. I had two brothers, but both passed away.

"I was graduated from South High School in Youngstown in 1937. Of course, you remember how tough things were then. I worked in the steel mills there for a while, for a leather wholesaler and wound up as a traveling salesman for the Cat's Paw Rubber Co., and Columbus was included in my territory.

"I have always been a 'bug' about all sports, and managed, coached, and served as a business manager for basketball teams, softball leagues and football teams in Youngstown. In high school I was sports editor of the paper in my final year.

"I was in Columbus on the infamous day of Dec. 7, 1941, and in a couple of months I was in the service. The only thing I'd like to say about those 44 months was that I was in the air force.

"After my discharge, I grasped the opportunity for an education and immediately enrolled in school at Ohio State. Since I was 27, I felt that I had to hurry so I always took an overloaded schedule and graduated in the school of journalism in two years and nine months instead of the normal four years, then entered law school here. I was sports editor of the Lantern at OSU in 1948, by the way.

"After finishing one year in law school, my GI Bill expired and I simply had to go to work.

"The Pittsburgh Pirates hired me as a business manager for their Class D Bartlesville, Okla., team. There I met Harold M. Cooper, the Jets' general manager, who also worked for the Pirates. Our teams were in training together at Hutchinson, Kans. After baseball season, I finished two more quarters of law, then went to Burlington, N.C., the Pirates' Class B club, for additional finances. I was back in law school after that summer, but the next season I was derailed.

"The Pirates sent me to Batavia, N.Y. (as business manager again) in 1952, and after being there only four days, I met Miss Nicoletta Valle, who is now my wife. We were married in September of 1952 (no more school—then) and we now have two beautiful daughters —Annette, 20 months, and Karen, 7 months. We are expecting a third child in August.

"Last season I was the public relations director for the Syracuse, N.Y., baseball club, and when Harold M. Cooper asked me to come with him as his assistant, I jumped at the opportunity and have not regretted it."

Hillcrest Junior Bowling League Ends Its Season

The Hillcrest Lanes Junior Bowling League had its final sessions of the season last week, followed by a league party in the lanes' restaurant with Hillcrest Lanes treating.

Chevrons were awarded to the Right Angles for being the winning team of the Junior League and to the Four Fouls for being the winning team in the Pre-Teens Division.

Members of the Right Angles are Donna Smith, Patty Neutzling, Jean Mider, and Sue Veregge. The Four Fouls are Rax Nelson, Bill Metzler, Mike Krull, and Dick Martin.

Certificates of good sportsmanship and perfect attendance were awarded to Barbara Eis, Dave Snavely, Jack Nachman, Chuck Lantz, Jerry Corbett, Herb Pursley, Hulda Siminson, Howard Schmitt, and Jerry Pyle of the Junior League.

Sportsmanship and attendance awards also went to Richard Steele, James Ruff, Kenny Reynolds, Rick Finke, Stephen Anderson, Earl Kasper, and Alex Davis, all of the Pre-Teens League.

SUFFERS CUT FACE

Preston Cable, 60, 438 Binns-blvd, suffered a cut face when he fell at Main and High-sts Friday, Apr. 1. He was taken to St. Francis Hospital by police ambulance cruisermen.

Last September, Boy Scouts distributed a million fire prevention posters.

WEST HIGH NOTES

More Than 200 Exhibits Entered In OSU Academy Of Science Day

By Lu Ann Witt

West High School students entered over two hundred exhibits in the Ohio Academy of Science Day held last Saturday, Apr. 2, at Ohio State University.

Lu Ann Witt

Projects may be entered by any high school student in any scientific subject. There are four awards given — Superior, Excellent, Good, and Satisfactory. Anyone who received a Superior award is eligible to go to the State Science Day at Delaware on Friday, Apr. 22.

West has always done well on Science Day. Last year West High students received 68 out of the 116 Superior awards given and 75 of the 106 Excellent awards which were given out.

Out of the 500 exhibits entered by 19 central Ohio counties, West entered 250 last year. This year the percentage was much the same.

The teachers sponsoring the various exhibits from West are; Miss Baker, Mr. Bower, Mr. Branson, Mr. F. Brown, Mr. Schmitter, Mr. Stone, and Mr Reed.

This June, the girls in the Junior High graduating class will be wearing pastel dresses instead of traditional white.

The 12B class recently elected their class officers. They are Woody Waltman, president; Carol Iron, secretary; and Judy Matson, treasurer. The vice-presidency has not yet been decided.

The candidates for Girls' State have been announced. They are all members of the 11th grade class. The delegates are Nancy Grabill and Kaye Kasdorf; their alternates are Karen Brock and Diane Porter. The candidates for Boys' State have not yet been announced.

Shirley Boldt, the 1954 Homecoming Queen at West High, and her court will be honored at the Annual Shrine Circus on Apr. 16. It is customary to honor all of the city high school queens on different nights. The court consists of Gayle Lamb, Norma Lusignola, Alice Rice, and Judy Swartz.

The air-conditioning industry's engineers are working on plans to produce, in the not-too-distant future, room air-conditioners that will use only about as much current as an electric flatiron.

EATS RAT POISON

Mark Jordan, 2, of 185 S. Wheatland-av, ate some rat poison Wednesday morning, Mar. 30. He was taken to Mt. Carmel Hospital by the emergency squad.

Thirty Hilltoppers Attend Special Hilltop Traffic Safety Meeting

Approximately 30 Hilltoppers attended a special program jointly sponsored by the Hilltop Traffic Safety Conference and the Citizens Night Traffic Court Committee held last Wednesday evening in the Deshler-Hilton Hotel, according to "Chubby" Distelhorst, chairman of the Hilltop conference.

Speakers included Sgt. J. A. Wolfe of the Ohio Patrol, John Crunelle of the Bureau of Motor Vehicles, and Larry Platt, chief safety engineer of North American Aircraft. Donald V. Labbruzzo, business manager of the Columbus Jets, spoke on sportsmanship, parking facilities for the Jets games, and safe driving.

Chairman Distelhorst presented a short resume of why the Hilltop Traffic Safety Conference was formed.

Plans were announced for a bicycle court to regulate the riding of bicycles by school children on the Hilltop, pending the approval of the city board of education. Such a court would be run by committees in conjunction with school principals.

Hilltop Librarian Mildred Phalor told the Hilltop conference it could place its proposed safety map, "pin-pointing" all types of accidents on the Hilltop, in the Hilltop Library. Miss Phalor also distributed a suggested list of books and pamphlets for both adults and juveniles to members of the conference.

The next meeting of the Hilltop Traffic Safety Conference will feature the announcement of the delegates from participating Hilltop organizations.

Eugene Wolfe of the Wolfe Electric Co. has been named to represent the Hilltop conference on the Columbus Traffic Comm.

OUR Ohio

In Passing

By Esther Weakley

And the angel answered and said unto the women, Fear not ye, for I know that ye seek Jesus, which was crucified. He is not here, for He is risen, as He said. Come, see the place where the Lord lay. And go quickly and tell His disciples that He is risen from the dead; and behold, He goeth before you into Galilee; there shall ye see Him: lo, I have told you. — Matthew 28, 5; 6; 7.

EASTER

Easter lilies pearly white—
Perfume fills the air tonight.
Over all the dead, cold earth
Everywhere you see new birth.

Sheep are grazing — see the fold.
Color splashes, purple; gold,
Springs from earth. Hail, new-born sod.
Wake! Come thank your holy God.
J. C. Brautigan. Reprinted.

EASTER MORNING

Tomb, thou shalt not hold Him longer;
Death is strong, but life is stronger;
Stronger than the dark, the light;
Stronger than the wrong, the right;
Faith and hope triumphant say,
"Christ will rise on Easter Day!"

While the patient earth lies waking,
Till the morning shall be breaking,
Shuddering 'neath the burden [illegible]
Of her Master, cold and dead,
Hark! she hears the angels say,
"Christ will rise on Easter Day!"

And when sunrise smites the mountains,
Pouring light from heavenly fountains,
Then the earth blooms out to [illegible]
Once again the blessed feet,
And her countless voices say,
"Christ has risen on Easter Day!"
Phillips Brooks.

INSPIRATION

Ofttimes the most beautiful flowers
Blossom where they are never [illegible],
And in the remotest places
Day breaks with the loveliest sheen.

Within the heart of the forest
Birds warble the sweetest of songs,
And to the sermon of fewest words
The most inspiring lesson belongs.

How often in the humble home
The fondest affection resides,
And within the quiet, modest soul
The most generous giving abides.

In the unspoken word, ofttimes,
The deepest of sympathy flows,
And the most rugged cross is borne,
And the passing world never knows.

EASTER

Easter! Easter! Turned to the sun,
Circling around the solar fire,
Easter obeys the ancient one,
Decks herself in her starry attire.
Gladly, gladly she quits the grave
Winter-prisoned in charm-fast cold;
Greens the land and blues the wave;
Bidding the flowerful life unfold.
Easter! Easter! Spring in our hearts
Kindles a flame that warms and glows;
God in man awakes and starts,
Budding anew with the lily and [illegible].

IN A GARDEN

In a little garden plot
Close to Calvary,
They placed the body of the Lord
Who died upon the tree.

The horror of the day was done
And in the evening gloom,
Jesus lay in the sepulchre
Of Joseph's rock-hewn tomb.

In Eden's garden, Adam fell;
The curse of sin was born;
In Joseph's garden thee, there came
Release on Easter morn.

A very happy Easter to everyone.

For he that will love life, and see good days, let him refrain his tongue from evil, and his lips that they speak no guile: Let him eschew evil, and do good; let him seek peace, and ensue it. (I Peter 3:10, 11.)

YOUR YOUTH

By Dick Wilson and Bob Schmidt

Hats off to the newly organized Hilltop Y's Men's Club for the very successful Bunny Hunt which they sponsored Saturday afternoon for the Indian Guide and the Gra-Y members. Incidentally, we think that the Y's Men and other fathers had just as much fun at the Bunny Hunt as their sons had.

The Y Indian Guide Dancers are conscientiously practicing every Saturday morning at 10:30 and now have developed several new dances which they will use at their annual spring induction May 7 and 8 at the South Side Y Park. All Little Braves of the Indian Guides are eligible to join this dance team and we welcome you to attend our dance practice every Saturday morning at the Hilltop Y at 10:30.

All Hilltop Square Dance Club members are reminded that there will not be a square dance Apr. 9 but we will plan on having the next square dance on Apr. 23.

We would also like to remind you of the square dance festival which is to be held at the Merchants Building at the Ohio State Fairgrounds on Apr. 29. Your Hilltop club is one of the co-sponsors of this festival and Jud Boley will be one of the feature callers for the evening. Secure your tickets early by calling the Y office, JO. 4641.

AAA April Safety Drive Aimed At Boy And Girl Bicyclists

Boys and girls who ride bicycles to school or even in the streets close to home must be taught to obey traffic rules the same as motorists, Russell H. Campbell, general manager of the Columbus Automobile Club, said this week in announcing that the AAA School Safety poster for April carries the theme "Stop Thru Traffic." The poster is directed specifically at young cyclists.

"While stopping for through traffic is only one of many rules that cyclists should obey," Campbell pointed out, "it is one of the most important because failure to do so often results in very serious if not fatal, accidents." The auto club official said that during the past year, for which complete figures are available, nearly 500 children between five and 14 years of age were killed while riding bikes.

The original design for this months poster was drawn by Mamie Coleman, an art student at Scott High School, Toledo, O. Miss Coleman's poster won first prize in its division in the 1954 AAA National School Safety Poster Contest. Reproductions of the design are now being distributed to schools throughout the area served by the Columbus Automobile Club.

GEORGITON'S Candy and Ice Cream Co., 2763, W. Broad St., at Hague Ave., has been making candy on the Hilltop for the past 17 years, since 1938. For seven years the firm has been at Broad and Hague and was previously at Eureka and Broad.

Right now the candy shop is helping Mr. Easter Bunny.

They are making delicious homemade chocolate filled eggs with cream or fruit and nut fillings which they specialize in. All eggs and candy are hand dipped and rolled right in their own shop and are gala decorated with pretty flowers and names on them.

Mr. Georgiton states that only the finest ingredients are used in making his eggs and various candies.

They also have loads of candy for filling your own basket if you wish.

They also make many varieties of bulk and boxed candies which also are hand dipped and rolled at their store.

Other services offered by the store include their homemade ice cream and a complete luncheonette serving breakfast and luncheon meals. In the picture above are Mr. and Mrs. Georgiton decorating candy eggs for Easter.

THE JONES LUMBER CO., 87 N. Sylvan Ave. has given faithful and personal service for 27 years and is proud of being a part of this fast growing community.

For customer convenience they have a large display room where hundreds of items are displayed. Included are Andersen window units; windows, storm doors and screens.

ATTEND CHURCH EASTER SUNDAY

This Message Sponsored By The Hilltop Kiwanis Club

COME TO CHURCH FOR *Easter Sunday Services*

an Easter *prayer*

May the radiant glory of Easter shine brightly in every home and in every heart. As we gather with family and friends in Church on Easter Sunday morning, may we see expressed in every flower, the miracle of spiritual rebirth . . . hear voiced in every hymn, the stirring triumph of the Easter message. May we rejoice once more in the supreme blessing of the Resurrection . . . and find in its transcendent wonder a renewal of hope, a fulfillment of faith to fortify our courage and sustain our spirits through all the days ahead. May we humbly bow our heads in prayers of gratitude for the sublime promise of life everlasting, given to all on the first Easter Sunday. Returning to our work-a-day world, may each of us carry in his heart the true meaning of Easter as a deep and abiding source of inspiration. Thus may all of us enrich our lives and exalt our spirits with the age-old, yet ever-new, glory of Easter.

You Can't Take It With You
No offense, please!
Many people keep putting off their inner desire to do something about their estates and sometimes it comes too late.
Some like to give currently so as to personally enjoy the results of their giving. Others gain the satisfaction of making bequests to their favorite charity by outlining how the money shall be used.
But isn't it well to make your own decisions as to where your money will do the most good? Ask any successful business or professional man if he hasn't sometime during his life profited by the influence of the YMCA.
We will be glad to offer suggestions on how you can help the "man of tomorrow."

COME TO CHURCH FOR *Easter Sunday Services*

an Easter *prayer*

May the radiant glory of Easter shine brightly in every home and in every heart. As we gather with family and friends in Church on Easter Sunday morning, may we see expressed in every flower, the miracle of spiritual rebirth . . . hear voiced in every hymn, the stirring triumph of the Easter message. May we rejoice once more in the supreme blessing of the Resurrection . . . and find in its transcendent wonder a renewal of hope, a fulfillment of faith to fortify our courage and sustain our spirits through all the days ahead. May we humbly bow our heads in prayers of gratitude for the sublime promise of life everlasting, given to all on the first Easter Sunday. Returning to our work-a-day world, may each of us carry in his heart the true meaning of Easter as a deep and abiding source of inspiration. Thus may all of us enrich our lives and exalt our spirits with the age-old, yet ever-new, glory of Easter.

You Can't Take It With You
No offense, please!
Many people keep putting off their inner desire to do something about their estates and sometimes it comes too late.
Some like to give currently so as to personally enjoy the results of their giving. Others gain the satisfaction of making bequests to their favorite charity by outlining how the money shall be used.
But isn't it well to make your own decisions as to where your money will do the most good? Ask any successful business or professional man if he hasn't sometime during his life profited by the influence of the YMCA.
We will be glad to offer suggestions on how you can help the "man of tomorrow."

Easter Week End Discharge For Temple Twins After 4-Yrs. Navy

By Mrs. Harry C. Downing
RA. 3912

Ronald and Mrs. Robert Temple, twin sons of Mr. and Mrs. Howard Temple, 1789 Harrisburg-pk, will arrive home Easter week-end, having been discharged from the Navy after four years of service. The boys have been stationed at Norfolk, Va.

Mrs. Downing

Mr. and Mrs. Frank Michalak, 1955 Marsdale-av, are announcing the birth of a son Mar. 29, at Doctors' Hospital.

Mr. and Mrs. Ross Martindale, 1595 Garling-av, have arrived home after spending several months in Arizona. They visited in Mexico and California.

Mrs. Gladys Knisley, eighth grade teacher in Briggsdale School, was confined to her home by illness last week.

The Goodwill truck will be in this neighborhood Apr. 18. Anyone having clothing or furniture to donate should call Mrs. Ross Martindale, Jo. 7039, or Rev. Lyon, JO. 6643.

The WW Class will meet Monday evening, Apr. 11, at the home of Mrs. Clifford Workman, 1727 Shilling-in. Members will note the change in the date.

The True Blue Class met last Monday evening with Mrs. Wilbur Gantz, at her home, 2830 Hoover-rd.

The Laurel class held its monthly meeting Wednesday at the home of Mrs. Mary A. Brown, 2478 Brown-rd. A covered dish luncheon as served at noon.

Passion Week services are being held at the church each evening this week. Thursday evening, Apr. 7, there will be communion service. Rev. James R. Lyon will speak on "The Guests at the First Lord's Supper." On Friday evening his sermon will be entitled "Christ Perfects His Father's Will." On Easter morning, the Sunrise Service and breakfast will be conducted by the young people. During the worship service at 10:45 a. m. Rev. Lyon will preach on "The Glory of The Empty Tomb."

The concert of sacred music Sunday evening at the church was well attended. Numbers were presented by Briggsdale Choir under the direction of Wally De Pew, and the Thurman Avenue Methodist Choir, led by L. Cass. The Capital University String Quartet, composed of members of the music department, also took part.

Higher Water And Sewerage Bringing Many Complaints

Growing dissatisfaction has been noted the past week because of the increase in water and sewage rates passed by the Columbus City Council on Sept. 1, 1954. Many users were just beginning to feel the increase since most users are billed only semi-annually.

The increased rates were felt most heavily by the county users, because their rate-increase was greater than city residents. The county water rate is up to $2.25 from $1.87, and sewage $2.25, up from $1.20. The city is only up to $1.76 from $1.70, water; and $1.50, up from 85 cents for sewage. All figures are per 1000 cubic feet.

The following comments are typical:

E. E. Dixon, 487 Josephine-av: "Well, it's kind of rough, but I understand the city's the same. I just found out about it and it's not right. I hear Grandview's going to bring suit against the city. I'll wait and find out what happens then I'll go along with whatever turns out."

Mrs. C. P. Hick, 459 Derrer-rd: "I've never given it much thought. I don't like to complain about things."

Mrs. Frank Miller, 700 Domerest-rd: "Well, I don't think very much of it at all. We had a bill of around $9 this time, while it never before exceeded $4. So, you can see what I think of it."

Grant L. Clark, 458 Domerest-rd: "I don't think very much of it. My water rates have almost tripled. I was without water for so long, however, so I'll pay it."

YOUR HILLTOP BRANCH LIBRARY

Several New Books Following Themes Appropriate For Spring

By Mildred Phaler
Hilltop Branch Librarian

How, where and when to go, what to see and how to photograph it, is the sub-title of an unusually useful book by Fred Bond, called "Westward How." Indispensible for planning that vacation trip through the Scenic West, this beautiful book not only has countless photographs but suggested routes to travel, points of interest to visit, and photographic data which includes suggested exposures for black and white, color stills, and movies.

Another book with a timely accent is Marguerite Kohl's "The Hostess Manual." Tips for outdoor entertaining, engagements and weddings, are especially helpful at this season of planning for coming events.

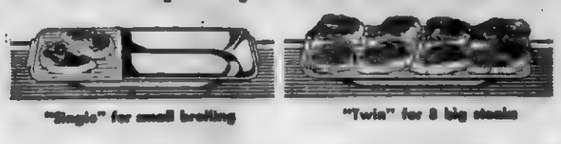
Also in the timely category, are three books on home interests, "A Treasury of Contemporary Houses," selected by the editors of Architectural Record, has ideas galore for the home interior. "Complete Home Landscaping and Garden Guide" by Raymond Korbobo, and "Plant Breeding for Everyone," by John Beaty, have pointers on landscaping, planting, and gardening.

"The World's Best Spy Stories," selected by Kurt Singer, an expert in the field of international espionage, is an engrossing collection of facts and fiction, fine for hours of relaxation. Martha Albrand is another author who writes of intrigue. Her new book, "The Mask of Alexander," carries on the tradition of her earlier books.

A new Crime Club Selection, "Maigret in New York's Underworld," by George Simenon, is the typical "who-done-it."

Continuing the adventures of the Poldark family begun in the novel "Demelza" is the latest book by Winston Graham, "The Last Gamble."

Readers who have been following the saga of the Cornish family will be eager to read this newest



"Fleming Feathers," by Laurens Van Der Post, is a romantic novel unfolding in South Africa. Noel Gerson's "The Forest Lord" is another romantic adventure novel laid in 18th century Charleston.

Strictly feminine fare is the new Kathleen Norris novel, "Miss Harriet Townshend," as is also "A Doctor in the Family" by Elizabeth Seifert.

Other new books too numerous to list have been recently added to the collection of the Hilltop Branch Library, 2655 W. Broad-st.

The library is open from one o'clock until nine o'clock every weekday and on Saturday from 9 a. m. to 9 p. m. Any resident of Franklin County is privileged to borrow books and magazines.

They called General Jackson "Old Hickory" because, among other things, he had survived smallpox, tuberculosis, malaria, rheumatism, dysentery and a bullet under his heart—and yet lived to the age of 78 and was going strong up to the last.

On One Way Streets

We like the new one-way streets BUT a reader called our attention to the fact that there is only one northbound street of the new one-way system which has a traffic light at Broad-st. And that is Eureka-av. He claims that it makes it pretty nigh impossible to get on to Broad-st from south of Broad during rush hours.

• • •

Notes and Nubbins: Auto licenses sold on the Hilltop this year exceeded sales for previous years and yet the county was lagging at closing time . . . over 550 were sold the last day . . . My right hand man, Zip Mansfield and the Mrs., along with the Jimmy Ryans are taking in the [illegible] of Florida and the south, and my only comment is that I want him to get good and refreshed cause my fishing time is close at hand . . . Edith Gibson writes from Fontana, Calif., that she wants the Record to follow her, and so it will . . . Charley Kent, now located at 2800 N.E. 16th-av, Ft. Lauderdale, Fla., would be happy to hear from Hilltoppers . . . That old spirit of Hilltop neighborliness is so strong around Warren and Broad that Fred Asay of West Hill Drugs had Jerry Spears Sr. behind the counter washing dishes during one recent noon rush period . . . The Ed Melvins are back from the sunny land of Florida . . . A letter comes our way from Donald Dildine now stationed at Anderson Air Force Base in Guam and he would like mail from home front friends. His address is A/2C Donald F. Dildine, Detachment 3, 11th Air Postal Sq., APO 334, San Francisco, Calif . . . and a Mrs. Julia Basler, El Monte, Calif., who apparently must like the west so well she wants to sell her Sunset Cemetery lot which she is advertising in this paper today . . . Henry Crego, 241 Midland is a patient at Mt. Carmel Hospital for surgery . . . Hilltop Kiwanis Club has received word that it was judged second best in the state this past year . . . Congrats to Past Prexy Ott Best . . . Mayor Jack Sensenbrenner found himself campaigning for the same party as Jerry Spears, Sr., father of GOP Mayoralty Candidate Jerry Jr., last Thursday evening. Sensenbrenner made a brief appearance to campaign for the Purple Party in the annual pre-election hijinks of the Hilltop Lions Club. Jerry Spears, Sr., is campaign manager for Jack Imler, who is running for a director's post in the Lions Club on the Purple Party. The other party in the Lions election is the Gold Party . . . The Jerry Watsons have sold their motel and are residents of the Hilltop again, now at Lechner and Broad.

TO GIVE TAPE RECORDER

The Hilltop Lions Club will adjourn its regular 6:30 p. m. meeting at the Colony on Thursday, Apr. 21, by 8 p. m. to permit members to go in a body to the West Broad Street School. Purpose of the visit will be to present a tape recorder to the school from the club's community betterment committee and a projector device from the sight-saving committee.

Resigns Post On Juv. Diagnostic Center's Staff

Dr. Maurice Newberger

Dr. Maurice Newberger, 229 N. Gould-rd, Bexley, has announced his forthcoming resignation as coordinator of the clinical staff of the Juvenile Diagnostic Center, 2280 W. Broad-st.

Dr. Newberger, who formerly lived on the Hilltop, on S. Powell-av, for five years, is scheduled to assume his new duties as Seneca County psychologist on May 16. He will also be a lecturer at Heidelberg College in the summer or fall term. Accompanying him will be his wife and daughter, Betty, 14, and son, David, 11.

Joining the old Ohio Bureau of Juvenile Research in 1941 as a psychologist, he later assumed charge of a branch office for five years. In 1947 he became executive psychologist of the bureau. When the Bureau of Juvenile Research and other activities became consolidated into the Juvenile Diagnostic Center almost one and one-half years ago, Dr. Newberger became coordinator.

Dr. Newburger's successor at the Juvenile Diagnostic Center has not been named.

Two Girls, Airman Hurt In Collision

Shirley Morrical, 18, of 314 S. Hague-av, suffered fractures of the ribs, left leg and pelvis and numerous cuts, when her car was sideswiped by a speeding car of a Lockbourne airman.

The airman, Elmer J. Etcher, 22, passed a second car on the incline of an overpass and then sideswiped Miss Morrical's car. His car then careened off the iron wall and then tore up six guard rail posts on a railroad overpass a half mile west of the base on Rt. 665 early Wednesday morning, Apr. 6.

Charlene Manre, 20, of 181 Clarendon-av, a passenger in Miss Morrical's car, was treated for bruises and released.

Etcher and Miss Morrical were taken to the base hospital.

West High Pupil Models For Ad

Zi Anne Pospichel: West High School sophomore, daughter of Mr. and Mrs. Clarence E. Pospichel, 321 N. Burgess-av, modeled the coat this week which appears in Seiller's Department Store advertisement in this issue.

Zi Anne has had previous experience as a model at various style shows in this area. Photography was by Harley Groom, Record cameraman.

Big Switch Has Little Effect Here

The first major re-districting in many years for the junior high schools was authorized Thursday, Apr. 7 by the Columbus Board of Education. This re-districting will go into effect with the 1955-6 school term beginning in September.

The new setup will not affect the Hilltop schools directly. The Starling Junior High School territory west of Central-av, and south of W. Broad-st shall be optional to either Central or West High Schools.

The changes authorized in the elementary school districts on the Hilltop will be between West Broad Street, West Mound Street, and Highland Avenue Schools.

Six new rooms will be opened at Westgate School and four at West Mound Street School, all to accommodate increased enrollment.

Kid's Pal Gets Kids' Blood

When a pal of the kids on the Hilltop is in trouble there are many who come to his aid. This was the case when Harry M. Briggs, 2736 Sutton-av, a retired policeman, suffered a series of hemorrhages and needed blood transfusions on Monday, Apr. 11.

Briggs who has been in Mt. Carmel Hospital since Friday, found that his long-time friends were ready to help him when he needed them. Four youthful members of the Hilltop Athletic Club gave blood to help the 66-year-old ex-cop.

Bloodmobile workers received the donations of Dar Krebs, Dave Hubbard, Bob Delph, and Herb Brown as they gave their blood to save the life of a friend.

More members promised blood as the need is reported.

Krebs said that the club members had organized originally to fight against juvenile delinquency.

SUFFERS BROKEN FINGER

Linda Dixon, 11, of 836 S. Harris-av, suffered a broken finger in a fall at her home Tuesday afternoon. She was taken to Mt. Carmel Hospital for treatment in a private automobile.

No Starting Date Hinted At For Int'l Harvester Hilltop Center

The only official word from International Harvester Co. headquarters in Chicago on the purchase of a 71½-acre tract of land in the 3600 block of Sullivant-av remains that "eventually a huge products distribution center" will be built on the site.

An official announcement of the purchase from the Chicago office of the firm, one of the nation's leading farm equipment manufacturers and a major producer of motor trucks, received in Columbus Friday declared that "there are no immediate plans for the site."

Negotiations Since 1952

International Harvester paid about $60,000 to the New York Central System for the tract, tax stamps attached to the deed indicated. The site is bounded on the east by Josephine-av and extends north to the New York Central right-of-way. It fronts 1,000 feet on Sullivant-av, just west of the city limits and is east of Sullivant Avenue Airport on the opposite side of the road.

Negotiations for the property have been going on since 1952. While the sale and negotiations took place almost entirely in Chicago, the local law firm of Vorys, Sater, Seymour and Pease filed the deed at the Franklin County Court House.

When the large new industrial facility is added to the Hilltop it will probably be about the size of General Motors, informed observers said. The site is about the same size as that occupied by the Ternstedt Division of GM and is located a half mile east of GM.

Back in 1952, when negotiations first began for the site, a company executive indicated the site would probably be used as a distribution center for International Harvester products, probably trucks. Forty miles to the west is located a large International Harvester truck assembly plant in Springfield.

RENTER OR PROPERTY OWNER?

Survey Seeks To Prove Who Votes For Increased Levies, Bond Issues

The Hilltop's Precinct O of the 10th Ward and Precinct G of the 11th Ward were included in a survey recently completed by County Treasurer Newton A. Thatcher to determine "Who are the people who vote for extra levies or bond issues—are they renters or owners of real estate?"

Thatcher addresses his survey, released Wednesday, Apr. 13, to property owners and renters, public officials, and editors and declares that the above question is becoming increasingly prevalent with the currently high increase in real estate taxes almost everywhere in Franklin County.

In Precinct O of the 10th Ward, bounded by Floral-av, Whitethorne-av, Ong-st, and Clarendon-av, his survey shows that the 283 registered voters in 1954 included 124 property owners and 159 renters. Eighty of the property owners voted and 52 renters voted. Failing to vote were 44 property owners and 107 renters. The vote on tax levies and bond issues included: county tax, 86 yes and 38 no; county bonds, 76 yes and 31 no; city bonds, 63 yes and 36 no; and school tax, 76 yes and 37 no.

In Precinct G of the 11th Ward, bounded by Olive-st, Terrace-av, Palmetto-av, and Warren-av, Thatcher's survey shows that the 246 registered voters in 1954 included 157 property owners and 89 renters. Forty of the property owners and 20 of the renters failed to vote, while 117 property owners and 69 renters went to the polls. The vote on tax levies and bond issues included: county tax, 113 yes and 40 no; county bonds, 118 yes and 47 no; city bonds, 119 yes and 57 no; and school tax, 95 yes and 43 no.

In all, 14 precincts were surveyed. Thatcher selected nine precincts in as many different sections of Columbus and one precinct each in Bexley, Grandview, Arlington, Westerville, and Worthington.

Hilltopper Paul Langdon Has Equal Chance For Vacancy On School Board

3 Men Currently 'In Running' To Replace Resigning Member

Hilltopper Paul R. Langdon, 545 Nashoba-av, appeared late Tuesday to have an equal chance with two other Columbus men to be elected to fill a vacancy on the Columbus Board of Education at a public meeting scheduled for next Tuesday, Apr. 19.

Homer Trantham, president of the board, said that approximately two-thirds of the school board held an informal meeting Tuesday afternoon in which the issue of the election was discussed.

Selection From Field of Three

The selection will definitely be made from Langdon and South Sider George Farris of 1328 Oakwood-av, both of whom are avowed candidates for the school board in the November election, and Walter E. Roudabush of 2873 Oaklawn-av in Linden. Roudabush, while not an announced candidate, has the backing of many influential citizens in his community.

The election next Tuesday will be to replace Board Member Carl Tresemer, who submitted his resignation in the meeting of Mar. 15. First official announcement of his resignation was made by Trantham at the board meeting of last Thursday.

Trantham said he believes that the board will be able to make a unanimous selection of the successor to fill out the remainder of the term of Tresemer, which ends Dec. 31 of this year.

Hilltop Not Represented

"We would prefer to select someone from a portion of the city not now represented on the board," Trantham declared.

Board Member Daniel DeHayes, 1471 Fair-av, has made quite a point in past meetings of the fact that neither the Hilltop nor the West Side is currently represented on the board.

The fact that DeHayes lives south of Broad-st and west of Hanley, tends to lessen the chances of Farris, who lives [illegible] near DeHayes, of receiving the approval of the board, said another member of the board, who wished to remain anonymous.

No such limiting factor affects the chances of Roudabush, since Linden is not currently represented on the board.

Will Still Run in Fall

Langdon, 41-year-old comptroller of Battelle Memorial Institute, said that even if he were named to fill the term of Tresemer, he would still run for a four-year-term in November.

A native of Columbus and Hilltop area resident most of his life, Langdon is married and the father of two sons, both of whom attend West High School. He himself is a member of the 1931 graduating class at West.

Langdon has declared that he believes his extensive accountancy background and experience in funds administration qualify him to be of much assistance in the administration of the approximately $20 million annual budget of the board of education.

Judy Smith Of West High Amazed At Winning Citizen Spelling Bee

By Le Ann Witt

No one was more surprised than Judy Smith herself when she became the winner of the 17th annual Citizen Spelling Bee on Saturday, Apr. 9. Judy, an 8A student at West Junior High School, lives at 387 S. Wayne-av with her grandmother, Mrs. J. L. Garland.

For a while it was touch and go as Judy and 13-year-old June Young of Baltimore battled for the championship. After June incorrectly spelled "impetuosity," Judy spelled it correctly and then went on to spell correctly "implement." the 448th word pronounced by Paul Frank, WTVN newscaster.

Since Judy has won this contest she will go to Washington, D. C., to compete in the National Spelling Bee Finals. She will also receive a set of the Encyclopedia Britannica and West High will enjoy the use of the Encyclopedia Britannica film series for a year.

Judy has been up against much competition since she first became the West High School spelling champion. A short time later she became one of the Columbus public school champions; then, the morning of Apr. 9, she competed with 69 other entrants from all over the state of Ohio to become fifth in the top 32 who competed in the oral spelling in the afternoon.

Judy had the crowd on edge most of the time with her slow, deliberate syllable-by-syllable spelling, but this method proved quite effective.

After the contest, all Judy could say was, "I don't know," when asked her feelings, but her English teacher, Mrs. Velma Millhone was delighted and said, "This is just wonderful." This is the first time anyone from West High has come nearly so close to the finish and Judy is one of the few Columbus youngsters to win the "Bee."

Cubs Of Pack 148 Take Knight Roles At Awards Meeting

Knights of yore held sway at a recent awards meeting of Cub Scout Pack 148. On Monday, Mar. 28, at the Hilliards American Legion Hall, Cub dens 1 and 4 acted out scenes from King Arthur's Court for the entertainment of the pack.

Local Resident Enjoys Poetry As Hobby, Writes Poem In Praise Of Spring

Bing Crossley of Rome-Hilliards-rd has had poetry-writing as a hobby now for many years. A guard at the Lennox Furnace Co., Crossley several years ago won a $25 defense bond for writing the words to a company song.

The following poem was inspired by the wonderful weather late last week. Crossley said:

A SPRING DAY

'Tis a recipe for a spring day
I'm sure that you'll agree
That it's the very best dish
Ever made for you and me.

Just take a dozen little clouds
A little patch of blue
Mix with a million raindrops
Yes, and some sunbeams too.

Then add a bunch of violets
A wandering little breeze
And hundreds of little leaves
A-dancing in the trees.

Now gently mix together
In the very quickest way
Showers and sunshine, — birds and flowers
And you'll have a warm spring day.

Announces New 'Bargain' Package Policy To Meet Most All Liability Needs

The Farm Bureau Mutual Automobile Insurance Company this week introduced a new "bargain" package policy designed to meet all liability insurance needs of the average family, according to Major, Rielly and Waits at Central Point Shopping Center.

The new package consists of the standard automobile contract combined with an expanded personal liability policy. Major, Reilly and Waits announced. Called the comprehensive family liability and automobile combination policy, it protects against liability claims arising from automobile accidents, mishaps to visitors, damage caused by policyholder's children or pets, injuries to others during a sports or hobby activity, and almost all other accidents for which he may be held responsible.

Well-Preserved 1865 Newspaper Turns Back Pages Of U. S. History

Big black headlines proclaimed "Important . . . Assassination of President Lincoln . . . The President shot at the theatre last evening . . . Secretary Seward daggered in his bed but not mortally wounded . . . Clarence and Frederick Seward badly hurt . . . Escape of the assassins . . . Intense excitement in Washington . . . Scene at the deathbed of Mr. Lincoln . . . J. Wilkes Booth, the actor, the alledged assassin of the President, etc., etc., etc."

Thus reads front page of a well-preserved copy of the New York Herald of Saturday, Apr. 15, 1865, owned by Mrs. Earl C. Stroble, 236 N. Wheatland-av.

Four-Page Newspaper

She found the paper in vol. 1, "History of the Civil War in America." by John S. C. Abbott, which belonged to her grandfather, Watson Langell of Applecreek, O. Langell came to Ohio from York, Pa., year unknown. He died at the age of 62 years on Oct. 18, 1912, at Applecreek.

The paper itself is four pages, one sheet in size, 22x15 inches in size when folded, and six colums in width. The type is very small by presentday standards. The paper sold for four cents.

Front page news includes official dispatches by Edwin M. Stanton, secretary of war, a proclamation from Jefferson Davis, news from South America, New Orleans, San Francisco, and a column called "City Intelligence."

Ads Make Great Claims

The two inside pages are covered with ads and testimonials for Kitchel's Liniment, Kitchel's Spavin Cure, and Kitchel's Wind Puff Cure.

The liniment ad read something like this: "Kitchel's Liniment, leads the procession, so oil! no grease! no offensive odor! Greatest liniment for family use. It is also the greatest liniment for horses and other animals. It has no equal. It is the cheapest. It makes the weak strong. It disappoints none. It is a household panacea. It is the horse's friend. Its friends are any and all who use it.

"As far ahead of all other liniments, oils, salves, and ointments present in the market, as a mowing machine is ahead of a sickle.

"It would cure sprains, bruises, chilblains, wounds, sores, ulcers, headache, chapped hands, toothache, neuralgia, burns, sore throat, galls, corns, bites and stings of insects, itch, eruptions, dandruff, contracted muscles and inflammation, shampoos and crowns the hair and relieves all pain like magic.

"Reduced with water, the body and leg wash for trotters and runners. The only stimulant not followed by depression."

The other main ad read like this: "Use Kitchel's Spavin Cure for the reduction and cure of spavins, splints, ringbones, callous swellings, curb, callous and enlarged sinews and tendons, stiff joints, sprung knees, cockied ankles, sweeny, chronic lameness, and all bony enlargements, etc., etc.

"It does not thicken the skin no matter how often applied. It cures when all others fail.

"Price, only 50 cts. Actually worth $25 to the consumer."

WESTLAKE FOR COUNCIL

COLUMBUS NEEDS A FIGHTING MAYOR

Since taking office,

Mayor Sensenbronner has:

- Ended fake bookkeeping by taking water department employees from general fund jobs — a practice used by his precedessors to boast of balanced budgets at the expense of your water bills.
- Has fought vigorously to clean up the slums and protect the veterans who were sold faulty home construction at outrageous prices.
- Has moved ahead with real traffic control, putting in "no turns" and one-way streets where PUBLIC safety and necessity demanded.
- Ended the practice of temporary rooming house permits and spot zoning which previous administrations had practiced to curry favor with special groups.
- Fought for expanded recreation facilities; elimination of Hudson Street and Fifth Avenue grade crossings.
- Ended the give-away program of water and sewer facilities to outsiders; helped add some 3000 acres to the City of Columbus through annexation.

Mayor M. E. "Jack" Sensenbronner used his power of veto 12 times during 1954, a new record for City Hall.

"But it wasn't a record I was after," he states. "I want only good government for all the people of our city."

In practically all cases, it was special interests which felt the weight of the Mayor's disapproval.

During his first month in office he vetoed a re-zoning scheme which had been opposed by the City Planning Commission, and which had not been taken before the Board of Zoning Appeals.

In May, he halted City Council's efforts to hire its own transit expert despite the fact that the administration's thoroughly competent Ivan W. Ulrey was right in City Hall at the time.

June 23, he again refused to go along with City Council's approval of a plan to convert a garage into a dwelling — a direct violation of the Columbus Building Code.

Then City Council sought to give itself the right to negotiate for a transit franchise, and the Mayor vetoed. "This right belongs to the voters under the City Charter," he reminded the councilmen.

In July, City Council was all set to turn over funds from Columbus Zoo concessions to the private agency which for years had pre-empted the city's rights in the city-owned zoological gardens near O'Shaughnessy Dam. Mayor Sensenbronner vetoed the ordinance.

In August, City Council again went counter to recommendations of the Planning Commission and approved rezoning on A-1 dwelling district to Type D, business. The mayor said, "no."

Also in August, the controversial 40-foot lot scheme which would have brought about the ruination of Columbus as a city of attractive homes went sailing through City Council only to run afoul of Columbus' scrappy mayor!

Again in August, the City Auditor's office sought to get around an unauthorized purchase of office equipment by taking money from the Unclaimed Money Trust Fund. Mayor Sensenbronner vetoed the scheme. Just four days later, he vetoed an attempt by another department to do precisely the same thing.

Spot zoning was the next maneuver of City Council to get around the Planning Commission, but Mayor Sensenbronner sided with the commission and vetoed council's plan.

Council next sought to favor certain city employees with a pay hike by changing their classifications in conflict with the City Charter. "Keep it fair — and legal," Mayor Sensenbronner said in affixing his veto.

An attempt to raise the pay of certain special employees despite a general wage freeze drew the veto which made the count an even dozen.

THE SENSENSBRENNER ADMINISTRATION HAS BROUGHT SO MANY THINGS TO LIGHT THAT SHOULD BE CORRECTED THAT THE PEOPLE OF COLUMBUS WILL MAKE A GREAT MISTAKE IF THEY DO NOT ELECT SENSENBRENNER FOR ANOTHER TERM AND AT THE SAME TIME DEFEAT THE PRESENT MEMBERS OF CITY COUNCIL WHO ARE SEEKING RE-ELECTION.

Glenwood Church Is Scene Of Miller-Fondaw Wedding Rites

—J. CURTIS ALLEN PHOTO

MR. AND MRS. JAMES HENRY FONDAW

Glenwood Methodist Church was the setting for the double-ring wedding rites uniting Miss Susanne Marie Miller and Mr. James Henry Fondaw on Easter Sunday at 2 p. m. Rev. Joseph B. Shellhaas read the service at 2:30 p. m. before an altar decorated with lilies and palms.

The bride is the daughter of Mr. and Mrs. Daniel W. Kaiser, 776 S. Harris-av and the bridegroom's parents are Mr. and Mrs. Oscar F. Fondaw, 870 Geneva-av.

The bridal gown of imported chantilly lace over skinner satin was fashioned with a fitted lace bodice and illusion yoke, with a trim of lace, sequins and seed pearls, and long sleeves forming points over her hands. The very full skirt was worn over hoops and extended into a chapel-length train.

A crown of seed pearls and sequins held her fingertip length veil of illusion and she carried a cascade of white carnations centered with two golden throat white orchids entwined with ivy.

Mrs. Martin Theil served as matron of honor, Mrs. Bonnie Bolin as bride's matron and Miss Jayne Glass, Miss Anita DeMatteo and Miss Judy Custer as bridesmaids. Miss Nancy Kaiser, sister of the bride, was junior bridesmaid.

Their floor-length gowns were of crystallette over taffeta in brilliant pastel shades of shrimp, blue, green, yellow hyacinth and aqua, respectively. They were fashioned with fitted bodices, vee-shaped collars forming cap sleeves, and bouffant skirts worn over hoops. Their small crowns of iridescents held short theatre veils and they carried French bouquets of matching carnations and ivy. The junior bridesmaid carried a miniature Colonial bouquet of pink carnations.

Mr. Oscar Fondaw, Jr., served as bestman for his brother and seating wedding guests were Mr. Bob Miller, brother of the bride; Mr. Ted Dean, Mr. Martin Theil, and Mr. Bob Donnelly. The junior usher was Butch Miller.

The new Mrs. Fondaw is a graduate of West High School and is employed with the State Highway Department. Her husband was also graduated from West High School and is associated with Heer Printing Co.

Hostesses for the reception held immediately following the ceremony were Miss Barbara Booth, Mrs. Robert Bowles and Mrs. Myle Farnwald.

15 Year Old Promise Can Come True
Says
Walter J. Shapter
Candidate For
City Council

"South Side residents should have a 15 year old promise come true. I am vitally interested in correcting the condition presented by the present sewage disposal plant and in the contamination of the river and general health of the South Side people. The people of this area have been promised for 15 years that this situation would be cleaned up, and an adequate plant put in but nothing has been done. With the rapid growth of Columbus plans must be made for a modern disposal plant to take care of our needs."

About The Hilltop

Our Governor has foresight in opposing the proposed parking facility which would destroy the State House lawn, Ohio's famous landmark. There, the soldiers in blue passed reviewing stands, parents with their children bask in the sunshine and enjoy their children's mirth in feeding the birds, young lovers stroll, the green velvet carpet of grass is a campus ground for the wise ole philosophers who gather and debate, vote and pass on legislation while statesmen inside the capitol stew over the issues of the day . . . 15TH ANNIVERSARY STATEMENT

'C'on Jets! Let's Go, Yanks!' Is Cry Of Seiller Celebrant

One might think that marking the 15th anniversary of her affiliation with Seiller's Department Store would result in considerable comment by Mrs. Naomi Hunter.

Mrs. Naomi Hunter

concerning the many and varied experiences she has had there.

Fact of the matter is, however, that while she admits that she's had many an interesting moment during the years in which she has had charge of the downstairs department at the Hilltop store, she'd much rather talk about her favorite sport—baseball.

How'd she become an avid diamond fan? She finds that question a little difficult to answer, but, having been a West Sider for many years, she's followed the fortunes of the local league entry—the Red Birds, and now the Jets—and is anxiously looking forward to seeing Columbus' new International League entrant.

Though her minor league heart is with the local lads, she's frank to admit that she's all for the New York Yankees in the majors.

"I've made a number of buying trips to New York and always try to see the Yanks when I'm there," she said. "One of my biggest thrills was when I met Joe DiMaggio at the ball park about ten years ago, along with Tommy Hendrich."

It was with great regret, she declared that the baseball season hadn't started when she was in New York Jan. 24 to attend the Curtain and Drapery Show or during her visit to the Gift Show on Feb. 21.

While she can tell you the exact meaning of the term "fielder's choice" and when the infield fly rule applies, that is by no means the only category in which she can come up with the right answers, according to her fellow employees. She's the one who on numerous occasions has made the final decision—at the customer's request—as to just what gift to purchase for someone or what would be the most desirable fabric or color to grace the home of a buyer seeking her advice.

"One of the most pleasant things about my 'sojourn' at Seiller's," Mrs. Hunter said, "is the wonderful people for whom I work and the fine relationships which I enjoy with everyone here. I've loved every minute during the past 15 years, during which I've made countless friends. I treasure every one of them."

Mrs. Hunter has been widowed for 20 years. Her son, George R. Hunter, a Columbus attorney, is a graduate of Ohio State University.

DON'T SKATE IN THE STREET

Say, boys and girls, it's just about time to start roller skating again! You can look forward to having a lot of fun with skates, if you keep safety in mind. The Safety Council of the Columbus Chamber of Commerce says to avoid accidents always skate on the sidewalk — never skate in the street.

Rome Women Hold Bridge Luncheon

The Rome Bridge Club met at the home of Mrs. James W. Whalen, 26 Buena Vista-av, on Wednesday, Apr. 6 for a dessert luncheon and a session of progressive and contract bridge.

Members present were: Mrs. Floyd J. Armstrong, Mrs. Silas Adams, Mrs. Allen F. Burns, Mrs. Harry Eberhard, Mrs. James E. Farrell, Mrs. Wilton L. Harrison, Mrs. M. A. Howell, Mrs. Rex W. Lynch, Mrs. Paul S. Noblitt, Mrs. William Ranshous, Mrs. Charles Seipel, Mrs. Jack W. Shinn, Mrs. George Terry, Mrs. Henry Warner, and Mrs. Marshall T. Hall.

Individual table favors were presented by Mrs. Harold Craven, local Avon representative.

Boys and girls, did you hear about the boy who climbed a tall ladder on a dare? He knew it was dangerous but he did it anyway. Well, he fell off that ladder and landed in the hospital! The Safety Council of the Columbus Chamber of Commerce says don't take foolish dares—you might get hurt.

TEEN TROUBLES

Question: Should you ask a boy in after a date?

Answer: If it's fairly early and your family is still up, its quite all right to invite him in for a coke and a sandwich.

You should not invite a boy into your home if it's late and your parents have already retired.

And a boy who is really smooth will never insist on coming in. He knows that such an invitation is the girl's to give — if she wishes to do so. If she does not wish to do so — that, too, is her business.

Remember, a smart girl does not let herself in for the possible involvements of late hours and a dark house.

Question: I'm supposed to have a high I.Q., but my principal says I'm "emotionally immature." What does he mean?

Answer: He probably means that some of your actions and reactions have been rather childish for your age. You see, I.Q. has nothing to do with your emotional maturity. The two are not the same and neither do they keep pace with each other in many people.

Emotional maturity means "outgrowing childish attitudes and actions and replacing them with grown-up ones."

Take an honest look at yourself and see how you feel and act as you meet various situations. For example:

1. Do you resent authority and deliberately disobey rules? Or do you accept them as a necessary part of civilized life?

2. Do you always think, "What's in it for me?" Or do you try to give as well as receive?

3. Have you a tendency to be boastful or a little "cocky"? or do you just feel happy at having done a good job?

4. Do you try to blame others for your mistakes? Or can you accept responsibility for what you've done?

5. Do you like someone else to decide things for you? Or can you make your own decisions?

6. Do you keep putting off an unpleasant task? Or do you tackle it head-on and get it out of the way?

7. Do you waste your free time in aimless activity? Or have you a hobby which keeps you busy and happy?

Check yourself and see how you come out.

Hague-av Residents Renew 3-Yr.-Old Request For Traffic Light At Mound-st

A traffic and pedestrian count to determine the necessity of a traffic light will be taken at the intersection of Mound-st and Hague-av before the next meeting of the Traffic Commission on Tuesday, Apr. 19, according to E. O. Melvin, West Columbus representative on the commission.

Melvin said he would request the count as soon as possible when he was told Friday by the Record that Mrs. James W. Ford of 931 S. Hague-av had written a letter to the Traffic Commission on behalf of residents on S. Hague-av from Mound-st to the south city limits concerning a three-year-old request for a traffic light at the intersection.

In her letter, Mrs. Ford said as follows:

"In January of 1952 the residents of S. Hague-av from Mound-st south to the city limits submitted a petition for a traffic light at the intersection of Mound-st and Hague-av. We felt then and feel now that the situation is very dangerous. Traffic on Mound-st moves along very rapidly — many drivers exceeding 35 miles per hour. In just one block of three blocks mentioned, there are 27 grade school and pre-school children. After John Burroughs School is dismissed for the day, the children reach the intersection at 3:30 p.m. or later, just when traffic from General Motors is at its peak.

"The Traffic Comaission refused the light on the grounds that there were not enough cars passing this point to warrant the installaion. They installed instead a flasher stop sign which is of no help to children crossing the street.

"A group of parents then went before the commission to discuss the problem. We pointed out that there is as much traffic at Hague and Mound as there is at Richardson and Mound, where a light was considered necessary. Furthermore, Hague is a turning point for most cars using Mound-st to reach the Hilltop from other sections of the city. We suggested that a traffic signal be operated there during the school hours only, but the commission claimed this to be hazardous.

"Several suggestions made by the Traffic Commission were as follows: 1. That the children walk along Mound to Richardson-av and then to school. Since there are no sidewalks on Mound-st and some people have planted flowers and shrubs in the walking area, this would not be possible. 2. That a school patrol operate at the intersection. The commission agreed that this is impossible because of the distance from the school building. 3. That the mothers take turns patrolling the intersection. Most mothers have younger children taking naps at this time.

"We realize that a light is expensive and cannot be installed at every intersection but we sincerely feel that the young children here are unsafe, especially coming home from school in the afternoon. This area has been steadily growing and the traffic increasing proportionately. We in this neighborhood hope that after the passage of three years this increase might be enough to warrant reconsideration of our petition."

Melvin declared that the commission checked the corner two or three times when the original request for a traffic signal was made and that never once had the count approached the level which the commission has established as a warrant for a signal. "Both the peak level and the all-day vehicle counts were far below the necessary level," he said.

"I don't know what a count will prove now, but I am fairly certain that the traffic has not increased sufficiently to warrent a traffic light. A traffic light wouldn't make the corner absolutely safe for these young school children, anyway" Melvin added.

"Lights don't give 100 per cent protection to adults, so why should we think that they would to young children. There is no real answer to complete safety for school children except adult escorts."

Melvin said the Traffic Commission would undoubtedly consider Mrs. Ford's letter and the matter of the traffic light at the next meeting unless something else of an emergency nature occupied the body.

City With A Heart Helps The Handicapped

A city with a heart has provided a school with facilities which are almost adequate to meet the needs of training those people with special mental and physical handicaps. These difficulties would hinder the trainees at the Columbus State School from living a normal life without the training they are given.

With enrollment close to 2,500 the school is very cramped for room to expand, explained Roy E. Ferguson, director.

The department of education and training at the Columbus State School is directed by Ferguson. The field is divided into five segments of education: day-time academic school, adult education, job orientation and training, placement and supervision of institutional workers and religious education.

"In providing education and training we should train for social adequacy, occupational ability and as high a level of academic skill as the individual's potential would indicate," said Director Ferguson.

Four Levels of Education

The school has four levels of educational instruction including nursery-kindergarten, elementary, pre-adolescent and adolescent.

Within these levels the teachers attempt to establish as nearly as possible a unified group in age and ability. Criteria used are mental age, intelligence quotient, physical development, social maturity, and the achievement level based on standard reading tests.

Classes vary in size from 12 to 18 in each group. Much of the program is based upon integration of activities and experiences with academic development.

The occupational educational program is correlated with the academic program at the school. By doing this, Ferguson pointed out, it is easier to interpret job information at an early level, adding to such information as the child developes, using both on and off-grounds trips in school one-half day and spend three of four half-days a week on job orientation [illegible].

The work of the institution is organized into 72 work areas and each individual will spend successive periods of the ten weeks in those areas which are selected, until such time as it can be determined what will be the best area of job training for him.

In the remaining two half-days of each week a boy has industrial arts and girls are trained in home economics such as child care, personal regimen, sewing, cooking and care of the home.

After completing the regular school program and the trainee is in a program of job development, a related information sheet is drawn up. Placement of candidates is a very closely coordinated practice. What skills the trainee has which can be used as he returns to the community are definitely defined.

Special Training Courses

Many special therapy training courses are available to all of the students at the school. Some of these are in instrumental music, vocal, industrial arts, home economics, physical education, speech therapy and art. In music the school also has a program of therapy planned to meet the needs of the cerebral palsied and orthopedic cases and children of lower achievement levels than those enrolled in regular day school.

Unfortunately the program does not include provision for the deaf or partly-deaf . . . only limited facilities are now available. Only a limited program has been stimulated for those with sight problems also.

Religion is of major importance to the complete development of students under training at the school, reported Director Ferguson.

A comprehensive program of religious education has been developed under the direction of a full-time Protestant chaplain and a full-time Catholic chaplain and a part-time Jewish chaplain. They conduct regular religious services and do individual and parent consultation.

Hilltop-West Side Help Out

An extensive program of volunteer service in the field of religious education is also carried on at the school by 150 persons. Many of the volunteers are affiliated with Hilltop and West Side church [illegible]. The state school choir has participated in many programs for various organizations in the community.

The Hilltop Branch Library has contributed to the school youngster's experience in making available their annual puppet shows, stated the director.

Many students in training as teachers in special education at Ohio State University are participating in the state school program.

With the completion of the new school building in the fall of 1955 the educational program of the school will be expanded so that nearly 750 children and young adults, including those with multiple handicaps may have better educational opportunities. Special opportunities will be available in the areas of home economics, industrial arts shops, speech and hearing clinics, art, printing, music, and music therapy.

Persons living in the Hilltop and West Side area who are interested in understanding problems of education and training of the mentally handicapped are invited to visit the Columbus State School.

GOP Council Candidate Declares More Walking Policemen Needed

The increasing wave of robberies, molesting, and vandalism, calls for added police measures to combat them, W. Ralston Westlake, Republican candidate for city council nomination in the May 3 primary, declared today.

Westlake believes more police officers should be assigned to foot patrol duty in the thickly-populated sections. "It is easier to learn of the characters who require watching when you are in close contact with the people," he said.

Juvenile delinquency has been reduced in several large cities when police were shifted to foot patrol. There, it was pointed out, many youngsters know know, and have learned to respect the officer on the beat for the first time.

"It should be tried here," Westlake asserted.

W. J. Shapter, New Face On Political Scene

Walter J. Shapter

A new face on the political scene is Walter J. Shapter, 112 Aldrich-rd, seeking election to the Columbus City Council.

Shapter is new to politics, but he is not new to city government. For many years he has served on various committees such as zoning and better building codes. These committees have looked beyond the local level even to city, county and national needs for growing communities, according to the committee which is sponsoring his campaign.

Vitally interested in a better, more progressive city government, Shapter said today that since the announcement of his candidacy for City Council he has received many letters and phone calls from residents of Columbus encouraging him in his effort to be elected.

"The primary reason I am seeking election," Shapter asserted, "is to use my background as a successful builder and contractor along with my experiences on the many civic and governmental committees to stimulate a better local government."

Shapter is married to the former Margaret Durrott. He is a native of Columbus, having lived on the West Side for a number of years, attended Columbus public schools, Ohio University and is a member of the Aladdin Temple Shrine Band, Columbus Real Estate Board, Chamber of Commerce, YMCA, York Council No. 115 and is a bowling sports enthusiast.

The following persons were appointed to be a committee to handle Shapter's campaign: Thomas A. Graham, Mrs. Genevieve Burr, Mrs. Alva Hutchinson, W. Herbert Dailey, Mrs. Della Stokes, Mrs. Pat VonSchrilitz, David B. Sharp, Robert Holmes, William Feil, Mrs. Walter Hammond, Bernard Feitlinger, Michael Austin, Bernard Cohen, Hon. Cloyd P. McClelland, Wilbur Peecher, the Rev. Harold Scott, Norman White and Ernest E. VonSchrilitz.

Christian Inspiration And Comforting Quotations Among New Books Received

By Mildred Phelps

FOR RESURRECTION LIVING

For resurrection living
There is resurrection power,
And the praise and prayer of trust-

May glorify each hour.
For common days are holy
And year's an Easter-tide
To those who with the living Lord
In living faith abide.
(Author unknown).

The above poem is found in an excellent new book, "Worship Resources for the Christian Year," edited by Charles L. Wallis and just published by Harper & Brothers. Beginning with Advent and Christmas and continuing through Reformation Sunday, the true meaningof Christian faith is developed. Prayers, litanies, poems, selections from all creeds are used. Special days of national significance, such as Thanksgiving, Brotherhood, and Memorial Sundays are included, with emphasis upon their Christian significance. A splended book for program planners and worshippers.

COMFORTING QUOTATIONS

Better never trouble Trouble—
Until Trouble troubles you;
For you only make your trouble
Double-trouble when you do.
(David Keppel)

"There is always a comforting thought in time of trouble when it is not our trouble.' (Don Marquis)

"To bear other people's afflictions, everyone has courage enough to spare." (Benjamin Franklin)

"He that mischief hatcheth, mischief catcheth." (William Camden)

The above quotations are found in "The Speaker's Handbook of Epigrams and Witticisms," by Herbert V. Prochnow. In his preface, the editor quotes Samuel Coleridge's famous definition of an epigram:

What is an epigram? A dwarfish whole,
It's body brevity, and wit its soul.

An alphabetical arrangement by subject increases the usefulness of the book.

It should be read for sheer entertainment and used for reference for practically any occasion. It is another helpful hint for program planners.

Among other new books at the Hilltop Branch Library, 2955 W. Broad-st, are some best sellers such as Eugene Castle's "Billions Blunders and Baloney;" "Gertrude Lawrence As Mrs. A," by her husband, Richard Aldrich; "An Almanac of Liberty," by William O. Douglas; "September Monkey," by Induk Pahk; "Daughter of the Kahns," by Liang Yee; and "Successful Telephone Selling," by Merrill De Voe.

Mayor Rebukes Council As He Vetoes Ordinance Allowing Sidewalk Parking

Mayor M. E. "Jack" Sensenbrenner scathingly rebuked city council in vetoing the ordinance to permit the sidewalk parking of automobiles by a private concern.

While directing his letter to council as a whole, the mayor privately indicated that it was his Republican opponents in the up-coming primary elections, May 2, who came in for the bulk of his scorn.

"Here are Spears and Jones, both of whom are being held up as shining white lights to save Columbus from that Sensenbrenner fellow, advocating that we break the very law we are all sworn to uphold!" Mayor Sensenbrenner said.

The veto letter which Mayor Sensenbrenner sent to city council read:

"I am vetoing the resolution, 'To permit the parking of vehicles on the sidewalks of a portion of Courtland-av,' inasmuch as it was disapproved by the traffic and transportation commission of the city of Columbus, and in view of the fact that it violates section 45.1167-A of the state code of 1953, and section 27.328-1 of the Columbus Code of 1952, which prohibits the parking of vehicles on a sidewalk, except bicycles.

"I would like to calll the attention of the councilmen who voted for this resolution that when they took office as councilmen for the City of Columbus, they took oath to uphold the laws of the City of Columbus, the State of Ohio, and the United States of America.

"They have set a bad example as public officials in attempting to transcend the laws of our city and state," the letter read.

"This resolution was also frowned upon by the city attorney, safety director, and the chief of police, along with three members of the council, and its passage will not deter the police department from fulfilling its obligation in case an automobile is found illegally parked.

"I could not sign this resolution in good faith, inasmuch as the oath of office. I took, as mayor of the City of Columbus, was to uphold the laws of our city, state and nation."

Mayor Sensenbrenner told this newspaper, "I hope I made myself clear!"

"My administration wants to find the best solutions for our problems in a legal manner, and for the benefit of all the people. I do not think it's any secret who has tried to keep us from doing just that. The ringleaders are now running for mayor.

"Well, this gives the voters a chance to let them know what they think of puppets who haven't even the courage to uphold the law," Mayor Jack Sensenbrenner concluded.

BE CAREFUL

Boys and girls, the street isn't the only place to watch out for automobiles. The Safety Council of the Columbus Chamber of Commerce says when you're playing or walking, look for cars that might be coming out of a driveway, an alley, or a garage. And never play around parked cars. Always be careful.

Y's Men's Spring Frolic Dance To Benefit YMCA Building Fund

The Hilltop Y's Men's Club, recently organized service club of the Hilltop YMCA, will hold its first annual Spring Frolic Dance at 8:30 p. m. Saturday, Apr. 30, in the West High School auditorium.

One-hundred per cent of the proceeds will go to the Hilltop YMCA Building Fund, according to Roger Chrisman of 3010 Wicklow-rd, general chairman of the dance project. The dance will be held in cooperation with the Hi-Y and the Y-Teens. Carl Hartley's Orchestra will provide the music.

All services will be donated with no deductions for expenses lessening the total contribution to the Y building fund.

Tickets may be obtained at the Hilltop YMCA and from members of the Y's Men's Club, the Hi-Y and the Y-Teens. Dick Crawford of Westgate Electric is the chairman of the ticket committee. P. A. Jackson, general manager of Hilltop Motors, will serve as chairman of the advertising and publicity committee for the dance.

General Chairman Chrisman has declared that the Spring Frolic Dance affords the entire community a chance to demonstrate actively support of the Hilltop YMCA.

IT HAPPENED IN FRANKLIN COUNTY

Jacob Hare Left Portion Of His Estate To Orphans Of Columbus

EDITOR'S NOTE: This column is being published as a public service of the Franklin County Historical Society in association with the weekly newspapers of the county. Through its publication the editors hope to create a greater pride in our American heritage and in our own home communities. Articles submitted to the editors for use in this column should be addressed to "It Happened In Franklin County" c/o Franklin County Historical Society, Columbus Public Library, 96 S. Grant-av, Columbus 15.

By Gilbert F. Dodds

June 18, 1812, is an important date in United States history and also an important date in the history of Franklin County. On that date the Congress of the United States declared war against Great Britain . . . and on that date the sale of the first lots in Columbus took place.

The story of one of the men who purchased a lot in Columbus on that date is very interesting. It is that of Jacob Hare. He was a native of Pennsylvania and came to Franklinton in 1812 and was present when the first sale of lots in Columbus took place. In fact he purchased a lot on S. High-st which still remains in his name. Hare subsequently purchased other property which increased in value until his death, Nov. 3, 1880, when his estate was variously estimated from $50,000 to $80,000.

When Hare died his will provided that after all expenses had been paid and an annual allowance made to his widow, the balance should be devised to the City of Columbus, to form a charity fund for the benefit of poor and unfortunate children of the city. Mr. Hare appointed William T. Martin, author of the first history of Franklin county, executor of his will and also made the requirement that at such time as the state of the fund should justify it, a suitable building should be erected and named the "Orphan's Home" or "Beneficial Asylum."

The Ladies' Benevolent Society of Columbus gave their home and other property valued at about $8,000 as an additional fund. This home, located on Woodlawn-av was unfilled for a home for children and the trustees soon purchased an attractive cottage with seven acres of ground surrounding it in the northern part of the city. This proved an ideal retreat for the youngsters and served well for many years. It was replaced eventually by the present fine stone structure which stands at 2106 Tuller-st, Columbus.

By popular demand, the Ohio Division of wildlife will again furnish a weekly lake and stream condition report to the four major wire services in the state. OLD APPLE TREES

I will take my unrest under old apple trees;
I will lean on their bodies, rounded in contrast
And close to earth as though upon their knees;
I will write on my heart their living testament.

They have not drained their substance reaching forth
A yearning limb toward a more winsome south,
Nor wasted a summer waiting for the north
To whisper its soft snow kisses upon the mouth.

I will walk in disquiet among them when the full
Glory of leaves hovers above the roots
In soft hands of blessings, green and multiple,
And when the boughs are heavy with pendant fruits.

But oh, in the spring whenever old apple trees
Burst into blossom, I will stand apart,
Lest they be tarnished with my memories
As each showers earth with the essence of its heart.

A clever hand bill is being distributed by the Cincinnati Division of Police and the Greater Cincinnati Safety Council. It is a picture of a boy with a ball and glove and under the picture is the headline: "This boy is wanted—alive." In finer print: "This boy is wanted at school for questioning in connection with the proper spelling of the word Mississippi. He is wanted at home for errands, for picking up the bath towel that was left on the upper hall floor, and for his weird, wonderful sense of humor. Most of all, this boy is wanted for love. He may be carrying a water pistol, some string, a piece of chalk, a wing nut, two jacks and one large clear blue marble. He is harmless but, unfortunately, he is very easily harmed. Let him go to school and home again without an accident!"

Mail—From Columbus: "I used to write poetry every spring but was cured of the habit. If you are curious as to how I was cured, I didn't join Poets Anonymous or take any antipoetic pills or shots. The mild case of it that I had simply rendered me immune" . . . Also from Columbus: "I am estranged from the ancient art of house-cleaning. Sometimes I vaguely remember things about it—I look at a once-shining treasure and think 'I must polish that bit of glass. It once shone bright as glass'" . . . From Dayton: "Cooking is a lost art. You just don't find them home-cooked meals no more. My wife cooks with a can opener. She says if I don't stop griping about the good old days and my Mother's home-cooked meals she will flavor my gruel or my canned peas with arsenic. Who does she think she is—Josephine Hull?" . . . From Canton: "Eddie Goest or somebody said nothing is so bad it couldn't be worse. He/she is so right. My ten-year-old twins are to be quadruplets."

WHAT GOD HATH PROMISED

God has not promised skies always blue;
Flower-strewn pathways all our lives through.
God has not promised sun without rain,
Joy without sorrow, peace without pain.
But God has promised strength for the day;
Rest for the laborer; light on the way;
Grace for our trials; help from above;
Unfailing sympathy; undying love.

"It's G'amma!"

As Poor As A Church Mouse!

You must be an oldtimer if you can remember back when this expression was so common. Those were days before electricity, telephones, automobiles, radios, television and modern plumbing.

Those were days when our population was barely half of what it is today. Us kids found plenty of nearby vacant lots to dig caves, play baseball, duck on the rock, pom-pom pull-away, and other games of the day.

Today we require recreation centers to provide for the greatly increased number of youngsters. Hence we ask your support of our Hilltop "Y" where the extent of our program is only restricted by our lack of funds.

DON'T TAKE CHANCES

Boys and girls, don't take foolish chances with your life. The Safety Council of the Columbus Chamber of Commerce says it's against the law to trespass on railroad property and it often leads to serious accidents for children. Be safety smart and do your railroad playing only with toy trains. Never play around railroad tracks.

500-Plus Attend Easter Sunday Rites In Local Methodist Church

By Louise Pohlmann
FR. 8-4186
PO Box 29, Hilliards, O.

Between 500 and 600 worshippers attended Easter Sunday services at Hilliards Methodist Church exclusive of those attending classes during church school sessions. The impressive musical program planned by the choir director was executed with inspiring effect, despite a breakdown in the organ mechanism, necessitating the impromptu substition of piano accompaniment for most of the service.

Although suffering from a throat infection, which seriously affected his voice, Rev. John P. Adams conducted the multiple preaching services held during the forenoon. A large class of new members was received into the church fellowship.

Woman's Society of Christian Service is announcing the date of the annual spring dinner to be served in the church parlors Saturday, Apr. 23, from 5:30 to 7:30 p. m. The menu will include fried chicken and ham with appropriate "trimmings."

In addition to the dinner, the event will also feature a bazaar offering home sewing and baking products.

Rev. and Mrs. John P. Adams and family of the Hilliards Methodist Church are spending a brief vacation with relatives in Indiana. The community hopes the rest will sped his recovery from the throat ailment which attacked him during the Easter season.

Visitors at the J. H. Culp home on Roberts-rd the past week included their son and wife, Mr. and Mrs. Charles Culp of Columbus and nephew and wife, Mr. and Mrs. Donald Houchard of Fishinger-rd. Mrs. Charles Culp is recovering from eye-surgery.

The daughter born to Mr. and Mrs. William Brogan of 57 Gill-st on Msr 31 has been named Joy Elizabeth, with the strong probability the name will be shortened to "Joy-Beth," according to her aunt, Mrs. Basil Ridenour.

William Van Schoyck and Fay Soule spent Monday and Tuesday in Lansing, Mich., this week, attending a Holstein sale . . . Mrs. Abbie Weber called on Miss Aida P. Skinner at the home of Mrs. Ray Van Schoyck on S. Norwich-st, last Thursday forenoon. Mrs. Weber was Miss Skinner's nurse during her illness earlier this season.

Mr. and Mrs. P. B. Van Cutin of E. Columbia-st and niece Jackie Downing spent Easter with relatives at Waverly . . . Gene Cornell of Detroit was the guest of his mother Mrs. Kenneth Cornell and family during the Easter vacation.

Mr. and Mrs. John Kaiser were Easter Sunday guests of their son Ray and family in Columbus, where a family dinner was held . . . Mr. and Mrs. Joe Cashell of Canton visited relatives and friends in the Hilliards community last week end.

Misses Helen and Elsa Page of Oxford, O., were guests of their niece, Mrs. John Russell, for several days last week. Mr. and Mrs. Russell entertained with a family dinner on Sunday in their honor. Guests included E. O. Bolender and Mr. and Mrs. Robert Willion and family.

Mr. and Mrs. Walter Arndt were guests of Mary Van Houten, Easter Sunday . . . Charles Reece, father of Mrs. Richard Williams of S. Norwich-st remains very poorly at his home on Walker-rd. Mr. Reece is past 86 years old and continues to live on his farm in his own home under the care of his housekeeper and daughters.

Mr. and Mrs. Harry N. Miller entertained with a family dinner on Sunday in celebration of their daughter Connie's birthday (Mrs. Robert McAllister). Guests were Mr. and Mrs. Robert E. Lee, Jr. and family and Mr. and Mrs. Richard Zoog and family of Columbus; Robert Miller and Mr. and Mrs. McAllister and son Joey, of Hilliards.

Mrs. C. A. Turney is confined to her bed following a fall, last Saturday afternoon. She suffered severe bruises and shock but there were no apparent fractures. All her friends wish her a speedy recovery.

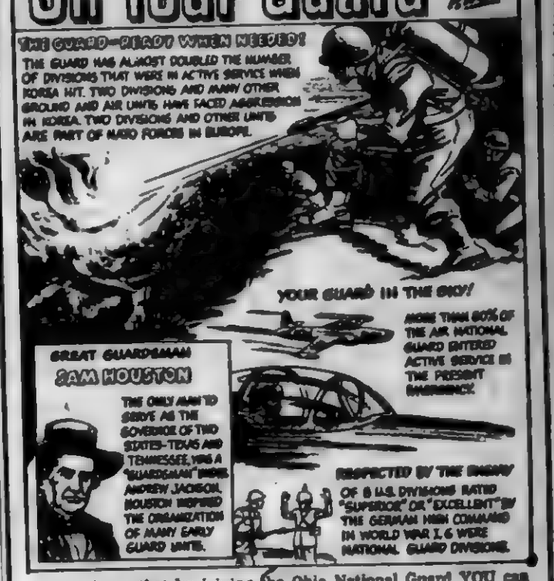
Mr. and Mrs. Kenneth Swepston, Sr., entertained with a family dinner on Sunday. Joining the host and hostess about the table were Mrs. Jennie M. Walker, Mr. and Mrs. Wayne Sigler and baby, Glenn and Mr. and Mrs. Kenneth Swepston, Jr., and son Kenneth Swepston, III.

C. A. Turney has been not quite so well the past week or so. He continues to be at his place of business regularly, however . . . The home of the late Carrie Myers on E. Wayne-st was recently sold to Mrs. Fearn Walton of Leppert-rd. After extensive remodeling and modernizing, Mrs. Walton will assume residence in her new home.

C. W. Spring, 187 S. Norwich-st, remains quite ill in St. Francis Hospital following surgery performed two weeks ago. Unable to take food normally, Spring receives intravenous feedings. Mrs. Spring is staying at the home of her daughter, Mrs. Anson S. Smith on Godown-rd during her husband's hospital confinement.

Level Social Club's regular monthly meeting will be held next Wednesday, Apr. 20, at Hilliards Masonic Hall at 12:30 p. m. Hostesses for the meeting are Mary Bidwell, Mae Swepston, Ella Gard, Clara Smith, Dorothy Knowles, Blanche Hartsook, and Mary Brush. Ladies are reminded to bring their own table service, please.

Mrs. John Winkler, Jr., (Shirley Bolender) returned home by plane Monday from a visit in Texas with her husband who is in the military service there.



Hilliards Methodist Men's Fellowship Will Hold Dinner Meet Apr. 21

The Men's Fellowship Club of Hilliards Methodist Church will hold a dinner meeting at the church on Thursday, Apr. 21, at 6:30 p. m. Harland Randolph, journalist, lecturer and raconteur, will be the speaker.

Randolph has appeared for some years as a lecturer before high school, college, and adult groups throughout the United States. While in college he was chosen to represent America, abroad as a debater. This speaking tour took him to 15 different countries in Europe, Asia, and Africa. He calls his lecture on the trip, "A Broadening Frame of Reference."

All men of the Hilliards community are invited to the meeting. Tickets are for sale by several members of the Men's Bible Class, including Leon Bowman, Robert McCormick, Charles Hahn, James Weaver, and Kenneth Love.

Cowboys Drop 11-8 Decision To Upper Arlington In '55 Diamond Opener Tilt

By Woody Owen

West High School's baseball squad opened its 1955 season Tuesday Apr. 6, on the home lot and dropped an 11-8 decision to Upper Arlington in a free scoring, loosely-played contest.

The Golden Bears built up a 5-0 lead in the first two frames. They counted twice in the first frame on two bases on balls, an error, and a triple. The Bears picked up three more in the second on two bases on balls, an error, and two singles.

The Cowboys retaliated with four markers in the bottom of the third on an error, a base on balls, a double steal, a single, and a home run to right field by Ray Williams.

Arlington counted once more in the fifth on a base on balls and two singles, but the home forces bounced back in their half of the same frame to count four times. Home runs by Nebinger and McDonald, each with a man on base, featured the rally.

In the Golden Bears' sixth, three more runs came home on Green's four baser with two men aboard.

The Cowboys sent the contest into extra innings by counting a run in the home half of the seventh to tie the score at eight-all, only to see the visitors wrap up the verdict in the eighth by scoring three more times on three walks, a single, an error, and a steal home on an attempted squeeze play, in which the batter missed the ball and interfered with the Cowboy catcher trying to tag the runner out at the plate.

The batter should have been ruled out and the base runner sent back to third, but the umpire, who apparently didn't see the play too well, ruled otherwise.

Outstanding for the winners was the heavy hitting of Chuck Green with a home run, a single, and four runs batted in.

For the home forces, the defensive play of Sophomore Ken Clapsaddle at short stop was brilliant.

The Cowboys were to have met Central Tuesday, Apr. 12, in the city league opener.

The Cowboys were also scheduled to meet Grandview at home on Wednesday, Apr. 13, in a non-league affair, North at home Friday, Apr. 15, and Aquinas there on Tuesday, Apr. 19. The latter two games are city league affairs.

Goobies Tally 27-26 Victory In Overtime

The Goble Goobies tallied a 27-26 victory over the Crazy Eight in the mixed volleyball league opener Tuesday, Apr. 5, at Glenwood Recreation Center.

The Goobies led 18-12 at halftime, but the Crazy Eight came back in the second half, outscoring the Goobies 14-8 to tie up the game. In the two minute overtime, the Goble Goodies chalked up the only point, giving them a 27-26 victory.

The Rebels dropped a 38-19 decision to the Hot Shots, Wednesday, Apr. 6. The Hot Shots outpointed the Rebels 17-12 the first half and 11-7 the second half to tally their 38-19 win.

DON'T START A FIRE!

Boys and girls, fires don't just happen, they're caused. And the Safety Council of the Columbus Chamber of Commerce says they're usually caused by someone doing the wrong think. One of the wrong things is children playing with matches. So, be safety smart about matches—and don't do anything that might start a fire.

AIRMAN BASIC Earl Gates (above), son of Mr. and Mrs. Ervine Gates, 94 N. Oakley-av, is undergoing basic military training at Sampson Air Force Base, N.Y. He enlisted Feb. 1, 1955, and is a member of the 4162nd flight since the base's activation in December 1950.

Wind Up First Round In Volleyball League Set

The first round of Glenwood Recreation Center's volleyball leagues wound up on Tuesday, Apr. 5.

Leroy Hood, 2295 Sullivant-av, heads the 34-man Engineers' Council at Ohio State University, which is sponsoring the fourth annual Engineering High School Day in conjunction with the university, Friday, Apr. 15.

The purpose of Engineering Day is to give central Ohio high school students a foresight into the field of engineering.

The high school participants will visit campus engineering laboratories on tours to be conducted by the Engineers' Council. Other events of the day, beginning at 10:15 a. m. in Ohio Union, will include talks by engineering faculty members and a luncheon.

A June graduate of West High School, he enlisted in the airforce last September, received his training in Sampson, N.Y., and attended radar school in Biloxi, Miss. before being sent overseas.

Highland Gra-Y 'Knuckles Down' To Sweep Marble Tournament

By Dick Wilson

The two rerepsentatives from Highland Gra-Y placed first and second respectively in the Gra-Y Champ of Champs Marble Tournament which was held at John Burroughs school playground last Friday.

Vernon Blackburn, who was the champion of Highland Gra-Y, placed second.

Other Gra-Y boys who participated as champions of their schools were Bob Ross and Jim Cook of Westgate, Roy Buckley and Gary Alwood of West Mound, Jack Kincaid and Jerry Maupin of John Burroughs, and Glen Rohr and Charles Graham of West Broad.

A total of 170 boys participated in this tournament. There was a winner and a runnerup from each of the five grade schools represented in the Champ of Champs tournament.

All of the first place winners from each school played in one ring while the runnerups played in another. Two winners from each of these rings were then pitted against each other. These winners were Vern Blackburn and Roy Buckley and Bill Karn and Charles Graham from the runnerups. Blackburn won the playoffs, with Karns coming in as runnerup.

There is a possibility that the Westway Post 3441, Veterans of Foreign Wars, will sponsor the Gra-Y champion in the state tournament. Further details will be available at a later date.

West Hi-Y Member Candidate In Ohio YMCA Youth-Govt. Program

Bill Spratley

Bill Spratley is the West Hi-Y candidate for speaker of the house in the Ohio YMCA Youth and Government Program, which will be held in Columbus on Apr. 22, 23, and 24. Bill is a senior at West High School and resides with his parents, Mr. and Mrs. William Spratley, at 106 N. Ogden-av.

Purpose of the YMCA Youth and Government Program is to prepare a selected group of young men and women for political leadership in the American democratic process by providing guidance, training, and experience in the theory and practice of determining public policy. It is a laboratory experiment in practical politics.

Youth legislators were elected by various Ohio Hi-Y and Tri-Y Clubs to represent them in this model legislature. The model legislative sessions were preceded by pre-legislative conferences held at universities in each of the several districts in Ohio.

Spratley was elected at the conference held at Dennison University to represent the central district as candidate for speaker of the house. Victor Jutt, also of West Hi-Y, was elected as alternate representative of the central district at this session.

The Youth and Government Program has been promoted and developed through the Hi-Y and the Tri-Hi-Y Clubs of the Young Men's Christian Association.

The highlight of this program will be the Governor's Banquet to be held at the Ohio State Student Union on Apr. 22. At this time, election results will be announced. Governor Frank J. Lausche will be the guest speaker.

Who Votes—

(Continued from Page 1)

er declared that 4,894 registered voters were in the 14 precincts in 1954. Of this number, 2,144 were property owners and 2,550 were renters.

"At November 1954 election, when many tax levies and bond issues were being voted upon," said Thatcher, "there were 2,819 persons who voted, including 1,550 property owners and 1,269 renters. Thus, 72 per cent of the owners voted while only 50 per cent of the renters were voting.

"On the other hand, 894 property owners and 1,281 renters failed to vote. In other words, 38 per cent of the property owners and 50 per cent of the renters did not bother to vote on any kind of levy or bond issue."

He next considered the vote in these 14 precincts for the county tax levy and the county bond issue, two questions which were presented in all these precincts.

The vote in favor of an increased tax was 1,786, while the vote against the higher tax was 640. On the bond issue the vote was 1,887 in favor and 723 against.

Thatcher asks readers of the survey to compare these totals with the number of property owners and renters who voted. He left the interpretation of the figures to his readers.

Meanwhile, the age-old squabble continues. One group of property owners says "It is the renters who make us pay higher taxes. They don't own any property so they are perfectly willing to vote for anything which comes along."

Renters come back with their answer: "Why should I vote for extra taxes? If I do, my rent will be raised and I will have to pay the higher tax through the rent."

Another owner group retorts: "I have no real estate to be rented. All I have is the house I live in and every time those other people vote extra taxes I have to pay without a chance of collecting the increase from anyone else."

How do you interpret the figures?

More than 878,000 persons were injured in weekend traffic accidents last year.

Hilltop Staff Sergeant Benjamin Conley arrived in Korea recently and was assigned as a personnel supervisor at Kimpo Air Base, an installation of the Fifth Air Force.

Sgt. Conley served in the US Navy for nine years before enlisting into the Air Force two years ago. His overseas record includes duty in Europe, 1943 to 1945, and in the South Pacific, 1945 to 1946.

Before joining the Air Force Conley was an employee of the Buckeye Steel Casting Co., Columbus. His wife, the former Rosemary Wood, and their children, Patti, 12, and Robert, 7, live at 173 Lechner-av.

West High Girl's Design Selected To Decorate County PTA Musicale Program

A West High girl had the honor of having her design chosen to decorate the cover of this year's county PTA Music Festival program. The girl is 17-year-old Karen Reber, daughter of Mr. and Mrs. Howard Reber, 615 S. Roys-av. Miss Reber is a member of the senior class at West.

Her design was chosen as the best submitted by art students of all Columbus' high schools. She will officially be named the winner and given a cash prize at the Music Festival sponsored by the Columbus and Franklin County Council of Parent-Teacher Associations at 8 p. m., Friday, Apr. 22 at Central High School.

Karen will divide her attentions between art and elementary education classes when she enrolls at OSU next fall.

Her brother, Kenneth, 14, will also appear at the Music Festival, playing the violin in the city-wide high school orchestra.

Miss Reber's work has been on exhibit at West High School, and her water color of a winter scene was highly complimented by Richard Teichert, her art instructor at West. She credits him with helping and encouraging her in her work.

Three other West High students also entered a design in the competition. They were Margie Hunyady, Jim Bodenheimer, and Joe Muchmore.

Overnight Trip To Indian Village Camp Planned By Glenwood's Teen Club

An overnight trip to Indian Village Camp will be one of the highlights of the spring schedule of Glenwood Recreation Center's Teen Club. A treasure hunt and softball game have been included in the trip's plans.

Glenwood Center will hold a Spring Round Up on May 13 and 14. On May 14, the Teen Club will sponsor a Western Square Dance. Other program plans include a picnic and swimming party.

Teen-age girls and boys are welcome to attend the club's meetings, from 7:30 to 9:30 every Monday evening. Any teen-ager who would like to become a member may call Sally Lucke, supervisor at Glenwood Recreation Center, RA. 7416.

Former Localite Lands Turtle On Spin-Casting Outfit At Miami, Florida

A former Hilltopper and West Sider, Louis Tarbert, landed a turtle on a spin-casting outfit at Miami, Fla., recently. Lou and his son, Frank, were at Marco, a town near Miami on the look for mackerel.

Lou suddenly sighted a 175-200 pound turtle and cast a jig in its direction. The jig and line wound up wrapped on a front flipper. Lou "horsed" the critter into gaffpoint, and the kill was made. This was, perhaps, the first time a catch like this was ever made in the Miami area.

Tarbert was born at 65 S. Oakley-av, raised at 148 N. Princeton-av, and moved to 3742 Dibbiee-av shortly before he went to Florida. He is a plasterer by trade and was engaged in that line with the rest of the members of his family until he moved. He now lives at 13160 N.W. First-av in Miami.

"When any medium, other than the community newspaper, delivers all the neighborhood news and pictures in detail; ballyhoos local charities and endeavors to successful conclusions; borns the babies, graduates them, marries them, and buries them as old men; stands as watchdog of home, safety and liberty; fights for the rights of the people, unlicensed by fickle government, controlled only by justice and decency —

"When any medium, other than the community newspaper, becomes the permanent record of current events, the date book of the community, the housewife's shopping guide, recovers neighbors' dogs, sells their attics empty, finds them a used refrigerator; tells them who's painted his barn or mended his fences —

"When another than the community newspaper does these few little jobs, in a preservable package, at the lowest price in the world, then I'll believe that some folks might not find time to read their community paper."

Undergoes Rare Leg Operation

A 12-year-old West Side girl, who is well-known on the Hilltop, was operated on Easter Monday at the Mayo Clinic in Rochester, Minn. The girl is Barbara Baus of 1558 Thomas-av. She has a rare bone disease known as "marquio."

Although she is a West Side girl, Barbara has many friends on the Hilltop due to the fact that she attended St. Mary Magdalene School until about a year ago when she had to drop out and have a tutor at home because of the disease.

The operation Monday was an incision into the legs to straighten the leg-bones. After the leg has had time to heal the way it should, which will take about a year and a half, there will be a second operation to install a new hip socket. After this operation, Barbara will be four inches taller.

Since her mother will be the only visitor she will have, there has been a request made by the family for people to send her cards and letters to while away her time. Her address is Miss Barbara Baus, St. Mary's Hospital, Rochester, Minn.

HOME FROM PAKISTAN—Mr. and Mrs. S. N. McIntosh, on two months leave from Mr. McIntosh's government post in Karachi, West Pakistan, show some of the art objects they have acquired in their travels. Mr. McIntosh is chief agriculturist for the U. S. Foreign Operations Administration Mission to Pakistan. They are visiting at the home of Mrs. McIntosh's mother, Mrs. Martha Merriman, 68 N. Westmoor-av.

AIDS BACKWARD NATION

Chief Agriculturist In FOA Mission To Pakistan Home On 2 Months Leave

Home on two months leave from Foreign Operations Administration (FOA) agricultural advisory work in Pakistan, is S. N. McIntosh and his wife, members of a well-known Hilltop family. They are staying at the home of Mrs. McIntosh's mother, Mrs. Martha Merriman, 68 N. Westmoor-av.

McIntosh is chief agriculturist in the FOA mission to Pakistan. This agency is carrying out a technical assistance program aimed at improving the lot of the 55 to 90 million people of East and West Pakistan.

Small Staff of Americans

A limited staff of American technicians serve as advisors for the local governments of each province in Pakistan, giving assistance on the problems of industrial development, cottage industries, health, education, and agricultural development.

Agricultural practices in Pakistan, McIntosh says, are most primitive. Bullocks (oxen) are used for power. The wooden plow is still used, with some improvements, such as the use of metal points. Grain is sown by hand and cut by sickle. Just as they did 2,000 years ago, the women follow the men as they cut the stalks, and glean the grain that falls. Every head of wheat is important in this land of large population and low crop yields.

Crude Farming Practices

The grain is threshed by driving bullocks over the harvested grain lying on the ground. The trampling separates the grain from the straw. Other agricultural practices are carried out in much the same crude manner.

Immediate help to the farmers of Pakistan being given by MIntosh's branch of the FOA is the introduction of commercial fertilizer and planting of crops in rows. But the setting up of a long-time educational program to strengthen the local research agencies and modern educational system, including an extension service similar to ours, will be the chief contribution of the FOA program. It will bring the results of research and teaching to all farmers in Pakistan.

Tractors Would Be Ruinous

When asked if the United States would send tractors and other mechanical aids to Pakistan to help the farmers, McIntosh pointed out that doing this would have an immediate and devastating effect on the whole economic set-up of the country. There are only about six acres per man in this crowded land and many would be immediately unemployed if agriculture were completely mechanized.

To illustrate a second reason why we can not send machinery to this land, McIntosh compared the mechanical knowledge of an American boy of six or seven years to the average adult in Pakistan in this land. McIntosh compared the mechanical knowledge of an American boy of six or seven years to the average adult in Pakistan in this

A young boy here in his lifetime is acquainted with many kinds of mechanical devises, a knowledge taken for granted by all. He does not even have to figure out the way to turn a nut on a wheel of his wagon. He just does it as a matter of long habit. By contrast, the Pakistan farmer, never having had the experience of working with complicated machinery, would be completely lost.

"Small wonder, then," declared McIntosh, that we cannot, at this time, send complicated machines such as tractors balers and combines.!

To Move College

"One of the most interesting projects being assisted by the FOA is the complete reorganization of an agricultural college and research station in the province of Sind. Because of soil conditions at its former location, which made critical research impossible, the entire college will be relocated. The move entails building all new classrooms as well as dwellings; for all students, teachers, clerks, laborers and other employees. This is one of the chief projects with which I will concern myself when I return to Pakistan for two more years' work there," said McIntosh.

McIntosh was born and reared in West Virginia, but lived on the Hilltop during his four years at Ohio State University. After his graduation in 1928 he taught vocational Agriculture in Centerburg for two years. He was then a 4-H Club agent in Medina County for four years. Before entering government service in 1953, he was county agricultural agent in Holmes County for 20 years. He was married to the former Ruth Merriman in 1931.

Mr. and Mrs. McIntosh are enjoying visiting with many friends and relatives during their stay here, which will terminate May 20. They like to show the many pieces of art work, colored slides and other objects they have brought with them or sent from the many countries they have visited.

Mrs. McIntosh loves to tell of the lovely vacation trip they took on their way home, which took them through the Holy Land and Europe. But that would make another interesting story!

Hilliards Area Farming Operations Zooming, Reports John Russell

Farming operations in the Hilliards area, which had been seriously hampered by the heavy precipitation of last month, are now zooming into high gear.

The situation has entirely reversed itself in the past seven days, John Russell of the Russell Grain Co. said Monday morning, in commenting on the speed with which the nine-day period without rain had enabled local farmers to get seed-beds in readiness for planting.

Oats are about 95 percent sowed and plowing for corn is proceeding rapidly. Except that wet weather lasted so long it made barley-sowing impossible because of the longer maturing season necessary for that grain, tillage processes are about normal for the time of year.

G. Edwin Smith Deserves Community Plaudits

This past week when the Metropolitan YMCA annual meeting was held many people gathered to honor G. Edwin Smith. The occasion marked the completion of 44 years on the Y board by Mr. Smith and 36 years as chairman of the general board of the Y.

Those of us who have had the opportunity to know Mr. Smith through his association with the Y board are well aware of the fine contribution he has made over the years to this outstanding organization that deals in youth work.

Establishment of the Hilltop Branch of the YMCA came about in the expansion program of the Y, under the leadership of Mr. Smith. He has at all times shown a fine interest in the Hilltop project for which we are grateful.

We join his many friends all over the county in wishing him well and expressing again our thanks for all the fine things he has made possible for youth of this city.

Opening Of Hilltop Swim Pool To Be May 21, Nine Days Early

The Hilltop Swimming Pool at 2737 Valleyview-dr will be rushing the season by nine days this year. That was the announcement made this week by owner Bob Case who was in the midst of the annual repairs necessary to the huge concrete pool. Case, who lives at 236 Powhatan-av, said the pool would open this year for its 12th season under his ownership on Saturday, May 21. In the past it has been opened on Memorial Day, May 30.

Case announced two improvements for the coming season in facilities at the pool, which is crowded by up to 2,000 bathers in the hot days of summer. He is proudest of the complete job of air conditioning, which will be started soon, on the almost new brick bath house and headquarters. Work was scheduled to begin this week on the job.

New Sliding Board

Another addition will be a small sliding board for the kiddies, Case said.

Case is currently in the middle of the nearly six-week job which is necessary each year to whip the pool into shape after the fall, winter and early spring weathering.

Biggest job in the reconditioning of the 163 by 157-foot, all-concrete pool is the replacement of sections of the pool bottom, which involves breaking up of old concrete as well as the laying of new.

Some 75 gallons of paint are required to paint the pool. Concrete, applied through hoses under pressure, is used to fill cracks in the pool side.

Hilltop CC May Join City Wide Council

Melville Frank of the National Council of Social Agencies, addressing the Hilltop Community Council, urged the organization to join an Inter City Council of Civic groups for Juvenile problems. Other groups reported to be in favor of this move are Linden and Clintonville Councils.

In his talk to Council, Frank stated that Juvenile Delinquency was "everyone's problem," and we should not be just Hilltop citizens interested in our own community, but "Citizens of Columbus aware of the needs of all areas of the city" particularly those not so well organized.

The Council, whose membership is made up of 30 representatives from school, church and service organizations referred the question back to the various groups for discussion, and a vote will be taken at the May meeting of the Council.

Lions To Sponsor Carnival

The annual Community Carnival of the Hilltop Lions Club, with amusements and rides by the Gooding Amusement Co., will be held May 2-7 at W. Mound-st and Wayne-av.

Charles Nell, general chairman of the event for the Lions Club has announced that proceeds will go for sight-saving work and other community betterment projects of the club.

The carnival will open afternoons and evenings and feature all kinds of rides for children and adults.

Hilltoppers May See More Truck Traffic

Traffic coming west on Mound-st from downtown Columbus may never get to the 3C Highway. Traffic Commissioners are sending it out through the Hilltop Mound residential district according to a ban projected by the Traffic Commission which will go into effect for 60 days after the signs are put up.

In looking over a map of the Mound-Central-sts the casual observer may notice that any driver going west on Mound-st seeking to get on the 3C may never get there before the Central-av turn-off or for miles after the turn; and after making the turn, interested parties have asked, "who would then want to travel their way back to the 3C?

R. O. Melvin, Hilltop commissioner on the traffic commission, stated, "I am supporting the left turn ban only on a temporary basis to see how it works out." Melvin acknowledged the problem of finding alternates going left from west-bound Mound-st.

The traffic signals at Mound and Central-avs work just fine, said Melvin, the only bug which must be worked out is the left hand turn problem.

The turn ban affects all traffic except buses. It is expected the move will cut down accidents and step up the flow of traffic.

MR. AND MRS. RAY COMPTON, 731 S. Harrison, were surprised to see on their front lawn this 1953 Cadillac which "almost" ran into their home following a collision on Saturday, Nov. 16, at about 5 a. m. The Cadillac driven by Carter Bailey, 480 S. Hague-av, was struck by Angelo Peter Marchi, 236 S. James-rd, when Marchi, driving a 1953 Ford Ranch Wagon, rode down a one-way street the wrong way and did not see a stop sign. Marchi, Bailey, and Virginia Bradshaw, 787 S. Reys-av, a passenger in Bailey's car, were all taken to Mt. Carmel Hospital by the police cruiser at the scene. They all suffered bruises and were released after examination. (Record Photo)

Safety Picnic Set For Sunday, May 1 In Westgate Park

The recently-organized Hilltop Traffic Safety Conference has invited everyone in the Hilltop community to join in the celebration of "Traffic Safety Sunday" on May 1 by attending a picnic at Westgate Park. Chubby Distelhorst, temporary chairman of the new safety group, said it is hoped that the picnic may become an annual event.

Plans for the picnic, scheduled from 11 a. m. to 5 p. m., include a softball game between the W. Broad-st Merchants and Sullivant-av Merchants, with a trophy for the winners; a vaudeville show at 3 p. m.; and an exhibition of dog training by John Richardson, president of the Columbus All-Breed Training Club. Ed Liston has been named chairman of the games and prizes committee.

"Pack Your Own Lunch"

A feature of the day will be an address by Patrolman James A. Bonham of the juvenile bureau of the Columbus police department. All ministers of Hilltop churches will be asked to deliver a message on safety in their churches on the same morning, Distelhorst said. Families are invited to pack lunches and spend the day at the picnic.

Charles L. Strawser has been selected manager of the two softball teams, which will be known respectively as the West Broad Wildcats and the Sullivant Sluggers. A suitable trophy will be presented the winning team. Prospective players for both teams are invited to contact him at the Hilltop branch of Tarift Finance Co., 2403 W. Broad-st, JO. 6803, or at his home, HU. 8-0278.

Plans are being made to secure a band for a band concert beginning at 2 p. m. More than enough ballons have been obtained to assure a gift of one to each child attending. The vaudeville acts will include a demonstration of magic by George Shillington, president of the North High School Magic Club.

Crowning of a Hilltop Traffic Safety Queen will be a highlight of the day temporary chairman Distelhorst said. Girls interested in qualifying for the honor may register at the Loreene School of Modeling at 2502 W. Broad-st.

It's A Longer Swim Than The Ad Said

"It really looks bigger than the ad said." This is the comment of several persons regarding that new Hall Ridge Club swimming pool.

And right they are! The pool is actually 50 x 100 feet. This error is regretted by this newspaper.

Wheatland Church Men Arrange All-Day Program

Quick, Bethany Presbyterian Church, will speak and the Bethany Presbyterian Men's Chorus and Wheatland Avenue Men's Chorus will sing.

Two well - known Hilltoppers have been elected to the 24-member board of directors of the Tuberculosis Society of Columbus and Franklin County.

They are John E. Nippert, 1615 Berkeley-rd, vice-president and treasurer of Nippert Electric Products at 1789 W. Mound-st, and Charles H. "Doc" Campbell, 91 S. Westmoor-av, executive secretary of the Hilltop Businessmen's Association and a retired Hilltop pharmacist.

Nippert, elected to a three-year term on the board, is active in both Hilltop and South Side affairs. A native South Sider, he is a member of the Public Opinion Panel of the Marion Local Schools and president of the Marion Township Citizens' Association, which he helped to found two years ago.

CAA Inspectors Arrive To Make Fed'l Survey Of Sullivant Avenue Airport

City's Purchase Of Field Hinges Largely On Inspector's Findings

The long-awaited Civil Aeronautics Authority survey of Sullivant Avenue Airport to determine its qualifications to be federally-recognized as a secondary Columbus municipal airport got underway early Monday, it was disclosed yesterday by Fred Voss, assistant superintendent of Port Columbus.

As of yesterday afternoon, however, the two CAA men conducting the survey, A. Chargois and H. Tollwez, both from the CAA Airport Division, New York International Airport, had not checked in with John Biehn, chairman of the Columbus Airport Commission.

Biehn said, however, he would "hazard a guess that there will be no fast answers on the survey."

The survey, which apparently is the only major stumbling block in the purchase of the Hilltop airfield by the city for $300,000 from Owner Gomer Jones, was requested by the Airport Commission the first week in March. Currently, the city has no secondary airport.

Hinges On CAA Findings

Francis A. Bolton, superintendent of Port Columbus and secretary of the Airport Commission, who made the original request for the CAA survey, said on Mar. 8 that "unless the airport meets certain qualifications for a secondary airport, we would be unable to obtain federal funds for assistance in developing it."

The City Planning Commission, while unanimous in endorsing the purchase of Sullivant Avenue Airport in principal, will not recommend its purchase until it receives a report from the Airport Commission, according to Planning Chairman Ernest Stork. The Airport Commission, in turn, will await the results of the CAA survey before giving such a recommendation.

Biehn said the Airport Commission hopes for a recommendation or statement from the CAA that the airport is necessary and that the federal government should contribute to its support. Customarily the government contributes on a 50-50 basis to such projects.

To Inspect Other Airports

The two CAA men are expected to complete their business in Columbus late today, according to Voss at Port Columbus, who talked to the men on their arrival Monday morning. Their stay in Columbus will include a study of other "secondary-type airports in the area, potential sites, and probably a visit to the Chamber of Commerce for business and other statistics.

At Port Columbus they were primarily interested in figures on types and numbers of aircraft based there.

The inspectors made a flight over Sullivant Avenue Airport, taking a few photographs of the approaches and the bordering acreage available for purchase, Jones said. For nearly an hour they toured the various portions of the field alone. Jones was requested to furnish them with a large picture of the field and its approaches and various other data when they returned today.

The CAA officials, reportedly staying at the Naval Air Station bachelor officers quarters, could not be reached for additional comment.

Purchase Plans Supported

Purchase of the airport has received verbal endorsement of several local government officials, including Mayor M. E. Sensenbrenner and Jerry Spears, Jr., Hilltop Republican councilman and independent GOP mayoralty candidate in the May 3 primary.

In a meeting with the City Planning Commission on Mar. 3, Jones disclosed that he would be forced to sell to independent developers because of the encroachment of dwellings near the field's approaches if the city did not act to purchase it.

His asking price for the 90-acre field, directly south of General Motors Ternstedt plant and Westinghouse Plant in Franklin Township, includes shop buildings, hangars, and an 800-foot frontage on Sullivant-av. The offer also would include some 30 additional acres south of the airport which Jones has the option to buy from E. O. Clime at $76,075. The extra acreage would provide for a 1,500-ft. extension of the north-south runway.

With this extension, the airport would be able to serve as an auxiliary emergency strip for twin-engined DC3's.

If the city should purchase the airport, Jones wants to lease back a portion of it to operate his flying service, which includes approximately 40 airplanes.

Plan New Traffic Light Study

The Traffic Commission will make a study of the location of traffic lights on the Hilltop. Many requests were received in the editorial offices of The Record asking for changes which would allow traffic to "get into" both Mound and Broad-sts from the north and south side streets.

Following a request by E. O. Melvin, West Columbus representative of the commission, the study was stimulated into further action this week.

Many of the stop and go lights conflicted with the flow of traffic on one-way streets residents found. The study may bring about the relocation of some of the lights, Melvin stated.

"My contacts with individuals and groups on the Hilltop have pointed out universal approval and favor of the one-way street program," Melvin stressed.

The one-way streets have greatly facilitated the movement of traffic and alleviated the parking situation on narrow west side streets, he said.

No change in one-way streets or traffic lighting may be done without first making a thorough study, the commissioner assured the Hilltoppers. Anytime new routes of one-way streets are set it takes time for the public to develop new driving habits to fit the system.

Installation of traffic lights is a costly proposition and deserves the most careful study to insure the most satisfactory results. Traffic lights do not decrease accidents of the number of careless drivers, they merely direct the flow of traffic on a given route, he indicated.

Westgate Disaster Hospital To Hold Public Meeting

All interested Hilltop adults are invited to attend the next meeting of the Westgate Disaster Hospital, which will be held from 7:30 to 8:30 p.m. Monday, Apr. 25, in Westgate School, according to Jim Henery, chief administrator of the civilian defense hospital and principal of the school.

A physician from the Columbus Academy will detail and answer questions concerning the medical procedures involved in civilian defense hospitals. The meeting will take the place of the regular first aid training scheduled for the evening.

No first aid training will be conducted at the Westgate Disaster Hospital until the May meeting, which will be held a week earlier than previously scheduled, because of Memorial Day. The May session will be held for a two-hour period, 7 to 9 p.m., on Monday, May 23, Henery announced.

Watch Out For The Kid On The Bike, Join Lite-a-bike

"Any boy — your son, perhaps — might be foolish enough to ride his unlit bike in the dark and be a target for death," said Sam Alford of the Hilltop Kiwanis lite-up committee for bike safety.

A field day will be held at the West Junior and Senior High School soon to tape warning signals on each youngsters bike to protect him at night should he be without a light or adequate signal devices. The Hilltop Kiwanis business and public affairs committee, the boys and girls committee and the underprivileged committee are cooperating to sponsor the lite-a-bike campaign.

A new reflective material used during the war to mark landing beaches, fighter strips, and harbor buoys was developed. The material has also been tried out on highway signs and billboards to make them work at night by reflecting beams of auto headlights. Scotchlite, its name, with over a hundred times the reflective power of the whitest paint, consists of tiny glass spheres coated on a plastic backing — about 30,000 spheres to a square inch. It looks like sand paper.

When driving at night, Alford pointed out, the reflective glow of the tape can be seen for a quarter of a mile away.

The date of the mass-taping will be given later, stated Alford.

LETTERS TO THE EDITOR

Dear [redacted]:

I am a captain on United Air [redacted] was associated with Comer Jones at Sullivant Avenue [redacted] before World War II.

Having recently become aware of his problem in regard to the Sullivant Avenue Airport, I would like to say I think the people in your community would be doing themselves a disservice if they let the airport be replaced by something else.

Air travel is on the increase, more people are riding the air lines and flying their own airplanes every day. More and more companies and sales organizations are operating their own airplanes of the type that would use such a landing strip. Also such a landing strip would make an excellent emergency landing strip for even the big air line planes.

Using the automobile as a parallel situation, you all know the shopping centers that have parking facilities are the ones that are getting the business today. The airplane is fast approaching this same situation.

Your community has a golden opportunity to stay modern.

SHOW YOUR MANNERS

Boys and girls, good bike riders have good safety manners. If you want to show people how skillful you are, the Safety Council of the Columbus Chamber of Commerce asks you to remember bicycle courtesy includes obeying traffic signs —giving hand signals—and watching out for cars. When riding on the sidewalk, keep alert for careless pedestrians.

REMEMBER YOUR MANNERS

You boys and girls are taught that you'll have more friends and get along better in life if you have good manners. And that's right. The Safety Council of the Columbud. Chamber of Commerce wants you to remember, too, that good safety manners show you have good sense—being fair and courteous helps avoid accidents.

SHADES OF JULIUS CAESAR!

Gods And Goddesses To Take Part In West's Annual Roman Banquet

By Bill Bethin

Hoge Memorial Presbyterian Church will be the scene of the wedding of Pelius and Thetis on Wednesday, Apr. 27. About one hundred Roman gods, goddesses, and dignitaries will be present. A wedding feast and entertainment will follow.

This wedding is actually the annual Roman Banquet held by the Latin Club of West High School and any West Senior High Latin student is eligible to attend.

The more important characters at the wedding will be the bride (Annette Bates), the bridegroom (Larry Edelman), the father of the bride and master of ceremonies (Doug Baus), Matron of Honor (Joan Davis), the bride's mother (Rosalie Constans), the bridesmaids (Sandra Luts and Shirley Berlo), Jupiter (John Kelly), Juno (Carolyn Stickel), Minerva (Gail Hostetter), Venus (Marjorie Seagle), and many others.

Students coming as gods and goddesses are trying to come in character. For instance, Atlas will have the world on his shoulders, Mercury will wear winged cap and sandals, Jupiter will be carrying thunderbolts, Diana will be dressed as a huntress, and Julius Ceasar will be in general's attire.

The bride will wear a flame-colored veil and sandals to match, a long white tunic, and her hair will be braided into six braids. The groom will wear a regular tunic and toga.

The bride's father will perform the marriage ceremony.

The menu at the banquet will consist of "ante cena" (appetizer) — deviled eggs, lettuce, celery, radishes, and olives "prima cena" (main course) — baked ham, green beans, poppy seed rolls, and milk (potatoes are not included because the Romans knew nothing of them); and "secunda mensa" (dessert) — apple pie with cheese, salted nuts, and grape juice.

The entertainment will include a gladiatorial contest; a clarinet quartet of Carolyn Stickel, Sheiba Jones, Joyce Strickler, and Gail Hostetter; and a beauty contest. The rumor circulating around now has it that the godess of discord is to come and offer a golden apple to the most beautiful woman there, so Venus, Juno, and Minerva will have a dispute, and Paris is to settle the argument by picking the most beautiful one. Rumor also has it that Venus will win since she is the goddess of beauty.

Other entertainment will be an exhibition of rope twirling by Barbara Capehart and an accordion solo by Ken Carpenter.

The slaves serving the guests are Jim Apel, Tom Lewis, Larry Bates, Kurt Grashel, Dave Steele, Dave Pence, Dave Keys, Jim Wichterman, Don Johnson, Parker Brigner, Ivan White, and Jack Wilson.

Although the Roman Banquet will be held on Apr. 27, it will be in observance of Ohio Latin Week, spensored by the Ohio Classical Association during the week of Apr. 17-23. West High's observance will be nearer the anniversary of Julius Ceasar. Ohio Latin Week will commemorate the birthdate of the city of Rome, fixed by historians as Apr. 23 in the year 753 B. C.

Investiture Awards For 44 Students

Twenty-four youngsters of the Seventh-day Adventist grade school, Union and Ryan-ave, received honor badges and awards Wednesday, Apr. 20, at 2 p. m.

The program was held at the Eastwood Seventh-day Adventist Church in a special investiture program of the Missionary Volunteer Society. Clarence U. Dunbebin, teacher of the upper grades at this school, was also invested as a master guide. This is the highest honor and qualifies one to be a leader and director of the organization's youth activities.

Warren N. Whittenberg, guest speaker and the denomination's youth leader for Ohio, presented the tokens of achievement in recognition of work done in the various classes of the young people's organization.

In order to qualify for any of these awards, one must meet certain requirements in memory work and prove himself proficient in specific fields such as handicrafts, practical arts, nature study, gardening, first aid, knot tying, woodsmanship, and swimming. These activities are similar to those of the Boy and Girl Scouts.

St. Aloysius Sisters To Take Part In Century Of Local Service Celebration

The Sisters of Notre Dame de Namur, who have operated St. Aloysius School since 1907, will mark one century of service in Columbus classrooms on Apr. 25.

Nearly one hundred years ago four sisters left the American headquarters of the order in Cincinnati to take up residence in Columbus. They made their home in a small frame residence near Naghten-st and Washington-av, close to St. Patrick's School.

In addition to St. Patrick's, they have taught in six other local schools: Holy Cross, St. Joseph's Academy, St. Joseph's Cathedral, St. Aloysius, St. Augustine, and St. Christopher.

Among the five one-year scholarships to St. Joseph's School given out by the Sisters this year in commemoration of the centenary was one awarded to Rosemarie Gregory of St. Aloysius.

AIRMAN BASIC James McKenzie (above), son of Mr. and Mrs. James McKenzie, 33 S. Richardson-av, is undergoing basic military training at Sampson Air Force Base, N.Y. He enlisted Jan. 10, 1955, and is a member of the 4065th flight since the base's activation in December, 1950.

There's many a heel behind the wheel! You've seen them! Yes, drivers who have no respect for traffic laws are involved in four out of every five fatal accidents. That's why it's a matter of life and death for you to adopt courtesy as your code of the road. The Safety Council of the Columbus Chamber of Commerce asks us all to decide now that we won't be the cause of an accident.

HOW ABOUT YOU?

Are you an S.P.? We're talking about Smart Pedestrians! Thank goodness we have them around. The Smart Pedestrian is an intelligent person who recognizes the danger of automobiles to persons on foot. He's learned the simple rules of safe walking, and observes them regularly. Good habits are being formed which will give added protection all through life. The Safety Council of the Columbus Chamber of Commerce says, for their own protection, everybody should be this kind of S.P. How about you?

Give Oldsters Recreation, Westlake Asks

Recently the citizens of Columbus generously voted a one and one quarter million dollar bond issue for recreation. This expanded program should include appropriate recreation for the older folk as well as all other age groups, W. Raisten Westlake, Republican candidate for City Council, declared today.

As the life span has been lengthened, the number of older people has increased and will continue to do so.

Shelter houses that are now being planned should provide space for them where social craft and hobby clubs could be formed.

Ample outdoor and indoor shuffleboard courts should be installed, and other less strenuous activities should be provided for this large group of our older citizens, Westlake pointed out.

Walter J. Shapter

Candidate For

City Council

"There needs to be a reestablishment of confidence in the city government of Columbus. The bickering and petty politics displayed by the present city council should not be tolerated by the voters.

"Members of City Council are the directors of one of the largest corporations in the city . . . the City of Columbus itself. Able business men who are capable of thinking for themselves should be elected to council to take over the responsibilities of the city government.

"Good government is not the result of rash promises. It is time the people of Columbus should no longer be hoodwinked with a lot of promises that cannot be fulfilled. It is time for a change."

LET'S RESTORE PUBLIC CONFIDENCE

Jack Sensenbrenner was elected mayor of Columbus in November of 1959 by an aroused public, made up of both Democrats and Republicans. They were the thinking people of the city who went to the polls with the hope that they could elect city officials who were interested in the welfare of the citizens.

He promised fair treatment to all and especially stressed the needs of the youth of the city.

But when the citizens elected Jack Sensenbrenner mayor they did not realize that a bickering, puppet type city council would oppose him at every turn and to the detriment of the progress of the city.

There is every reason to believe that Jack Sensenbrenner will be reelected this year and that new men will fill the places that are open on city council. The voters believe in Sensenbrenner . . . Democrats and Republicans alike. His actions and decisions have not been political . . . they have been for the good of Columbus.

Let's look at the record:

In the same election that placed Sensenbrenner in office the people issued a mandate for improved recreation facilities by voting for a bond issue.

Since that election, City Council by making a big cut in the appropriation for the Recreation Department has not only reduced the present operating efficiency of the department but has jeopardized the future of the entire recreation program.

For quite some time the mayor has asked that council make it possible for the police department to hire more foot patrolmen in order to help curb juvenile delinquency and attacks on women. This same council has refused to provide funds to make this possible.

This same council vigorously opposed the appointment of Floyd Radick as Service Director yet today they will quietly admit he is one of the most outstanding engineers ever to hold that position.

Likewise they opposed the appointment of William L. Lehman as Chief Building Inspector because they knew the previous head of this department had not been doing his best job for the city. The type of job that Lehman has been doing is shown in the fact that in 1954 the building department issued 610 repair orders against deteriorated dwellings of which 578 were completed. This compares with 178 orders issued and 81 completed by his predecessor.

How far the city council will go in its treatment of the mayor of Columbus . . . even at the risk of the morals of the city's children is shown in their action in tabling the mayor's proposal for comic book regulation.

During the administration of Mayor Sensenbrenner some 3000 acres have been annexed to the city of Columbus. The mayor has insisted that it is not fair for the people of Columbus to pay for sewer and water facilities for areas that are unwilling to come into the city and stand their fair share of the cost. Unlike previous administrations Mayor Sensenbrenner believes that those who seek the service should pay the costs.

Mayor Jack Sensenbrenner has had a forward looking program for Columbus. In the face of the most severe opposition from the Republican council he has accomplished much. The public support behind him demonstrates that the people of Columbus want a reestablishment of confidence in their city government.

This can be brought about by the reelection of Sensenbrenner along with the defeat of those councilmen who are seeking reelection.

Northminster Church Is Scene Of McCann-Sandberg Wedding

Miss Jayne L. McCann and Mr. Curtis L. Sandberg exchanged their wedding vows in Northminster Presbyterian Church before an altar decorated with baskets of white gladioli, snapdragons and tulips and seven-branch candelabra. Rev. Andrew Blackwood read the marriage service.

Given in marriage by her father, the bride is the daughter of Mr. and Mrs. Cleo C. McCann, 919 Wiltshire-rd, and the bridegroom's parents are Mr. and Mrs. Walter Sandberg of Minneapolis, Minn.

The bridal gown of chantilly lace over white satin was fashioned with a portrait neckline embroidered with seed pearls and sequins. A crown of lace trimmed with seed pearls and sequins held her veil of sheer illusion and she carried a cascade of white hyacinths centered with two white orchids.

Miss Phyllis McCann, sister of the bride and maid of honor, wore a ballerina-length gown of blue crystallite and carried a bouquet of shattered carnations centered with two pink camellias.

The bridesmaids were Miss Mary Ann McCann and Miss Carolyn Digby. Their gowns were of ruby red crystallite and they carried bouquets of pink shattered carnations. The little flower girl, Jacquelyn Cox, wore a floor-length gown in blue crystallite and carried a miniature arrangement of the bride's bouquet.

Mr. Arthur Sandberg served as bestman and seating the wedding guests were Mr. Richard Sandberg, Mr. Jerry Zimmerman and Mr. Kenneth Thomas.

Mrs. McCann chose a frock of steel blue taffeta with white accessories and a corsage of pink camellias. The mother of the bridegroom also wore a steel blue taffeta gown with pink accessories and pink camellias.

The new Mrs. Sandberg was graduated from Central High School and is associated with the main office of the Ohio National Bank. Her husband graduated from Central High School in Minneapolis and is now serving with the U. S. Air Force, stationed at [illegible].

TEEN TROUBLES

by John Douglas, M.D. and Mary Douglas

Question: My parents are too strict. How can I make them see this?

Answer: Whenever there is a difference of opinion between parents and child they should always sit down together and talk it over. This is the only sensible and satisfactory way to come to an understanding.

There should be no "my parents don't understand" attitude, and no feeling on the part of parents that they must show who's boss. There should be only a sincere desire to understand each other's problems and point of view.

The teen ager must remember that parents do everything for their child's protection. All parents want their children to be happy. But they want, also, to help them avoid the dangers that lie in the way of all who are growing up in our world today.

On the other hand, parents need to be more understanding, too. They must try to get used to the fact their child is growing up; that, although he is not yet an adult, neither is he still a child. True, he is not yet ready to make all of his own decisions, but his opinions should be heard with respect and sympathy. Only then can his parents see the possibility of their own mistaken attitude—or properly explain to him the danger or lack of good taste in what he wants to do.

There must be complete confidence and an affectionate give-and take between parents and teenagers. It is the only possible way for them to live happily together during these hectic growing-up years.

Question: Should you kiss a boy good night on the first date?

Answer: No. The girl who does so leaves the impression that she's "easy."

Many boys say they try to kiss a girl on the first date because "the girls expect it."

Kissing is supposed to express real affection. Keep it for that.

The nice fellows who know their way around don't really expect a girl to kiss them on a first date.

Society News Deadlines Set

The Hilltop Record society department is endeavoring to provide an enlarged and improved service to its many readers. In order to accomplish this and assure that weddings, engagements, club notes, and women's activities receive the attention in Record columns they so richly deserve, it has become necessary to restate sub mission deadlines for contributors.

Pictures which contributors desire to appear on these pages must arrive at the Record office by not later than 9 a.m. Monday for publication in the same week's paper.

Church notices and news of church activities must arrive not later than 8 a.m. Tuesday.

Deadline for the arrival of news of clubs and other women's activities has been set as 10 a.m. Tuesday.

Because of space and time limitation, only those contributors who meet these deadlines can be assured of fullest consideration for publication.

Ideally, wedding and engagement pictures submitted for publication should be glossy prints not larger than 5x7 inches. If pictures are larger and their owners will not permit them to be trimmed, a special engraving fee must be charged. Otherwise, the service is free.

On Sassafras Tea

I'm indebted to our circulation man, Gerald Willey, for bringing me some sassafras bushes to be set out on our farm.

Gerald, like myself, born and raised in the country, believes that every red blooded American should have his blood thinned down a little each spring by drinking sassafrash tea and when I mentioned I had nary a sassafras bush on my place he volunteered to dig some for transplanting next time he was down in Noble County. And so now I'm looking forward to a crop for next spring!

Yes sir, you can take the boy out of the country but he's still got to have his spring tonic!

Forty Young Adventists Collect For Mission Fund

Forty young people from 6 to 16 years of age collected $800 for mission work in less than a month said Clarence Dunbebin and Mrs. Ted Martsch, teachers at the local Seventh-day Adventist grade school at Union and Ryan-ave.

The goal was $800 which they set for themselves as their share in the church's annual Ingathering Appeal for missions and welfare work.

The campaign began Mar. 26 and will continue through April. Recently, the school had a field day in which about 40 of the children and youth participated. They went out in groups to visit homes in the community to ask their neighbors and friends to give for the world-wide humanitarian work carried on in 198 countries by the Seventh-day Adventist Churches.

This Ingathering Appeal is the most important fund raising campaign on the denomination's calender. No deductions are made for administrative expense since projects supported from Ingathering funds are administered by existing church organizations financed by the tithe and offerings of the members.

Funds from the drive will go towards establishing mission schools, sanitariums, hospitals, clinics, leper colonies, an orphanage in Korea and the general support of the Seventh-day Adventist mission and welfare program around the world.

ARTHRITIS?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to feet. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.

Limited space prohibits telling you more here but if you will write me, I will reply at once and tell you how I received this wonderful relief.

Volunteers Of America Seeking Discarded Metals

As spring housecleaning progresses among Columbus families, the Volunteers of America sends out a special call for discarded metals which can be used by defense industries.

Among the items that can be broken up for salvage are abandoned refrigerators, water tanks, old pipes, broken metal toys, wagons, skates, and trucks. A survey among your own household discard should disclose many items useful to someone else.

The trucks will pick up any discarded metals along with papers, magazines, furniture and clothing during the next two months. A telephone call to CA. 4-6650 will bring the truck to your door. Remember April and May are Volunteers of America Metal Months.

Hilltoppers On The Go!

Vacationing Time Near

Have you ever noticed how many of your friends, and perhaps even you and your family, are not going to the old resort for two or three weeks, and are now taking vacation trips that include a good deal of travelling and sightseeing?

A few years ago — as recently as just before the war — most people seemed to leave home for the express purpose of finding a quiet, cool and shady spot where they could do nothing but rest, without a thought or care in the world.

That's not the way it is now. The American motorists don't want to vegetate: they want to learn. They don't want to spend all their time at a single resort; they want to be on the move, taking in as much as possible during their vacation period.

This marked desire accounts for the upsurge in the number of visitors at such places as our national parks and the factories offering guided tours, at places of historic interest and others where the story of science is told. For Americans these days are keen on learning about all manner of things: their zest for understanding seems almost boundless.

The automobile factories, General Motors, Chrysler and Ford, in Detroit are in that category. They now draw hundreds of thousands of visitors every month and the Ford Rotunda alone, with its futuramic display on American industry, attracts a greater number than Yellowstone National Park.

Our people have their minds on history as well. Not only is Mount Vernon, our most cherished national shrine, visited by more than a million Americans a year, but throngs are going to many other popular historic points, such as Williamsburg in Virginia, Old Sturbridge Village in Massachusetts, Cooperstown in New York, and outstanding individual buildings and homes in hundreds of communities everywhere.

Hilltopper Has Role In OSU Play 'The Enchanted'

A Hilltopper will play the role of Papa Tallier in the Ohio State University Theater's production of Jean Giraudoux play, "The Enchanted." He is Donald Olin of 991 Orel-av.

The play will be presented by the group in Derby Hall beginning Apr. 22, 23, and 25-30. Curtain time is 8 p. m.

The biography of a young girl as she reaches womanhood, the play was adapted from Giraudoux' "Intermezzo," first produced in Paris in 1933.

High Altitude Tempests Could Aid Hostile Planes

A high altitude jet air stream which flows from the Aleutians over most of the United States provides a backdoor entrance for the Soviets to use in air attack on this country through the Gulf Coast area.

This was pointed out recently by Air Force officials in urging activation of the Ground Observer Corps.

Kof P Lodges Of 3 Counties Announce Benefit Fish Fry

A benefit fish fry and dance, sponsored by the Knights of Pythias Lodges of Franklin, Madison, and Pickaway counties to aid physically handicapped boys and girls suffering from defects of speech, sight, and hearing, will be held Saturday evening, Apr. 23, at the Knights of Pythias Hall, 697 S. West Drops Its Baseball Opener To Central High

By Woody Owen

West High School's baseball nine opened its City League season last Wednesday afternoon by dropping a 10-7 decision to Dave Park's Central High Pirates on the Riverside Diamond.

The Cowboys jumped into a five-run lead in the first inning as Karl Davis, all-city outfielder in 1954 hit a home run over the right centerfield fence with two teammates aboard. However, the Cowboys could do little with the relief twirling of Harry Chadwick, who succeeded Starter Paul Thompson in the second and allowed two runs the remainder of the game.

The Pirates scored once in this first time at bat and took the lead by scoring five more times in the second as Sophomore Star Clancy Readout homered with one aboard and Jim Hakes followed suit with two mates on the base paths. This gave the Pirates a permanent lead and they added two more scores in the third and one each in the fourth and left fifth frames to wrap up the win.

Again it was ineffective pitching that led to the Cowboys' downfall as they issued eight loses on balls and allowed 10 safeties.

Ray Williams led the Cowboys at bat with three hits in four tries. Davis also had a double to go with his home run and four runs batted in.

Ernie Mawhirter and Jim Barndill led the winners' offensive with two hits each, but the home runs by Hakes and Readout wrapped up the contest.

This week the Cowboys were to have played at Aquinas Tuesday and meet North today in a makeup game following last Friday's post-[illegible].

Hilltop Bantam Bowlers Place Seventh Nationally

Five young Hilltop boys were informed that their bowling team, "The Four Fouls Composition," had placed seventh nationally in the American Junior Bowling Congress Bantam category competition held there on Easter Monday.

The boys, who ordinarily bowl at the Hillcrest Alleys, are Rex Nelson, captain, Richard Steele, Steven Anderson, and Bill Nester, all 11; and Richard Martin, 12.

West Mound, Westgate Gra-Y's Win Softball Tourney Openers

By Dick Wilson

West Mound and Westgate Gra-Y won the openers of the Hilltop YMCA double elimination softball tournament which was started last Saturday morning at John Burroughs playground.

West Mound defeated John Burroughs in the first game of the morning by 13-0. Gary Alwood, the winning pitcher, allowed only three hits. Johnny Neibler was charged with the loss. Roy Barnes looked good defensively for the losers and was credited with three putouts and two assists without a "bobble." Roy Ferguson looked good afield for the victors.

Westgate came back after being behind 2-0 in the first inning to defeat Highland Gra-Y 14-3. Artie Newkirk was credited with the win as he gave up only three hits. Billy Karn was credited with the loss and the Kern-coached nine collected nine hits from his offerings. Terry Linson was the heavy batter of the day, collecting the long home run in either game.

Jim Cooke looked good afield at his third base position from a defensive standpoint for the victors. Billy Dildine did a very good job receiving the offerings of Karn for the losers.

Next week the second round of the tournament will start at 9 a. m. at John Burroughs Playground with John Burroughs Gra-Y facing Highland Gra-Y. West Broad will make its opening debut of the tournament at 10:30 a. m. as it plays against Westgate.

Buckaroos Will Face Indianola In Their Opener

West Junior High School will open its 1955 regular season baseball schedule next Tuesday afternoon, Apr. 26, when the Buckaroos visit Indianola.

William Schmitter will be making his debut as the Buckaroos' head coach. He has been faced with an almost complete rebuilding of the team since only one letterman, Southpaw Pitcher Harry Goodin has returned from the 1954 squad.

This youngster compiled a four-win-one-loss record in league competition last season and the success of the year's team will rely greatly on his trusty left arm.

The outlook for a successful season is not too remote as several fine-looking prospects are battling for the starting positions.

The schedule is as follows:

April 26	at Indianola
May 3	Barrett at West
May 11	McKinley at West
May 17	at Aquinas
May 24	Franklin at West

STAIRWAYS ARE DANGEROUS

Boys and girls, saitrways at home, or at school, are dangerous places for people who run recklessly up and down. The Safety Council of the Columbus Chamber of Commerce says always walk slowly and carefully down stairways. Never roughhouse along the way. Be alert—don't get hurt. Remember, an accident is never fun for anyone!

45 Girls Attend First Meeting Of New Hilltop Club

The Hilltop Girls' Athletic Club held its first meeting Thursday, Apr. 14 at 7:30 p. m. in St. Mary Magdalene's shelter house. Forty-five girls were present, which was a good turnout considering the weather conditions and other complications.

Questions were answered concerning membership and club activities by the club officers and advisors who are Betty Schmidt, president; Carol Jhensen, vice-president; Judy Bennett, secretary; Holly Hunt, treasurer; Alyce Athey, publicity chairman; and Mrs. Pat Montenaro and Mrs. Richard Koontz, club advisors. Club dues were also discussed and a meeting night established.

The next meeting of the club will be on Thursday, Apr. 21, at 7:30 p. m. at the St. Mary Magdalene shelter house. An invitation is extended to any Hilltop girl interested in the club's activities, who is between the ages of 13 and 20.

To obtain money to establish its treasury, the club is selling tickets to the Hilltop AC's second annual "Lucky 13" dance. To promote sales, the club divided its membership into two teams to compete in selling tickets. The captains of the teams are Fran Athey and Gayle Lamb. The losing team will then give a potluck dinner for the winning team.

The dance will be held Friday, May 13, at 8 to 12 p. m. at the Knights of Columbus Hall and will be semi-formal. The Grant Stevens Band will furnish the music.

LETTERS TO THE EDITOR

Dear Editor:

As the chairman of the traffic committee of the Hilltop's only VFW post and, having served on the previous Hilltop traffic committee as the representatives from three organizations, we attended the first traffic committee meeting of the newly-formed Hilltop Traffic Safety Conference several days ago.

We were amused at the remarks of an officer of the new group when he commented that "as there was no hall available, of sufficient size to house the committee, it was necessary to hold the meeting up town."

We couldn't let him get away with that and promptly told him and the members present that VFW Post 3441 had a hall large enough to house all traffic committee meetings and at our last post meeting it was voted to offer the use of our hall, rent-free, to the traffic committee for all future meetings of that body.

This is the official notice from the VFW post to all members of that committee and to its chairman of this offer. No other will be made. They are invited to write me in care of the post and either accept this offer or reject it so that we on the Hilltop may know just how sincere this new committee is in its stated desire to hold such meetings on the Hilltop.

Now on another subject: We note that a half-hearted attempt was made this past week to make one-way streets of several streets on the Hilltop, but feel that even the older one-way streets on the Hilltop were never made truly "one-way". All that goes into the making of real one-way streets has never been done anywhere, to my knowledge, in this city.

In our recommendations to the previous mayor, the Hilltop Traffic Committee spelled out in full detail, just what is a true one-way street. As the author of that plan in the VFW post, I gave a copy of it to the Hilltop representative, and he in turn, gave it to the central traffic committee.

Just for the sake of the record, here is what is lacking in the present make-shift, half-hearted, one-way-street plan.

Due to the fact that the present streets on the Hilltop were designed for horse and buggy traffic only and are too narrow for cars parked on both sides, it is imperative, that parking on all such narrow one-way streets be limited to one side only and should be in the direction of the traffic flow only.

Another glaring weakness of our so-called one-way streets is the lack of stop signs on the un-paved streets that cross one-way streets. This alone kills any real good that one-way streets afford, for motorists often drive these cross streets like they were on main highways, not even slowing up at such one-way street crossings.

Now that we have a start in the right direction, let's finish the job by putting stop signs under all present one-way signs and arrows wherever unpaved streets cross and four-way stop signs where two paved streets cross and no traffic light exists. And let's install "parking on one side only" signs on all narrow, one-way streets, everywhere in the city.

We take the position that if we are sincere in saying that we honestly do want to stop the slaughter on our streets and on our highways, we must put human life ahead of selfish interests. It's much easier to walk across the street to reach your car than it is to attend a funeral of a loved one killed by makeshift traffic laws and wild drivers who take full advantage of the weakness of such laws and law enforcement. One final suggestion is to stop scooter bikes, bicycles, and motor cycles from going the wrong way on one-way streets as they are doing now.

FAITH TO KEEP

Now when our hearts are troubled
and we stare
Up an an ominous and iron sky,
Striving to read the riddle written
there,
Asking the heavens whither, the
hills why;
Now when the air we breathe is
thick with hate,
And malice and confusion hedge us
round,
And by a single hair the fearful
weight
Of human destiny is faintly
bound—
Of give us leaders, Lord, serene
and whole,
Anchored in truth, though ringed
about with lies,
The courage of the Prophets in
their soul,
The candor of the children in their
eyes.
Let us have done with wrangling,
Lord, and crawling;
Give us the faith to keep the sky
from falling.

G. B. S. said "We have no more right to consume happiness without producing it, than we have to consume wealth without producing it." A man died in Columbus April 11, who produced happiness for many people. The downtown papers carried the usual brief, formal notice of the death of Edgar H. Wilson at Benjamin Franklin Hospital, where he had been a patient for the last 18 years. Those notices can't tell much about what kind of a man he was when he was alive, but his many friends could write pages about his fine character and about the happiness he gave so freely to others and often needed desperately, himself. As editor of "Sanaire," the hospital's magazine, he was known and loved by patients, doctors and nurses of the hospital, and he had hundreds of friends "outside." Most of his outside friends were friends only through correspondence. He and my favorite shutin carried on a brisk correspondence for the last six years, ending with an exchange of Easter cards. On this card to her, he wrote that he would "be by" on Easter morning on their Magic Carpet to take her to New York for the Easter parade. They read and discussed current books together; (by mail, of course) traded corny jokes; shared the small triumphs and disappointments which only the physically-handicapped understand; if one of them showed the slightest symptoms of self-pity, the other slapped him/her down to size. She and many others who were inspired by his letters full of cheerful nonsense and often, good sound advice, will miss Ed Wilson. My favorite shutin and I have often thought that Ed Wilson, Don Alban and Gil Sonastine should know each other. They had a lot in common—one thing was the love and admiration of people to whom they have given so much morale-lifting.

Have hot read any reviews of Anne Morrow Lindbergh's latest book "Gift From The Sea," so do not know what the critics think of it. I have just finished reading it for the second time, which should prove that I found Mrs. Lindbergh's strong, quiet philosophy very uplifting and inspiring. I would like to hear Dr. Floyd Faust review the book.

From somewhere—the best way to get a job done is to give it to a busy man. He'll have his secretary do it . . . A well-informed man is one whose opinion is the same as yours . . . Some politicians will find excuses to get out of everything except office.

Hope, like a gleaming taper's light
Adorns and cheers our way;
And still, as darker grows the
night,
Emits a brighter ray.

A WIDOW'S MITE

The so-called "Widow's Mite" of a half century ago has been transformed into a "Widow's Might" as of today.

The sudden death of a great number of wealthy men has brought a real burden and responsibility to many widows. They have been left far more money than they need for themselves and their immediate family.

Yes, women of today control a large percentage of the wealth of the nation.

May we suggest a good investment? Boys eight to 18 will receive guidance, recreational, educational and spiritual, through the YMCA. You will feel so good for the part you do in helping to make big men out of small boys. Let us tell you how you can assist.

'Small Fry'

By J. Curtis Allen

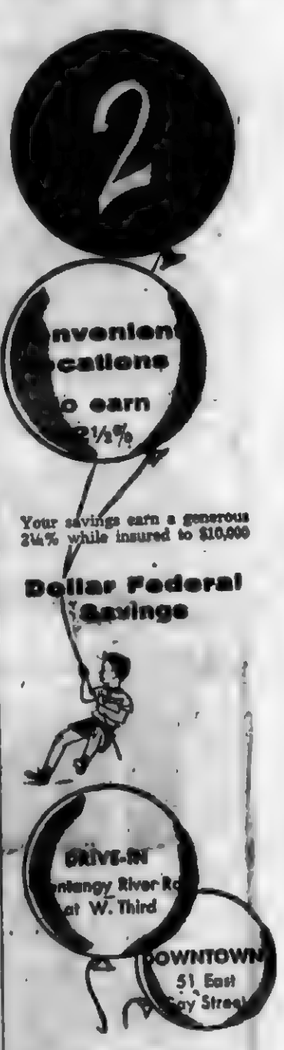
"I hesitate to give a definite yes or no answer, but my considered opinion is . . ."

It wasn't hard to put words into the mouth of six-month-old David Lee, son of former Hilltoppers, Mr. and Mrs. C. Dethy, who lived for some time at 651 S. Eureka-av before moving recently to 4600 Eastway Court in Whitehall. Obviously, David is rendering some complicated judicial decision in the above photo.

MINUTE INTERVIEW

"Do you feel that the Salk Vaccine is effective? Would you want to have your children vaccinated with it?"

Mrs. Neil Messing, 599 Townsend-av, "Well, from what I have read, I would have faith in it, and I would have my children vaccinated with it."



Donald W. Stauch, 169 Binns-blvd, "Well, I would. My wife had polio, and I am very much in favor of having my children vaccinated."

Mrs. Henry Sterizer, 291 S. Eureka-av, "Why, yes I am. I intend to have my children vaccinated with it."

Clarence H. Vegnier, 465 S. Richardson-av, "I don't have any children in that age group. I think if it's as good as the papers state it is and it wouldn't affect the child's health, it would be very good."

Mrs. Larry Scales, 454 S. Eureka-av, "Well, I certainly think it is a wonderful idea myself. I think it's very valuable."

Keep in mind that eggs, matches, salt, fruit juices and rubber all contain substances which tarnish silver.

Three Transit Lines Serving Hilltop Start On Slower Schedules

Three lines of the Columbus Transit Co. on the Hilltop started running two to five minutes farther apart on Sundays, beginning Sunday, Apr. 17.

The lines affected are W. Broad and Mt. Vernon, Cleveland and Sullivant, and the W. Mound-Arlington line.

On Apr. 26, services will be reduced on weekday buses, too. More details will be released later. Cutbacks are being made because of increased operating costs and decreased revenue, the transit firm said.

YOUR HILLTOP BRANCH LIBRARY

Books Currently On Shelves Can Aid In Artistic Talent And Hobby Development

By Mildred Phaler
Hilltop Branch Librarian

Developing one's talents is a rewarding experience. Witness the exceptionally interesting current exhibits at the Hilltop Branch Library, 3956 W. Broad-st. On Apr. 2, the pictures of Mrs. Louella Sherrington, 1088 Grandview-av, were hung.

Displayed are more than a dozen outstanding compositions in water color, pastels and oil. Mrs. Sherrington studied under Miss Carolyn Bradley as well as two years in London, England. Use of color is an outstanding characteristic of Mrs. Sherrington's paintings. The show will run through May 14.

Mrs. Lillian Taylor, 326 S. Hudson-av, has developed her talent in another phase of fine arts field. Charming character dolls were created by Mrs. Taylor first as a hobby. The dolls were so attractive and unique that Mrs. Taylor is now asked to lecture on the techniques of creating them. On Apr. 9, some of these dolls were placed in the Hilltop Kiwanis donated display case at the library, where they will remain until the middle or last of May.

The staff of the library has been interested in Mrs. Taylor's development of her hobby. For several years as a regular patron she has gleaned ideas from library books such as "A Doll Shop of Your Own" and "Dolls To Make For Fun and Profit," both by Edith Ackley and "American Costume Dolls," "American Dolls in Uniform," and "Homemade Dolls in Foreign Dress," all by Nina Jordan.

Other books which have been of assistance to her are "Dolls of Yesterday," by Eleanor St. George; "How to make Foreign Dolls and Their Costumes," by Julienne Hallen; Anne Duggan's five beautiful volumes of folk and national dances, "The Folk Dance Library"; the "Singer Sewing Book," by Mary Picken; Constance Talbot's "Complete book of Sewing"; "McCall's Needlework and Crafts Annual"; and others too numerous to list.

In the field of painting and drawing are also such beautiful books as Ted Kantzky's "Ways with Watercolors"; "The Mastery of Oil Painting," by Frederic Taubes"; Winston Churchill's "Painting as a Pastime," and the Gordon DeLemos "Handbook of Designs and How to Use Them."

What is your talent? Reading up on the subject may be just the spark to set you on an interesting and rewarding hobby.

Library hours are from 1 p. m. until 9 p. m. every day except Saturday. On Saturday the branch is open from 9 a. m. to 5 p. m.

Citizens Move To Support Mayor M. E. 'Jack' Sensenbrenner

As private citizens throughout the city moved this week in a wave of spontaneous expressions in support of and appreciation for Mayor M. E. "Jack" Sensenbrenner, Harold L. Fox, 235 S. Westgate-av, business and civic leader, told this newspaper today:

"Mayor Sensenbrenner deserves the full and whole-hearted support of every thinking citizen of this community, regardless of political affiliation.

"He has clearly shown that he is one of our own in his continued interest in West Side and Hilltop affairs, but at the same time, he has fearlessly sought to do what would benefit all Columbus.

"At times, I have wondered how he could get anything accomplished in the face of such astonishing behavior as the City Council and some others have displayed in seeking to prevent the elected chief executive of this city from doing his sworn duty.

"But never-the-less, Mayor Sensenbrenner has got a large part of the job done. Just as they couldn't stop him from being elected, they haven't been able to keep him from getting done what this rapidly-growing city must have accomplished for it in order to survive.

"In better traffic control, improved parks and playgrounds, and in prospects for better water supply, our community has benefited from Mayor Sensenbrenner's fine administration of the office of Mayor of Columbus.

"I am certain Columbus as a whole has gained, too."

Nearly 100 Take Part In Indian Guide Kite Meet

By Bob Schmidt

Approximately 100 Big and Little Braves of the Y Indian Guides attended a Second Annual Indian Guide Kite Contest Sunday afternoon at Westgate Park. The Westgate Park area was covered with all types of kites and the Big and Little Braves enjoyed entering their own personal kites. The following Little Braves were winners in the contest:

Regular kite (small) — Tommy Harmon, first; Clifford Surrell, second; and Dennie Ehman, third; regular kite (unusual classification) — Peter Parks, first; John Grashel, second; and John Harris, third; and regular kite (large classification) — Jeff Koehler, first; Jim Cooke, second, and Jerry Greoms, third.

Box classification (most unusual kite) — Jimmy Ruoff, first; box classification (large size) — Deward Watts, first; and also in the box classification (small group) — Jon Linebrink, first; and Douglas Chappelear, second.

Each Little Brave that was a winner in his class won a prize. These prizes consisted of softballs, paint sets, and model airplane kits. Every Little Brave that entered the contest received as a special award a feather which he will place in his regular Indian Guide headband.

The committee in charge of this event was Charles Parks, chairman, assisted by Wayne Chappelear and Bob Davis. The judges for the contest were James Mattingly, Richard Nash, and Robert Weaver.

The next special event for the Indian Guide Tribes of the Hilltop Y Nation will be their annual induction and Campout at the South Side YMCA Park on May 7 and 8.

Hilltop Pastor Heads For South American Mission

Heading out for South America are the pastor of the Hilltop Community Church, Rev. J. L. Dean

Rev. J. L. Dean

and the Rev. Dale McClain, general deputational secretary of the Oriental Missionary Society supported by the Hilltop church on a seven week tour.

The church announced recently to its members and friends at the meeting of its plans to enlarge its missionary program. The two ministers will visit the mission fields of the Oriental and Inter-American Missionary Society of South America.

Missionaries Offer Real Lift

Long known for its support of missions, the Hilltop Community Church has taken this step in its promotion of missions. According to missionaries in the field the presence of an American pastor is a real spiritual lift to the missionary personnel as well as the native workers.

The Oriental and Inter-American Missionary Society have mission stations in Brazil, Equador, Colombia and Guatemala. The Rev. McClain and Dean's itinerary is not complete, but tentative plans are to leave Miami by Pan American Air Lines on July 8 and arrive in Brazil on July 10. Two or three weeks will be spent in Brazil visiting mission stations, Bible Seminaries and filling many speaking engagements.

Around Aug. 1 they will fly to Guaquil, Equador. For several days they will stay in Equador and visit the famous Radio Station, HCJB, The Voice of the Andes. In Colombia they will attend the Spiritual Life Conference at Medellin.

Boat Trip Planned

A two weeks trip is planned for a cruise on the Magdalena River in the El Crusadore, a Mission boat visiting villages available only by boat.

McClain and Dean will also have part in the inauguration of the River Bible Institute. They will return home about Sept. 1.

Members of the church and its many friends plan to finance this tour by gifts and offerings. Orrin McQuaid has been officially appointed to direct this program.

Municipal Golf Course Opens; Many Unique Features Available

If you start dreaming of holes-in-one, par-threes, with a couple of birdies thrown in, as soon as the first warm spring breezes blow, then you might do well to visit the city's own golf course which opened Saturday, Apr. 16.

The Raymond Memorial Golf Course, situated on gently rolling slopes along Trabue-rd just west of the northern-most end of Hague-av, is open for its second season. It is open to the public every day of the week from 6 a. m. until dusk.

Par-3 Holes Unique

The 18-hole course is unique in many ways. All the par-3 holes, holes five, eight, 13 and 17; have double greens and double tees. They are identical in length and in every other way. The course is one of a very few in the U. S. having double greens.

The number 18 green covers 18,000 square feet and is probably one of the largest greens in the country.

The practice putting green, consisting of 15,000 square feet, will be ready for use in about two weeks. It is one of the largest in Central Ohio.

Yardage Listed

The men's course consists of 3325 yards for the first nine holes; the ladies' course has 2980 yards. For the last nine holes, the men's course has 3310 yards; the ladies, 3006 yards. Men's par on the first nine holes is 36; ladies' par is 37. Men's par for holes 10 through 18 is 36; ladies' par is 37. The total number of yards for the whole 18 holes is, men's course, 6635, with a par of 73; ladies' course, 5993, with a par of 74.

Bursting with pride in the course and the promise of an attractive club house, which will be completed in several weeks, Joe Thomas, pro-manager of the gold course. He reports that not only residents of Columbus and Franklin County availed themselves of the opportunities for good golf at the [illegible] last year, but that many folks came from as far away as Marysville, Springfield and Westerville.

10TH WARD GOP RALLY—The well-known Singing Sheriffs, above, will be the featured entertainers at the 10th Ward GOP rally at 8 p. m. Tuesday, Apr. 26, in the Glenwood Recreation Center shelterhouse. All candidates are invited to appear as well as the general public. Refreshments will also be served, according to GOP Committeeman Earl A. Brownlee and Committeewomen Josephine Allen and Elsie Kimes. The Singing Sheriffs, left to right are Harry M. Freeman, Robert Sheets, Paul F. Berger, Fred (Dixie) Washburn, and Claire J. Freeman.

Miss Armour Named OSU Alumni Fund Drive Chairman On Hilltop

Margaret G. Armour, 90 S. Ogden-av, has been named Hilltop Division chairman for the 1955

Miss Margaret G. Armour

Franklin County Ohio State University Development Fund Campaign, which began Monday, Apr. 18, and will extend through Saturday, May 7.

During this period more than 600 alumni workers will contact other OSU alumni in Franklin County to collect a county quota of $42,791, according to Clifford H. Clary, general chairman for the county. Directors of the fund have voted this year to work toward a national goal of $497,800.

Assisting in the Hilltop Division of the fund drive will be Mrs. Eliza Busenberg, 2678 Valleyview-dr; Mr. and Mrs. John A. Clay, 238 N. Burgess-av; Paul V. Crosier, 260 Algonquin-av; William F. Davis, 518 S. Eureka-av; Jack Dawson, 330 S. Powell-av; Mrs. F. C. Finke, 433 S. Huron-av; Charles W. Fullerton, 268 S. Southhampton-av; Mrs. Richard W. Meyer, 2570 Elliott-av.

Richard D. Mindigo, 96 N. Guilford-av; Alice R. Murnane, 3022 W. Broad-st; Virgil Furry, 138 S. Burgess-av; Mrs. H. Alfred Glascor, 345 S. Wayne-av; James Langhurst, 102 S. Harris-av; Ellen K. Page, 66 N. Powell-av; Ned R. Smith, 709 S. Ogden-av; Mrs. Robert J. Timlin, 849 Binns-blvd; Arthur Walker, 626 Chestershire-rd.

A total of 189,707 individual gifts totalling $4,572,090 represents the result of the first 16 years of the Ohio State University Development Fund which started in 1939. The money thus raised has been used essentially for research, scholarships and student aids.

For the past four years the Ohio State University Development Fund has been behind only Harvard and Yale among all the alumni funds in the country in the number of individual annual contributions. The 1954 campaign produced 21,739 gifts for $527,132.77. Of this total Franklin County had 6,218 contributors giving $258,183.00.

The research projects sponsored by the Development Fund have provided some notable firsts for the University. They include the first electron microscope built in the United States; development of the cobalt needle and radio-active gold seeds in the treatment of cancer; the new mechanical cooling system; the famed wartime recognition technique for pilots; development of the radio telescope and important work on atomic research.

Dana F. Reynolds, Jr., 4200 Cemetery-rd, Hilliards, has been named co-chairman of the campaign which will be conducted at Battelle Memorial Institute. Several other local firms will conduct individual drives on behalf of the fund.

Rid City Of Civic Problems Pledges Spears

The unendorsed Republican candidate for mayor, Councilman Jerry Spears, Jr., pledged to rid Columbus of six major sources of irritation if elected, according to his political platform released this week.

"I pledge a police and fire budget adequate to our needs," Spears asserted. Columbus cannot long continue with underpaid and under-manned police and fire departments.

A thorough study of additional means of moving traffic by expressways, improved mass transportation, and elimination of bottlenecks would be made in the aggressive administration pledged by Spears.

Slum elimination and replacing them with adequate housing; was projected by Spears; redevelopment of the Scioto River as it runs through Columbus, making it a recreational and scenic project for the enjoyment of many was promised; enlarging the Municipal Light Plant was pledged to give street lights to some of the dark streets of Columbus.

"Before seeking new sources of revenue, we must make sure that we are getting the most for our money," Spears asserted in his platform statement. This can be done, he pointed out, by a cost accounting analysis of all city departments, use of this analysis to improve efficiency and increase license fees where they fail to meet actual licensing costs, and raising adequate revenue to balance the city budget properly.

"When any medium, other than the community newspaper, delivers all the neighborhood news and pictures in detail; ballyhoos local charities and endeavors to successful conclusions; horns the babies, graduates them, marries them, and buries them as old men; stands as watchdog of home, safety and liberty; fights for the rights of the people, unlicensed by fickle government, controlled only by justice and decency —

"When any medium, other than the community newspaper, becomes the permanent record of current events, the date book of the community, the housewife's shopping guide, recovers neighbors' dogs, sells their attics empty, finds them a used refrigerator; tells them who's painted his barn or mended his fences —

"When another than the community newspaper does these few little jobs, in a preservable package, at the lowest price in the world, then I'll believe that some folks might not find time to read their community paper."

"Some men thirst after fame, some after love, and some after money."

"I know something they all thirst after."

"What's that?"

"Salted almonds."

We're Grateful

C. E. Williamson, manager and operator of the Home Service Co., wishes to thank all of you who have stopped at our booth at the Home Show. It's a great pleasure to receive your many requests for us to make a comfort survey of your homes.

So many requests at once make it impossible for us to contact everyone immediately, and we wish to apologize in advance for the delay.

Our sales engineers are capable, but they can adequately make only three to four surveys per day. Therefore, we ask you to give us as much time as you can before deciding on your purchase. We'll make an honest effort to contact you as quickly as possible.

N. Franklin Pre-School Round-Up Set

May 11 has been set as the date for the annual Pre-School Round-up for children entering the first grade of North Franklin School next September, according to the principal, Mrs. Edna Windom.

Registration will begin at 9 a.m. at the school, which was formerly known as Skidmore School, and is located at 1122 N. Hague-av.

Children in the school district who will be six years old by Nov. 15 of this year are eligible to begin the first grade next fall, and may receive a general health check-up, shots and vaccination at the round-up. This is not a compulsory registration but a health service for children who do not have a family physician.

One of the doctors from the County Board of Health, and Dr. Theodore Myers, 3667 Harding-dr, will give whooping cough, diphtheria and tetanus shots, and smallpox vaccinations, in addition to the general examination.

An adult should accompany each child coming to the round-up.

IT HAPPENED IN FRANKLIN COUNTY

Underground Railroad Movement Here Was Active, But Ineffective

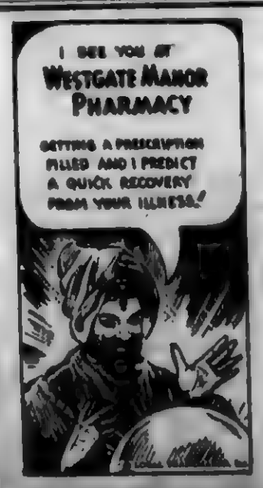
EDITOR'S NOTE: This column is being published as a weekly service of The Franklin County Historical Society in association with the weekly newspapers of the county. Through its publication the editors hope to create a greater pride in our American Heritage and in our home communities. Articles submitted to the editors for use in this column should be addressed to "It Happened in Franklin County" c/o Franklin County Historical Society, Columbus Public Library, 96 S. Grant-av, Columbus 15, O.

By John O. Marsh

The Underground Railroad movement in Franklin County, as in other sections of the North, represented a conscientious, spectacular, but ineffective attempt on the part of Abolitionists and their sympathizers to weaken effectively the institution of American negro slavery by actively assisting slaves in their flight from thralldom to freedom.

Established in Franklin County in 1815, three years after the villagers of Worthington had effected the release of a negro fugitive, the movement spread rapidly and proved attractive to many honest, hard-working, church-going citizens, who, although favorably disposed toward the humanitarian phase of the new crusade, were but remotely interested in the overall program of the Abolitionists.

Prominent among the protagonists of the Underground Railroad movement were such public men as Joseph Sullivant, Colonel James Kilbourne, Dr. James E. Coulter, Jason Bull, Osem Gardner, James M. Westwater, Dr. S. H. Smith (a professor at Sterling Medical College), H. A. Thompson, head of Otterbein College, L. G. Van Slyke, a prominent Whig, who in the early 1850's became a leader of the political nativists. In due time these men established underground stations at Columbus, Reynoldsburg, Dublin, Worthington, Westerville and College Corners. In these towns they received, fed, clothed, concealed, disguised, instructed and transported escaped slaves along a vast network of secret paths, trails, roads and rivers radiating northward to Canada and to freedom.



In the absence of reliable statistical data, it is difficult to evaluate accurately the effectivness of the Underground Railroad. But since the number of slaves liberated along the routes of the Underground Railroad was infintesimal in proportion to the total slaves population, the success of the movement should be measured in the light of its effectivness as a propaganda agency capable of stimulating Abolitionist agition in the North and in arousing the slave interests in the South to a state of fury.

On the eve of succession many southern spokesmen admitted reluctantly that the Underground Railroad movement, although deeply resented in the South as indication of the growing hostility of northern citizens to negro slavery, was never a serious threat to the security of their "peculiar institution."

Mark Tuesday As A Duty Day On Calendar

Remember next Tuesday is election day. It should be marked right now as a "must" that you go to the polls that day and vote in the city primaries.

Back in 1953 we endorsed the candidacy of "Jack" Sensenbrenner and while has had to travel a tough road after being elected mayor we still add our endorsement. We have been quite concerned with the petty type of politics played down at city hall after the old regime suddenly awoke to the fact that they had lost the mayor's office. They have been so thorough in their every attempt to be uncooperative with the mayor and to try to tear him down at every turn that it causes one to wonder if there might be some really serious things they are afraid might be uncovered if he stays in office. We believe he should be given another four years in which it is hoped that he will have a few more cooperative city council, and we predict some better things for the city.

The way council has acted in the past year stands as no recommendation that they are very big men and under these conditions it would seem time for the defeat of all those councilmen who are seeking reelection.

One man in the present council race that certainly deserves the vote in the primary Tuesday is W. Ralston Westlake. He is a Republican and has enough intestinal fortitude to vote for those things that are good for Columbus rather than as he is directed by someone behind the scenes.

Westlake is the son of the late Milton W. Westlake who served well in council for 14 years, as well as a county commissioner. The son can and will make a record in public service equal to that of his well liked father.

Columbus needs new talent in city council. W. Ralston Westlake is well qualified to serve the city well.

Starting Our 39th

This week marks the start of the 39th year of continuous publication of The Hilltop Record.

These many years have seen many changes in the Record, all of which have been in keeping with the growth of the area we serve. These changes and growth of the paper have been especially noticeable in recent years. We predict even greater growth in years to come.

With the growth of this community and on the start of our 39th year we can merely pledge that the Record will continue to be the best possible community newspaper for a fine community.

"Help us find the dog which bit my grandson," asked a Hilltop grandmother Tuesday.

Mayoralty And Council Election Draws Many To Non-Partisan Primary Ballot

Columbus' Chief Executive Lives In Quiet Hilltop Neighborhood

On a quiet suburban street in Columbus lives the mayor of the third largest city in Ohio. Mayor M. E. "Jack" Sensenbrenner has a two-story frame house with a big yard "for the kids," he said. Though his children are now in college many of the neighborhood youngsters love to play in the Sensenbrenner yard, at 235 Guernsey-av, the mayor confessed.

The mayor's wife, Mildred, active in promoting the junior church for youngsters, has enjoyed watching the progress of her two sons. Edward, 21, is a graduate of Ohio State University with the highest of honors in 1954. Now he is back at school for his master's degree and army commission. Edward's wife, Lois, takes care of their daughter, Kay, who is eight months old.

A younger son, Richard, 18, is a freshman at Ohio University in Athens.

Asked to Serve

For many years before he was asked to serve Columbus as mayor by representatives of both the Republican and Democratic parties, Mayor Sensenbrenner had been very active in Boy Scout work. As he stated, "I have held every Boy Scout office from the ground up since 1914." He developed the first Scout troop at Wayne and Broadst., which is now the Camp Chase Post troop. The mayor is still working with youth in Scout work and with the Camp Fire Girls.

The work of the Big Brothers Association appealed to the mayor before he was called to political office. He is a big brother for a youngster in Columbus.

Outstanding among the various services he offers to his community is the spiritual guidance he gives to over 150 persons who regularly attend an adult Sunday school class at the Hoge Memorial Presbyterian Church, where he has conducted the same class for more than 15 years, one of the largest in the city.

Previous Employment

A variety of work experiences have given the mayor a strong background and have helped him to recognize the need for good city government, he said.

Before Mayor Sensenbrenner moved to Columbus in 1934, he worked with the Los Angeles Times as a reporter and advertising agency salesman. He also was employed by the Shell Oil Co. He started in as a ditch digger, but quickly climbed the ladder of job openings in the company until he became operator of the gas still which produced the end product—gasoline.

Mayor Sensenbrenner worked with the State Civil Service for 19 years as chief clerk and investigator.

Still active in the Hilltop Kiwanis Club, the mayor is a past president. He urged parents to help children in schools with booster clubs. The chief executive of Columbus is past president of the West Hi Boosters.

Mayor Jack Sensenbrenner's home life is considerably different than it was before becoming the city's chief executive. While always an active man in civic affairs in the community and never too busy to devote an unlimited amount of time to Boy Scouts, Camp Fire Girls and church work, he was previously able to enjoy many quiet evenings at his own fireside.

The mayor, who likes to boast he has seldom been defeated in anything he ever endeavored, now devotes practically every waking hour of his day to city affairs o attending to the requests that he appear

Learn About Cancer Free

Men's and women's organizations in Franklin County are being offered ready-made educational programs for next year's meetings, according to George J. Kienzle, president of the Franklin County Unit of the American Cancer Society.

"We are trying to reach everyone in the county," Kienzle says, "and we are anxious to serve any organized group. We have sound movies available which are very interesting; Cancer Society leaders are available for talks. Groups which normally meet in the afternoons might be interested in making a tour of the Columbus Cancer Clinic."

"These programs," Kienzle continued, "are free. All we want is a chance to explain to residents who support us through United Appeals, to learn what can be done about cancer. We know that early diagnosis and treatment can save thousands of lives right here in Columbus, but we feel there are not enough individuals who realize cancer will strike one of every four persons now living. We want them to realize this and to know what can be done about cancer when it strikes."

Organizations or groups wishing to learn more about the programs being offered can get complete information from Paul L. Walker, executive secretary of the Franklin County Unit, at CA. 4-5514, or by writing him at 181 S. Washington-blvd.

REACHING UPWARD—Westgate Methodist Church, 348 E. Brinker-av, has gained new dignity and stature with the recent addition of the tower and the steel roof beams. Plans call for the erection soon of a solid brass cross atop the tower. The cross will be four feet and four inches tall, with cross-arms 25 inches from tip to tip. The four-way cross will look the same from any direction, whether east, north, west, or south. The rose window on the south wall is 10½ feet in diameter. The contract for stained glass windows planned for the church has been approved by the official board. Russell Heiney of Westerville will execute the windows. (Record Photo)

12 Seek Council, 3 For Mayor

Hilltoppers will help decide a three-way battle for two nominations for mayor in the Tuesday, May 3, primary and help determine which eight of the 12 candidates seeking seats in City Council will actually be in the running in November.

Mayor M. E. "Jack" Sensenbrenner, a Hilltopper living at 235 Guernsey-av, will be the standard bearer for the Democrats as he seeks re-election.

On the other side of the political fence, Councilman Jerry Spears Jr., funeral director, also a Hilltopper, of 2999 Fremont-st, is the unendorsed GOP aspirant for the mayoralty race. Councilman Joseph R. Jones, attorney, 368 Crestview-rd, is seeking the mayoralty nomination with the full blessing of the Republican organization.

While the primary election is non-partisan, the campaign is conducted along party lines. Four of the eight Council nominees will be elected in November.

Two Hilltop candidates are in the race against nine others and one write-in council aspirant, W. Ralston Westlake and Russell D. Drake will find opposition fairly heavy.

A review of the aspiring 12 to the council follows:

Controversial Left Turn Ban Mis-quoted

A controversial ban on left turns at W. Mound and S. Central-ave was mis-quoted in an article which appeared on the front page of The Hilltop Record last week. Traffic going west on W. Mound-st will be able to make a left turn south on S. Central-av.

Traffic Engineer Jack [illegible] informed the Record this week that several newspapers were given the wrong impression by a misquoted statement. There is no reason to stop the normal flow of south-bound traffic from making the left turn at Mound and Central, the engineer pointed out.

A left turn ban has been placed on all south bound traffic on S. Central-av from turning left onto W. Mound-st to go east.

Problems Of Love Solved In West High Class Play

By Marilyn Shroyer

Do you have a love problem? If so, Mrs. Bennet is just the person to solve it for you. For it seems she was a real whiz at it in the early 1800's as you will be able to understand after you see the West High School Senior Class Play "Pride and Prejudice."

The unusual Bennet family is composed of Mr. and Mrs. Bennet, played by Larry Nafzger and Janice Underwood; their five daughters, gentle Jane, independent Elizabeth, studious Mary, fretful Catherine, and flirtatious Lydia. These parts are portrayed by Judy Williams, Dorothy Casteel, Gayle Lamb, Yvonne Birkhead, and Sheila Albery, respectively.

Supporting Cast

The supporting cast consists of friendly Lady Lucas and her sensible daughter Charlotte, portrayed by Barbara Moore and Janet Reid; a friendly young man, Mr. Bingley, and his snobbish sister Miss Bingley, a Mr. Darcy, and his overbearing dowager of an aunt, Lady Catherine de Bourgh. These people are played by Jim Bodenheimer, Nancy Holloway, Bill Greene, and Ruth Tepping, respectively.

Other supporting roles are Mr. Collins, the pompous young clergyman, who is Mr. Bennet's cousin and will someday own Longbourne, Mr. Bennet's estate, Gary Darby; Mr. Wickham, a young officer and the top suitor, [illegible] Martins. Carey [illegible] are played by Bonny Brant as Wickham, and Karen Reber and Carol Tomale as the maids.

Five debutantes to marry or [illegible] Was ever a mother more put upon as Mrs. Bennet? Jane the sweet-tempered beauty of the family is not apt to prove a problem. Flirtatious Lydia elopes with a penniless, but handsome young officer. But Elizabeth is so critical that her good looks hardly count.

When her clergyman cousin comes to court her, she brushes him off without a second chance. Mama is frantic! Then Jane falls deeply in love with the wealthy Mr. Bingley, (a real catch), and it looks as if an affair is possible between Elizabeth and Mr. Bingley's friend Mr. Darcy. But Mr. Darcy is a proud young man, and is shocked by Mama's vulgar attempt at match-making. He not only whisks off to London, [illegible] takes Mr. Bingley with him — before he is ensnared.

Jane Heart-Broken

Jane is heart-broken and away until she becomes ill. Elizabeth is enraged that such an injustice should be done to dear, sweet Jane. And then Mr. Darcy comes back to propose to Elizabeth "against his better judgement." She promptly tells him "No" and berates him for taking Mr. Bingley away and breaking Jane's heart. But the deep attraction between Elizabeth and Darcy triumphs over the pride of one, and the prejudice of the other and both couples are re-united. With this Mrs. Bennet is more than delighted to think that three of her daughters are married. Now her thoughts turn to Catherine and Mary for whom she has yet to find a man.

This well-known three-act romantic comedy is under the direction of Miss Evelyn Hall. The student directors for this outstanding production are Marilyn Shroyer, Ruth Loechler, and Yvonne Presti, a student teacher from Ohio State.

The entire cast assures you of its being one of the most tremendous plays ever presented at West High School, and urges you to keep May 6 free on your calendar, and to be at the West High Auditorium by 8 p. m. to see "Pride and Prejudice."

PVT. JOHN E. ALLEN is shown repairing the track mechanism on an armored vehicle at Camp Desert Rock, Nev. Participating in the army's Exercise Desert Rock VI, Pvt. Allen is among 300 soldiers who will watch an atomic explosion and then move toward Ground Zero as a part of a tactical armored task force. Allen, son of Mr. and Mrs. George B. Allen, 428 Larcomb-av, is a rifleman in the 510th Armored Infantry Battalion's Company L at Camp Irwin, Calif.

Call The Fire Department To Check Homes For Hazards

The best time to call the fire department is before the fire, says Fire Chief W. G. Strickfaden.

Chief Strickfaden explained that fire hazards in the home can be controlled through good housekeeping practices and the members of the fire department will be happy to assist any householder who wants to learn exactly what's safe and what's not.

He urged householders to take advantage of the department's home inspection offer now, during Spring Clean-Up Week, May 2-7.

Chief J. H. Cassell, Bureau of Fire Prevention, explained that the purpose of home inspections is to uncover fire hazards, not to hunt out violations of regulations. The fire inspector making on inspection determines what hazards exist and recommends ways of eliminating them in order to protect the house and its occupants.

The inspection is voluntary on the part of the householder, Chief Strickfaden said, and it really pays off.

Let's stop all home fires before they start and a good time to begin is during this year's Spring Clean-Up Week.

The only persons who can stop the wasteful destruction caused by fires in the home are the people who live there, the chief emphasized. "Let's all get behind this fine campaign and keep our city free from the terror of fire."

Want Ads Bring Amazing Results

Mr. W. F. Wenger of 140 Blanshard-blvd is another person who is sold on the results this paper's Want Ads bring.

A long-time resident of the Hilltop, Mr. Wenger has used Want Ads in this paper many times over the years. He says, "I'm still amazed, even though I expect lots of replies at the pulling power of your Want Ads." "Even better," he says, "it's usually the first person or second who calls that buys."

If you have something to buy, sell, or trade, let the Want Ads do the job. The cost is low, the results will please you. Call JO. 6444 or HI. 4-6262 today and a courteous Want Ad taker will help you word your message.

Your ad will reach more than 120,000 persons who have the money to buy.

TEEN TROUBLES

by
John Douglas, M.D. and Mary Douglas

Question: How late should a date last?

Answer: It depends upon your age, what, you're planning to do, the customs of your group and the opinion of your parents.

Naturally, the younger you are, the earlier you should come home.

If it's a dance, you'll stay later than if it's a movie, etc.

In our town somebody had a dance from 10 to 2 a. m. Afterwards, the young people put their heads together and decided they would rather begin earlier and come home earlier. Of course, anybody should know that 2 a.m. or 1 a.m or even midnight is too late for the early teens. In this instance, since the parents didn't seem to know any better, the youngsters took the situation in hand and corrected it to suit themselves.

Sometimes young people tell me they would like to go home earlier, but feel they can't say anything because everybody else is staying later. When this happens, the smart thing is to talk it over with your friends and decide upon a time limit. Keep in mind the wishes of your parents and your need for enough sleep.

Discuss your plans with your parents ahead of time. Then you can come to a friendly agreement with them as to when you should be home.

Then, just before you and your date leave the house, tell them again where you will be and what time you will be back.

Your date will appreciate this because he wants to know when he is expected to get you home. How is he to know unless you tell him?

If something happens to detain you or change your plans, go to the telephone and call your parents.

Janet Rogers Is Bride Of Charles Fisher, April 16

MRS. CHARLES W. FISHER

Miss Janet S. Rogers and Mr. Charles W. Fisher repeated their marriage vows on Apr. 16 in St. Aloysius Church. Rev. Ambrose Metzger solemnized the 9 a. m. service before an altar decorated with baskets of pompons and candelabra.

Escorted to the altar by her father, the bride is the daughter of Mr. and Mrs. Clayton B. Rogers, 81 S. Ogden-av and the bridegroom's parents are Mrs. B. C. Gillilan, 1094 Bellows-av and Mr. Al Fisher.

Chantilly lace and nylon net over satin fashioned the floor-length bridal gown, fashioned with a basque bodice of lace applied with scallops on satin, stand-up collar and long lace sleeves. Her bouffant net skirt was enhanced with two wide panels of appliqued lace and was worn over satin and a hoop skirt.

A Juliet cap oflace trimmed with pearls held her fingertip veil of illusion and she carried an arrangement of white carnations.

Miss Connie Coulson served as maid of honor for her cousin. Her princess-style gown was fashioned of crystalette with lace ruffles. She wore a crown headpiece and carried a bouquet or orchid gladiolas with [illegible].

Mrs. Lucille Nelson, bridesmatron; Miss Beverly Hays, bridesmaid and Miss Teresa Rogers, junior bridesmaid and sister of the bride, wore matching flowered crystalette gowns with formal bodices, bolero jackets and full skirts worn over hoops. Their bouquets were of pink gladioli with matching streamers.

Mrs. James Esselstein served as bestman and wedding guests were seated by Mr. Joseph Redd and Mr. Larry Rogers, brother of the bride.

The mother of the bride chose a close print gown with navy accessories and a corsage of pink carnations. The bridegroom's mother wore a beige frock with matching accessories and a corsage of pink carnations.

Mrs. Mary Shipley, Mrs. Mary Howell and Miss Martha Gunn were hostesses for the reception held immediately following the ceremony at the home of the bride's parents.

The new Mrs. Fisher was graduated from West High School and is employed in the production department at Westinghouse. Her husband graduated from Central High School and is also employed at Westinghouse.

Following a wedding trip to Pennsylvania and West Virginia the couple is at home at 75 S. Ogden-av.

Mrs. Nichols Is Write-In Candidate

Seeking nomination in Tuesday's primary election for a seat on city council is Constance Nichols. She is a "write-in" candidate endorsed by the Franklin County Democratic Executive Committee.

Mrs. Nichols is a graduate of Ohio State University with a BS degree in business administration with a major in public accounting. She worked as assistant cashier in the office of the state treasurer, assistant examiner for the state auditor and was auditor for the federal government during World War II.

She says her knowledge of accounting makes her especially qualified for a seat on city council in view of the budget and financial problems which have beset the city for the past years. Furthermore she maintains that the presence of a woman on city council will be a steadying influence in the face of the "hot-heads" who have apparently forgotten that their first duty is to the citizens of Columbus and not to any political party.

Since her name will not be on the ballot, it will be necessary to write in the name of Constance Nichols. Those from the first through the eleventh wards will use voting machines. Sample ballots explaining exactly how the write in on these machines can be done, are in circulation.

IT MAY BE OLD FASHIONED!

I remember back fifty years ago when mother had words of wisdom to fit every occasion, and she said them so often you couldn't forget such as—

A good example is worth a thousand arguments.
Many hands make light work.

A stitch in time saves nine.
A rolling stone gathers no moss.
There is no excellence without great labor.

Cleanliness is next to Godliness.

Mrs. Nichols Is Write-In Candidate

Seeking nomination in Tuesday's primary election for a seat on city council is Constance Nichols. She is a "write-in" candidate endorsed by the Franklin County Democratic Executive Committee.

Mrs. Nichols is a graduate of Ohio State University with a BS degree in business administration with a major in public accounting. She worked as assistant cashier in the office of the state treasurer, assistant examiner for the state auditor and was auditor for the federal government during World War II.

She says her knowledge of accounting makes her especially qualified for a seat on city council in view of the budget and financial problems which have beset the city for the past years. Furthermore she maintains that the presence of a woman on city council will be a steadying influence in the face of the "hot-heads" who have apparently forgotten that their first duty is to the citizens of Columbus and not to any political party.

Since her name will not be on the ballot, it will be necessary to write in the name of Constance Nichols. Those from the first through the eleventh wards will use voting machines. Sample ballots explaining exactly how the write in on these machines can be done, are in circulation.

IT MAY BE OLD FASHIONED!

I remember back fifty years ago when mother had words of wisdom to fit every occasion, and she said them so often you couldn't forget such as—

A good example is worth a thousand arguments.
Many hands make light work.

A stitch in time saves nine.
A rolling stone gathers no moss.
There is no excellence without great labor.
Honesty is the best policy
Cleanliness is next to Godliness.

'Professors Of Harmony' Sing-Up Community Functions

Every time you attend a community luncheon or dinner, what is the feature act? The odds are in favor of the spotlight feature being West High School's own "Professors of Harmony."

The Professors recently entered SPEBSQSA contest at Capital University, and received the second prize of $150. The boys have sung at various city-wide functions this past year. Although the boys will be graduating in June, they plan to continue singing as a group.

The group is composed of Bob Sutton, bass, 17 years, son of Mr. and Mrs. M. E. Sutton, 186 Binns-blvd. Bob plans to attend Ohio State after graduation, and has been a member of the West High Boys' Quartet for the past two years. He works at Westhill Drugs, and his hobby is puttering around with cars. He formerly attended Columbus Boychoir School.

Bob Baus, baritone, 17 years old, son of Mr. and Mrs. R. E. Baus, 213 N. Chase-av. Bob has not decided what he is going to do upon graduation. YOUR HILLTOP BRANCH LIBRARY

Latest Books For Parents And Gardeners, Among New Additions

By Mildred Phalor
Branch Librarian

The controvery continues. "Why Johnny Can't Read, and What You Can Do About It," is the latest book in this bewildering argument. Rudolf Flesch states in his preface that the teaching of reading is too important to be left to educators. Therefore this book is directed toward the parents in an effort to give them a book which they can use to help their children learn to read. Is your Johnny progressing satisfactorily in reading? In any event this is an interesting approach to the question of phonics. Parents should be informed on the matter.

Just in time for the garden enthusiast is Leonard Wickenden's "Gardening With Nature." Another controversial book, this authority advocates natural methods of growing fruits, flowers and vegetables. His theories are developed in chapters telling "how soil can be prepared by composting and use of organic matters; how young plants may be protected against insects, etc., and brought to maturity." This must be for the "green thumb" gardener.

In direct opposition is Pascal Pirone, plant pathologist, New York Botanical Garden. The subtitle of his book, "Modern Gardening," is "A Complete Guide of the Agricultural Uses of Modern Chemistry's Miracle Drugs." Theme of the book is, of course, use of safe chemicals in gardening.

Bergen Evans, moderator of the TV program, "Down You Go," has a new book which debunks modern superstitions and beliefs. "The Spoor of Spooks" is the catchy title. A book to read at short sittings.

"The Saturday Evening Post Treasury" is a collection of the best stories which have appeared in the weekly magazine over a period of years. Also of interest are colored cuts of many covers and advertisements that have appeared. Authors of the featured stories are well known in literary circles.

"Atoms for Peace," by David Woodbury, is a book offering welcome relief from the atomic warfare angle of the A bomb. Woodbury has coordinated the information now available on the possibilities of using nuclear power for improvement of our daily lives, in medicine, agriculture and industry.

Jane Abbott has written another family story, "The Open Way." The author has spun a tale of emotion, love and faith. "The Dowry" by Margaret Culkin Banning, also falls into the domestic category and is quite modern in its theme of a working wife.

Other new titles added this week to the shelves of the Hilltop Branch Library are "Your Deafness Is Not You," by Grace Murphey; "Johnny Appleseed, Man and Myth," by Robert Price; "The Road to Damascus," by John O'Brien; "ABC of Natural Childbirth," by Barbara Geib; "Home Freezers," by Geral Stout.

Library hours are 1 p.m. through 9 p.m., Monday through Friday, and on Saturday, 9 a.m. through 9 p.m.

The second week in May has been set as the time for the Girls' Athletic Association initiation. The traditional week of pranks and initiation stunts has been eliminated, but there will still be one night of "rough house." This year, new members chose their "big sisters."

Redick Promises Needed Lighting At Westgate Park To Community Council

Representatives of the civic improvement committee of the Hilltop Community Council appeared before City Council at the Monday evening meeting to ask once again for proper lighting in Westgate Park.

The representatives reminded City Council of the request made by the committee in October, 1954 that lights be installed around the new shelterhouse and the area in front of the parking lot to insure safety of groups using the park.

Service Director Floyd C. Redick assured the representatives that the lights would be installed before summer activities of community groups begin at the park.

The popular teen dances of last summer will be repeated again this summer under the sponsorship of the Hilltop Community Council. They will again be under the direction of West High Y Teen and Hi-Y Club members.

These dances, made possible by cooperation of the Hilltop Community Council, the Y groups, and Glenwood Recreation Center, were well-attended and well-planned affairs last year. Plans for this summer's dances will be completed and announced in the near future.

and then call the parents if the baby is choking, Miss Pepoon counsels. In case baby is hurt, call the physician which the parents have designated, then call the parents.

A good babysitter should know the general floor plan of the house, location of the light switches and phone, and where the baby's clothes and bottles are kept.

Some general do's and don'ts are to keep the outside doors locked and not open them for strangers. The phone line should be kept open for important calls since babysitting is really a business transaction like any other job.

Miss Pepoon says babysitters will be more relaxed and develop a better sense of humor if they keep in mind the difficulties children have and learn to adjust to the children's environment. A good point to remember is to be tolerant, she adds.

Sedgwick Seeks Re-election To City Council

An incumbent indorsed for re-election by the Republican organization, Roland A. Sedgwick, is making his first bid for public office. The 56-year-old attorney and banker was appointed to council early in 1953. He lives at 56 Orchard-ln.

Sedgwick, who is chairman of the council finance committee, has campaigned on a balanced budget, reduction of bond issues and no new taxes. He has served as an officer in the Columbus Post No. 32 of the American Legion, Masonic Orders, Columbus and Ohio State Bar Associations and many other civic groups. He is a member of the 19th Ward Republican Club.

Hilltop YWCA Groups To Sponsor Bake Sale

The Hilltop YWCA committee, Y-Teens and the Y-Deltas will sponsor a bake sale Saturday, Apr. 30 at two locations, Seiller's Department Store and Buckeye Lang Dry Cleaners, 3018 Sullivant-av.

Donations will be received by the committee chairman, Mary Onstott, JO. 7814, and by Mrs. E. E. McNamee, JO. 7831.

After man is created, the heavenly choir closes the sixth day with song divine.

3 MINUTES LEFT
Time flies. It's later than you think. The egg glass here gives us only three minutes. It is time for serious thought, final preparation. Neither your station in life nor your bank account will exalt you to God. This is inventory time, Mister. When have you been on your knees, or to church, or helped those in need? All the cattle, oil wells, uranium mines in the world won't put you on good terms with the "Man Upstairs." When time is running out, when the end draws nigh, worldly goods won't mean a thing. Then you'll want what the church stands for, your family, and things eternal... you'll want God. Why not let Christ captain your soul? You may have three minutes left.

How Do You Measure Love?
"You cannot love without giving." True love always gives its best to the one it loves. God loved you so much that He gave His Son, Jesus Christ to die in your place. "God commendeth His love toward us, in that while we were yet sinners, Christ died for us." Rom. 5:8

of anti-rabies inoculations.

While at play Sunday near his grandmother's home a blond cocker spaniel dog bit him on the hip. The dog has been seen in the neighborhood before, said Mrs. Keffer. She indicated that it might have a rabies immunization tag on its collar.

According to health department authorities her grandson, who lives at 830 E. 3rd-st will not have to undergo the inoculations if the dog is located and has been immunized or is found to be free from rabies.

INDIAN SIGN

I'd cheerfully put the Indian sign
On neighbors who say, "Now if
that kid were mine—".

LET ME FEED THE BABY, DEAR

He said "Let me feed the baby, dear;
Fix the dish and bring it here.
You get to do it every day—
This suit needs cleaning anyway!"

POINTERS FOR SITTERS

Memorize these rules before you watch the little dears:
Never give a baby a knife or pair of shears.
He may bite the points off, or nick beyond repair
By pounding on the stove leg, the table top or chair.
A razor, too, is risky because he's apt to dull it,
Or the thing may find its way down his greedy gullet.
Needles, pins and buttons are little, but he might
Eat too many of them and spoil his appetite.
Electric cords, when bitten on, cause fire through a spark
Or maybe blow the fuses and leave you in the dark.
Never let a youngster fall from swing or bed—
He may break the flooring with his darling head.
It isn't wise to give the kiddies too much lye to drink.
You can't tell when you'll need it for the bathroom or the sink.
Be sure to hide the matches; never once forget
That they aren't very useful with tips all chewed and wet.
Baby-sitting is a job that must be done just so,
So that parents can enjoy a concert or a show.

From Cottontown, Tenn.: I have the farming fever today and wanted to try to drive the tractor and pull a tiller. When I lived in Columbus I didn't even know what a tiller is but I do now since we bought this mountain-side farm. My husband won't let me, he says it is too dangerous—that the tractor might turn over on the hillside. Since I can't farm I've been hanging out blankets and the feather bed to sun, but I wanted to do something that seems more important than housework. Guess I'll take up gardening. I didn't know there were any feather beds any more—I thought they were like the dodo) . . . From Rochester, Wash.: I read in the Seattle Times some time ago that an Ohio couple wrote to Governor Langlie saying they were worried about rumors that a move was under way to tear down the 140-odd covered bridges in the state. The governor told them there is no program to tear down the bridges and that there are still 387½ covered bridges; not 140. The one-half of that total is the result of one bridge being on the Ohio-Indiana boundary, with each state owning half.

A Report To The People

For 16 months the people of Columbus have been aware of a battle between Mayor M. E. Sensenbrenner and the present City Council. This continued fight at city hall has attracted more than a passing interest and the public is rightfully exclaiming 'It must stop!'

The fight between the mayor and council has been the result of an order sent down from those who pull the puppet strings of city council to 'Get Sensenbrenner' and on every turn council has attempted to do just that even at the expense and detriment of the City of Columbus.

When Mayor Jack Sensenbrenner took office he declared that he would not be controlled. Because a powerful combine had such a tight control on city hall for so many years, and now this contral was lost, and because the mayor was now in a position to expose the shortcomings of past administrations as well as those of the present city council, the word went out to persecute the mayor at every turn despite the resulting injury to the City of Columbus and costs to the taxpayers.

Next Tuesday, May 3, the people of Columbus have an opportunity to take steps to settle this fight at city hall. Your vote for Sensenbrenner is a vote to break this powerful control over city government. Your vote for either of the other candidates for mayor or any of the present councilmen is a vote to return the city hall to the control of those who pull the puppet strings.

Listed here are just a few of the many obstacles that have been placed in the mayor's road in the past 16 months.

Council, by emergency ordinance, in 1948 created the office of Finance Director for the previous administration. Ten days before Mayor Sensenbrenner took office council repealed this ordinance thereby denying the city of the services of an essential division of government. On repeated occasions they have turned down the mayor's request for such an assistant even in the face of such a recommendation by research groups and business people.

Council spent $50,000 for a survey to determine the best location for added sewerage disposal facilities urgently needed to make the South Side an even more attractive home section, then appropriated $1300 to make an appraisal of the land decided upon. Legislation was brought in to appropriate $18,500 for the purchase of the land. Suddenly council brushed aside the findings of the engineers and discarded the plan with a net loss of over $50,000 to the city. An additional unknown amount spent by the Regional Planning Council has also gone for naught. The city is now facing a $1300 lawsuit by the property owner in question.

In this same matter council suddenly decided to try to purchase the property in question for "recreational purposes" but did so without the recommendation of the city recreation commission who objected on the grounds that it was totally unfit for playgrounds or parks.

Council took a backward step when they approved the 40 foot home lot ordinance which the mayor vetoed and then council passed it over his veto. Shortly thereafter one of the present candidates for mayor said "We've had our fun with the mayor," then passed the 60 foot ordinance that the mayor had recommended.

The auditor and council has repeatedly refused to comply with the request of the mayor to make recommendations and changes in his proposed expenditures for operations of the general fund divisions for 1955.

Council has refused to make it possible to bring the police force up to a bare minimum of 400 men as requested by the mayor although the FBI standards for a city of this size would be a minimum of 500 men.

In November, 1953, the voters authorized establishment of the office of utilities director and the mayor appointed Dr. Ivan Ulrey, a very capable man, to fill this position. Shortly thereafter council wastefully engaged a $100 a day man over the mayor's veto to work on the transportation franchise thus duplicating the efforts of the utilities director.

Council interfered with the executive branch of the government in attempting to put the city markets on a business like basis. This opposition also prevented the administration from bringing the markets up to minimum health and safety standards set by the city.

One of the present mayoralty candidates recently sought to have 5 percent or more of the land in new development areas set aside for parks, with utter disregard for advice from the planning commission that such a plan is not feasible.

The opposition refused to cooperate with the mayor in making changes in Civilian Defense personnel even though they have since been removed by the head of Franklin County Civilian Defense, Mayor George Wing of Worthington, after admitting to being political ward workers while under Civil Service.

City Council appropriated and authorized the expenditure of $500,000 in excess of income in 1954 and the auditor illegally certified these encumberances. Council and the auditor's office have incorrectly accused the mayor of creating a deficit for 1954 for which he is not responsible.

Council has cut $50,000 from the 1955 recreation department budget and has thus further delayed bringing about recommendations made in the 1947 Batchelor survey.

Council approved the Kroeger survey which resulted in increasing the city salaries bill by some $900,000 per year but failed to provide the money with which to pay the increases.

Council tried to block the appointment of Service Director Floyd Rodick. He was later accepted after considerable public sentiment showed its opposition to council's stand.

Opposition fought the appointment of William L. Lehman as chief building inspector.

Opposition fought the dismissal of the Workhouse Superintendent after two men died in "the hole" at the prison farm.

Council staged a mock gambling investigation even though the records showed there was less gambling than existed in Columbus for ten years. This was done in a campaign timed to embarass Governor Lausche.

Council passed an ordinance making it legal to park cars on sidewalks—against state and city laws—which was vetoed by the mayor.

Council cut the budget for the self sustaining meat inspection division against the recommendation of the Board of Health. This was a violation because the division is authorized to run on money paid in for meat inspections. Council made this decision after sending a private detective to spy on city employes.

The wisdom of the mayor is attested in the fact that he opposed the plan of City Council to purchase the Red Bird stadium for $500,000. The mayor contended that baseball in Columbus should be operated by private interests which has since come to pass and the city is proud today of the fine organization of the Columbus Jets.

The mayor inaugurated a new program of reporting to the people on the condition and activities of the city in weekly television programs and has been willing at all times to subject himself to the questioning of the public.

More than 27 miles of new streets were built in the city in 1954. More streets were repaired in 1954 than in any previous year.

The Columbus traffic safety record in 1954 was the best in history with 31 fatalities for an all time low. The record was established even though the city has grown rapidly and is continuing to grow in population and area. This record was made despite the fact the police department had only 340 patrolmen.

The administration has had remarkable success in expediting the building of Hoover Dam and associated filtration plants, the Inner and Outer Belt Highways, the Long Street Parking Garage, new and extended water and sewer lines and street lighting programs.

The Sensenbrenner administration, upon taking office, found that the tremendous expansion of Greater Columbus was choking the central city. Mayor Sensenbrenner immediately ended the give-away programs of previous administrations regarding water and sewer facilities.

He decided that those who sought extended water and sewer privileges must share in the cost, and so the administration froze all water and sewer permits to outside areas unless they came into the city.

This policy has resulted in the annexation of some 3000 acres to the city of Columbus in 1954. The Sensenbrenner administration, by following this line, has demonstrated its desire to lay the solid foundations for good planning. The annexations were assisted and expedited by the County Commissioners.

Under the heading of traffic transportation and parking these things have been accomplished:

1. Hastened adoption of five cent half hour parking meter rates which has increased the turnover rate at parking meter spaces and relieved the shortage of downtown parking spaces.

2. Hastened the adoption of plans for relocating the wholesale produce center and relieving the traffic bottleneck in the Central Market area.

3. Studied the use being made of city-owned off-street parking lots and preparation of plans for acquisition of more and better use of off-street parking lots.

4. Plans are now being laid for better bus service on main thoroughfares. This requires elimination of on-street parking during peak hours, the installation of a progressive traffic light system and the use of more off-street parking facilities.

5. Left hand turns have been eliminated on Broad Street and one-way traffic street systems installed on the West Side and other busy thoroughfares of the city. Needs for more traffic lights at dangerous intersections have been filled as limited finances permitted.

Established over-all Park Board to coordinate all parks and recreation activities. Proposed the $1½ million bond issue for recreation expansion approved by the voters. This will benefit every section of the city. More persons used the city's recreation facilities in 1954 than at any time in city history. There were a minimum of complaints.

Early in 1954, Mayor Sensenbrenner arranged a cooperative plan between Parks and Recreation Departments so that manpower could support more efficiently the maintenance of our recreation areas.

The administration found work lagging on the new Raymond Memorial Golf Course and early in the year the target date of July 31 was fixed for completion. On this date, play began on the beautiful course.

Mayor Sensenbrenner's administration acted vigorously upon taking office to halt the erosion of our city. Despite the persecution of Chief Building Inspector William Lehman, a fearless man, by vicious powers, the building department established a record for slum cleanup.

In one year it issued 610 orders against deteriorating buildings. Of these, 478 were completed. This compares with only 178 orders issued and 81 completed by the previous administration. Ninety-seven orders left over from 1953 were cleaned up providing a grand total of 575 orders completed in 1954. This means the Sensenbrenner administration did four times as much work. Orders for condemnation totaled 251 with 169 completed in 1954, comparing with only 79 by the previous administration.

Mayor Sensenbrenner ordered the issuance of illegal rooming house permits halted. A successful campaign was begun against unvented, death-dealing gas heaters. Faulty construction was exposed all over the city and stopped within the limits of inadequate personnel.

The administration also worked with the Columbus Home Builders Association and the Real Estate board in rehabilitation programs. All in the face of tremendous opposition by powerful local financial interests.

Whiz Kids Take Glenwood Senior Boys In Bout Title

The Whiz Kids triumphed over Whips on Tuesday, Apr. 19, to become Glenwood Recreation Center's representative in the inter-center volleyball tournament which will be held at Glenwood May 3, 4 and 5.

The two teams were formerly tied for the league leadership with three wins and one loss apiece.

The first game of the play-off match was won easily by the Whiz Kids 15-3. The second game saw Whips come back to down the Whiz Kids 15-7. The third and deciding game was a real thriller from start to finish.

The teams stayed neck and neck right up until the score reached 14-14. At this point the Whiz Kids received the ball and served two consecutive points to win the match.

Members of the Whiz Kids include Don Brown, manager, Gary Erlenbach, George Eichenberger, Don Plummer, John Davis, Bill Spratley, Tom Armentrout.

The inter-center volleyball tournament will be held at Glenwood on May 3, 4 and 5.

20-Day Spring Racing Meeting Begins May 7th

A 20-day spring meeting will begin on Saturday, May 7, at Beulah Park, according to an announcement by Robert J. Dienst, president and general manager of the park.

Tom Sanford, Monte Weil and Ted Stribling will occupy the stewards' booth with C. K. Keller serving as paddock judge. T. J. Brown will be the official starter and the mutuel plant operation will be managed by George Reverman.

The opening day card will consist of nine races with the inaugural purse billed as the feature race. It will be a six-furlong event. A 2:30 p.m. post time has been established for the entire meeting.

A new clubhouse, twice the size of the original structure, offers a number of unusual features, including a carpeted dining room, new mutuel windows on the second floor, mahogany paneling and the walls are hung with back-lighted racing scenes in full color. A new clubhouse parking lot is another addition to the park.

Patrons can enter directly into the clubhouse from the fenced, surfaced parking lot. A third new feature is the installation of a new odds board in the centerfield. This is a complete "tote" board, of the latest American Totalisator design. It is two and one-half times larger than the former board.

New Adult Craft Class Offered At Glenwood

Glenwood Recreation Center is offering a new arts and crafts class that will be open to adults every Thursday from 7:30 to 9:30 p. m.

Men and Women who are leaders in Cub Scouts, Camp Fire Girls, Boy Scouts and other leadership positions may be interested in the many new arts and crafts ideas that they will be able to use in their work with boys and girls.

For further information, call Sally Lucke, supervisor at Glenwood Recreation Center, RA. 7418.

Teen Club Holds Volleyb'll Game, Pizza Party

The members of Glenwood Recreation Center's Teen Club held a volleyball game Saturday, Apr. 23. After the game was played, the boys and girls had a picnic lunch together.

On Monday evening after the Teen Club meeting, the members of Teen Club had a pizza party and a record dance. Barbara Timmins was in charge of the committee which planned the pizza party and also ordered the food and notified the members about arrangements for the party.

Teen Club holds its meetings every Monday at 7:30 p.m. Teen-age boys and girls wishing to join this club are invited to attend the next club meeting at Glenwood Recreation Center.

Four Seventh-Day Adventist Youth Attend Conference

On Tuesday, May 3, all of the 8th, 9th, and 10th grade graduates of the Seventh-day Adventist Church grade school and public schools are invited to attend "Academy Day" at the church's Academy in Mount Vernon, O.

Four college-age youth of the Eastwood Seventh-day Adventist Church left Sunday for Washington, D. C. to attend the annual "Senior Day" program of the Washington Missionary College held there this week.

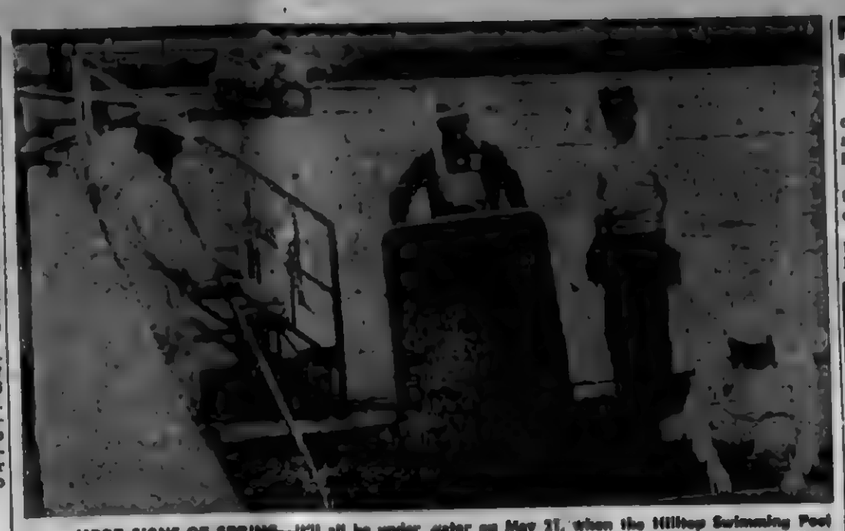
They are: Helen Johnson, Marjorie Kent, Lawrence Malone, 157 S. 17th-st, and Edna Merrick, 126 W. Rich-st. Pastor Richard T. Minesinger and E. J. Barnes, educational secretary of the Ohio Conference of Seventh-day Adventists, accompanied these and other youth from Ohio who plan to attend this college next fall.

Plan Pathfinder Festival May 1st

About 150 youth and adults from the Columbus and Worthington Seventh-day Adventist churches plan to attend the Pathfinder Festival to be held Sunday, May 1, from 10 a. m. to 4:30 p. m. at the Mt. Vernon Academy and Knox County Fair Grounds in Mt. Vernon, O. Nearly 1000 are expected to attend this festival from all over Ohio.

Twenty Pathfiner Clubs will be represented. The program will be similar to the Boy and Girl Scout Jamborees. These Pathfinder Clubs engage in activities in nature study, first aid, handicrafts and campcraft. They are sponsored by the Missionary Volunteer Societies of the Seventh-day Adventist Church.

Fifteen of the youth of the local Seventh-day Adventist grade school at Union and Ryan-avs. have received Junior Red Cross First Aid Certificates. A team of eight of these will put on a first aid demonstration at this festival. They will be outfitted as civilian defense workers.



The program is under the direction of Warren N. Wittenberg, youth leader of Ohio. Others attending will be Harvey Kinkead, Martha Ruth, Patty Moore, Nancy Abbott and Marilyn Neal from the Hilltop.

Robert Morris, OES, To Honor Men Members

Robert Morris Chapter will observe Men's Night Tues., May 3, 7:30 p. m.

Degrees of the order will be conferred on a class of men and the 46 Club will be honored.

Entertainment will be in charge of the Associate Patron, Cranston Williams. He will present a group from Worthington High School Music Department, under the direction of Mrs. Jean Williams, music supervisor. Refreshments will be served. All Eastern Star members are invited.

MORE SIGNS OF SPRING—It'll all be under water on May 21, when the Hilltop Swimming Pool opens for the summer, but right now, workmen are in the midst of repairing damage caused by Winter's ice and normal wear and tear of the past year on the pool. Owner Bob Case, second from right, looks on as workmen replace a section of the pool's concrete bottom. Annual reconditioning of the pool usually takes about six weeks, according to Case, who will be operating the pool for his 12th season this summer. (RECORD Photo)

Mothers, Daughters Of Westgate Church Honored At Banquet

Mrs. Raymond Bastian is planning the evening's program, including a group of the Indian Guides from the Y, with songs and Indian dances. Mrs. Joseph Price will be the soloist and there will be recognition of the oldest mother, the youngest mother, and the mother with most daughters present.

Mrs. Louis Christy is chairman of the decorations, and Mrs. Paul Leighninger and Mrs. Richard Peyton are in charge of the gifts. Reservations for the evening may be made with Mrs. Bastian, JO. 5977 or any of the circle leaders. All women, whether members or friends of the church are welcome.

West Parents To Visit Mac-a-Cheek Castle

Mother's Day is "coronation day" in every American family . . . the day Mom is crowned "Queen of Hearts" by all her loving subjects. Let's show Mother how much she really means to us by the thoughtfulness with which we choose the tokens of our devotions. Let's give Mother what she really wants most (but would never dream of buying for herself!) Let's make her eyes shine, her heart sing. Let's remember Mother's Day in a way she'll never forget!

"BEGINNER'S LUCK"—Part of the catch taken by a party of [illegible] off Hillsboro Inlet, near Ft. Lauderdale, Fla., last week. The group included two members of the West Franklin Kiwanis Club, L. G. "Zip" Mansfield, left, and Jimmy Ryan. Prize catch, the 20-pound, five-foot 11-inch [illegible], was hooked by Ryan in the Gulf Stream. It was the first such fishing excursion for both local men.

Let's Operate Our City On A Business Basis Says
Walter J. Shapter
Candidate For
City Council

"Next Tuesday the voters will have an opportunity to nominate candidates for city council.

"It is seriously important to Columbus that capable business men be elected to council this year. The bickering and petty political approach that has been injected into the city business in the past 15 years by the present council must stop.

"People have lost confidence in city government. It can be restored by injecting business like methods into the operation of the city.

"I believe my business background qualifies me for a place on council and if elected I pledge myself to the restoration of confidence in the city government."

WALTER J. SHAPTER, Candidate for City Council
Pol. Adv. 112 Aldrich Rd.

Westlake Seeks Council Election With A Vital Interest In Government

SMILE PRETTY and the W. Ralston Westlake family of 3294 W. Broad-st had their picture taken for The Hilltop Record. Westlake is seeking election to the Columbus City Council and is on the Republican ticket in the Tuesday, May 3, primary election. Shown, left to right, Marilyn, Diane and David; seated, Westlake and his wife, Helen. (Record Photo)

A rare individual to find among those seeking election to the city council is a man who is vitally interested in promoting a program of government with an interest in the people's safety, welfare and recreation. Such a man is W. Ralston Westlake, seeking election for the first time, a Republican candidate.

He has successfully operated the Westlake Ruby Glass Works at 3294 W. Broad-st for 30 years.

Past Experience Qualifies Him

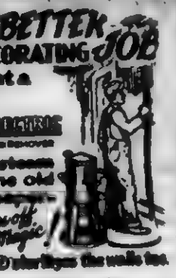
He has stated time and again, "I feel qualified from experience and background gained by successfully operating my own business and as a businessman and father of three children that I can adequately serve on the city council."

For many years Westlake has traveled all over the United States and has done business with many cities of comparable size to Columbus, he said. In seeking permission to market the glass product which he manufactures Westlake has come in contact with governmental administrators in these cities and has seen how they operate. This has helped him to gain a wide knowledge of governmental policy, he stated.

Westlake said he has made a careful study of all the major issues affecting the voters in Columbus. The son of a former councilman of 14 years standing and eight years as county commissioner, W. Milton Westlake, the council aspirant has seen city government from every phase and has an extremely active interest in the affairs of the city.

The candidate's son, David Westlake, now a second year student at Ohio Wesleyan University, has been firmly attracted to political programs. While still in West High School he formed a teen-age Republican club for Franklin County. He was called to serve the Republican party in Chicago during the Robert Taft electioneering period.

Family Businesses Successful



Westlake's wife, Helen, works with her husband in their glass plant and handles most of the accounting and production work not handled by himself. The two daughters, Diane, in the ninth grade at West High School, and Marilyn, in sixth grade at West Broad Street School, also work with their family business helping to make it successful, which it has been for 30 years.

The family are active members of St. John Lutheran Church. Westlake is a member of the Hilltop Business Association, West Gate Lodge Masons, Scottish Rite and other school and civic groups.

An enterprising family, four years ago they opened the Westlake Motor Court on W. Broad-st and it has proven to be an excellent and prosperous venture.

Returning to the political picture, Westlake pointed out that some of the hardest workers on his campaign are Democrats. In studying the problems of government over the years and reading over the referendums and proposals presented by the council to the city, he has become well aware of the needs of the city and the issues of the day, he asserted.

"I am ready to offer my services to the people of Columbus as a city councilman and know that with my background and training I will be able to give them sincere, honest and conscientious government," Westlake affirmed.

IT HAPPENED IN FRANKLIN COUNTY

Lincoln Visited Franklin County In 1861 Enroute

On Feb. 18, 1861 Abraham Lincoln, enroute to Washington, D.C. for the inaugural ceremonies, visited Columbus, where he was enthusiastically received by Franklin County citizens, and was officially welcomed by the Ohio Legislature. Four years later, on Apr. 29, 1865, the rain soaked streets of Columbus were lined with grief-stricken, anxious, frightened citizens. Promptly at 7:30 a. m., the thunder of an artillery piece, the clatter of cavalry, and the tolling of bells announced the arrival of the funeral cortage of the martyred President.

Between the two events the sectional issue, which, for 40 years, had clouded national, state, and local politics had been settled on the field of battle.

The citizens of Franklin County, although not always agreeing with the war aims of the Lincoln administration, had contributed substantially to the war effort.
